El Patólogo. Parte I: Memento Mori Max Kroennen 2021-10-06 A los doce años, Nicholas Goering sobrevivió milagrosamente a un disparo en la cabeza perpetrado por su propio padre, después de que este matara a su madre y se suicidara sin motivo aparente. Veinticinco años más tarde, ahora convertido en un referente de la Patología Forense en el prestigioso hospital de la ciudad sajona de Heimstadt, el misántropo doctor tendrá que lidiar con el caso más extraño de su carrera: el cuerpo de su padre ha aparecido en perfecto estado de conservación colgado como en el día de su muerte y le han colocado los órganos internos de distintas personas. El recientemente ascendido y temperamental detective Matías Vandergelb, quien desprecia al patólogo, y la ambiciosa psiquiatra Angélica Grunnewald, quien, por el contrario, está obsesionada con él, serán los encargados de intentar resolver el rompecabezas humano en una carrera contrarreloj. Memento Mori es la primera entrega de la trilogía.

An Earl In Time (a Regency Fairytale Romance) Ruth Ann Nordin Willow Knudson just inherited an English estate that she intends to sell. There are two problems. One, she's unable to sign the contract, and two, she can't even leave the property. She's not superstitious by nature, but common sense tells her something strange is going on. In 1817, Julian Azazel, the Earl of Blackwell, went to his country estate to tend to his father's funeral. That evening a missive came from a stranger warning him that when the clock struck midnight, he was going to be cursed to relive the same day. He laughed it off and threw the missive in the fire. Two centuries later, he's no longer laughing. The curse is real. From before they were born, Willow and Julian were destined to meet on June 17, 1817. Willow had assumed wealthy and titled gentlemen would be snobs, but Julian turns out to be the kindest person she's ever met. And even better, he's more attractive in person than he was in his portrait. It's enough of a temptation to convince her to stay in the past forever. At long last, the aching loneliness that has plagued Julian's life for centuries is at an end. Not only is there someone who understands what he has been going through, but she's far lovelier than he recalls any of the ladies in London being. But isn't it selfish to ask a lady from another time to give up everything to live under a curse with him? The path to happy endings can get complicated, especially when magic is involved. This fairytale romance features a dark villain, a curse, fairies, a hero who is an earl from the Regency era, and a heroine from modern times. People who enjoy Grimm's fairy tales and romance will enjoy this tale of true love conquering the darkest of curses. Please note: This is a standalone book. It is not part of a series.

The University and Urban Revival Judith Rodin 2015-12-04 In the last quarter of the twentieth century, urban colleges and universities found themselves enveloped by the poverty, crime, and physical decline that afflicted American cities. Some institutions turned inward, trying to insulate themselves rather than address the problems in their own backyards. Others attempted to develop better community relations, though changes were hard to sustain. Spurred by an unprecedented crime wave in 1996, University of Pennsylvania President Judith Rodin knew that the time for urgent action had arrived, and she set a new course of proactive community engagement for her university. Her dedication to the revitalization of West Philadelphia was guided by her role not only as president but also as a woman and a mother with a deep affection for her hometown. The goal was to build capacity back into a severely distressed inner-city neighborhood—educational capacity, retail capacity, quality-of-life capacity, and especially economic capacity—guided by the belief that "town and gown" could unite as one richly diverse community. Cities rely on their academic institutions as stable places of employment, cultural centers, civic partners, and concentrated populations of consumers for local business and services. And a competitive university demands a vibrant neighborhood to meet the needs of its faculty, staff, and students. In keeping with their mission, urban universities are uniquely positioned to lead their communities in revitalization efforts, yet this effort requires resolute persistence. During Rodin's administration (1994-2004), the Chronicle of Higher Education referred to Penn's progress as a "national model of constructive town-gown interaction and partnership." This book narrates the challenges, frustrations, and successes of Penn's campaign, and its prospects for long-term change.

A Drop Too Many Major General John Frost 2008-12-15 No one who has read of Arnhem can have failed to have been inspired by gallantry of the 2nd Parachute Regiment, which held the north end of the key road bridge over the Rhine not for 24 hours for which it was equipped, but for 3 days and 4 nights. Commanded by the then Lt-Col Frost, they beat off repeated armoured and infantry assaults by far greater numbers, until forced out of the ruined and burning positions by losses, lack of ammunition, and the failure of the whole Arnhem operation. Their sacrifice stands as one of the most heroic defences of all time. General Frost's story is, in effect, that of the battalion. His tale starts with the Iraq Levies and goes on the major airborne operations in which he took part - Bruneval, Tunisia, Sicily, Italy, Arnhem - and continues with his experiences as a prisoner and the reconstruction of the battalion after the German surrender. Though written with modesty and humour, the book is shot through with the fire and determination of the fighting soldier, and throws important new light on many controversies, not only those of Arnhem.

Lyrics of a Small Town Abbi Glines 2021-07-16 One last thing, if you do fall in love with him, please go slowly. Be careful. Trust your gut and know not all things are easy. Damaged things can become beautiful if they're placed in the right hands. -Love, Gran A small town where pickup trucks rule, the farmer's market is bigger than the grocery store, and just about everyone goes to church on Sunday is the last place Henley Warren expects to find herself three months after her grandmother's death. But Gran left a list of things she needed Henley to do after she died, and fulfilling those wishes means spending a summer in the same place her mom fled from when she was only seventeen years old. With each task that is ticked off the list, events are set in motion that uncover secrets surrounding Henley's life. Although Henley may have arrived on the shores of Alabama's Gulf Coast feeling alone and lost in a world without her Gran, things soon change. The small town holds more than she realized- including a broody, gorgeous, potentially dangerous guy who is always showing up when she needs him the most. Henley fears her heart isn't ready to trust someone so unpredictable but he makes her feel things deeper than she thought possible. So, when Henley discovers the twisted, dark world he is living in, will it be too late to save her heart? Or has her heart been beyond saving from the moment he stepped out of his truck on that very first day?

The Path to Salvation Saint ?eofan (Bishop of Tambov and Shatsk) 1996

Ethics and Politics in Modern American Poetry John Wrighton 2010 From the Objectivists to e-poetry, this thoughtful and innovative book explores the dynamic relationship between the ethical imperative and poetic practice, revitalizing the study of the most prominent post-war American poets in a fresh, provocative way. Contributing to the "turn to ethics" in literary studies, the book begins with Emmanuel Levinas's philosophy, proposing that his reorientation of ontology and ethics demands a social responsibility. In poetic practice this responsibility for the other, it is argued, is both responsive to the traumatized semiotics of our shared language and directed towards an emancipatory social activism. Individual chapters deal with Charles Olson's The Maximus Poems (including reproductions of previously unpublished archive material), Gary Snyder's environmental poetry, Allen Ginsberg's Beat poetics, Jerome Rothenberg's ethnopoetics, and Bruce Andrews's Language poetry. Following the book's chronological and contextual approach, their work is situated within a constellation of poetic schools and movements, and in relation to the shifting socio-political conditions of post-war America. In its redefinition and extension of the key notion of "poethics" and, as guide to the development of experimental work in modern American poetry, this book will interest and appeal to a wide audience.

Of Gods and Monsters John T. Soister 2015-09-18 While Universal's Dracula and Frankenstein (both 1931) have received the most coverage of any of the studio's genre releases, it is the lesser known films that have long fascinated fans and historians alike. Starting with The Last Warning, a 1929 movie released as both a silent and a talkie, Universal provided a decade of films that entertained audiences and sometimes frustrated critics. Each of Universal's horror, science fiction and "twisted mystery" films receives an in-depth essay for each film. The focus is first on the background to the making of the movie and its place in the Universal catalog. A detailed plot synopsis with critical commentary follows. Filmographic data for the film conclude the entry. Universal's The Shadow short film series is covered in an appendix. Many rare illustrations and movie posters are also included.

Eternal Colonialism Russell Benjamin 2010-02-03 This book examines 'eternal colonialism,' which describes policies designed by the Western world and United States to keep most of the world in a permanently subordinate political, economic, social, and military state. The authors argue that colonialism beginning in the fifteenth century never ended, but developed different forms over time.
