Indonesian Cinema Center for Research in Culture and Communication Krishna Sen 1994 Indonesia's quasi-military dictatorship has sought since 1965 to mould Indonesian society into a male-oriented, capitalist, Javanese-dominated national framework. Cinema and television are the most closely-controlled mass media in Indonesia, and films for mass consumption have played an important role in the government's vast socio-political engineering project. Krishna Sen describes the background and present-day Indonesian film industry and explores how the country's society and history are represented in its film

culture. From a critique of four films, she concludes that Indonesian cinema privileges the military against the civilian, the middle class against the popular classes, and men against women. Backed by careful documentation from cinema literature, this is a radical, in-depth perspective on film - its implications, its vulnerability to manipulation and its artistic and propagandist value.

Popular Hits of the Showa Era: A Novel Ryu Murakami 2011-01-31 From the author of Audition, a wickedly satirical and wildly funny tale of an intergenerational battle of the sexes. In his most irreverent novel yet, Ryu Murakami creates a rivalry of epic proportions between six aimless youths and six tough-as-nails women who battle for control of a Tokyo neighborhood. At the outset, the young men seem louche but harmless, their activities limited to drinking, snacking, peering at a naked neighbor through a window, and performing karaoke. The six "aunties" are fiercely independent career women. When one of the boys executes a lethal ambush of one of the women, chaos ensues. The women band together to find the killer and exact revenge. In turn, the boys buckle down, study physics, and plot to take out their nemeses in a single blast. Who knew that a deadly "gang war" could be such fun? Murakami builds the conflict into a hilarious, spot-on satire of modern culture and the tensions between the sexes and generations.

Apostle Tom Bissell 2016-03-01 A profound and moving journey into the heart of Christianity that explores the mysterious and often paradoxical lives and legacies of the Twelve Apostles—a book both for those of the faith and for others who seek to understand Christianity from the outside in. “Expertly researched and fascinating... Bissell is a wonderfully sure guide to these mysterious men.... This is a serious book about the origins of Christianity that is also very funny. How often can you say that?” —The Independent Peter, Matthew, Thomas, John: Who were these men? What was their relationship to Jesus? Tom Bissell provides rich and surprising answers to these ancient, elusive questions. He examines not just who these men were (and weren't), but also how their identities have taken shape over the course of two millennia. Ultimately, Bissell finds that the story of the apostles is the story of early Christianity: its competing versions of Jesus's ministry, its countless schisms, and its ultimate evolution from an obscure Jewish sect to the global faith we know today in all its forms and permutations. In his quest to understand the underpinnings of the world's largest religion, Bissell embarks on a years-long pilgrimage to the supposed tombs of the Twelve Apostles. He travels from Jerusalem and Rome to Turkey, Greece, Spain, France, India, and Kyrgyzstan, vividly capturing the rich diversity of Christianity's worldwide reach. Along the way, he engages with a host of characters—priests, paupers, a Vatican archaeologist, a Palestinian taxi driver, a Russian monk—posing sharp questions that range from the religious to the philosophical to the political. Written with warmth, empathy, and rare acumen, *Apostle* is a brilliant synthesis of travel writing, biblical history, and a deep, lifelong relationship with Christianity. The result is an unusual, erudite, and at times hilarious book—a religious, intellectual, and personal adventure fit for believers, scholars, and wanderers alike.

Sesajen Cinta ratwul20 2020-02-22 Sudah tidak zamannya lagi wanita menangis, galau, dan gagal move

on kalau cintanya ditolak pujaan hati. Menurutku wanita seperti itu sudah seharusnya dimusnahkan dari muka bumi, supaya kaum laki-laki tidak semakin besar kepala dan merasa diri mereka sangat penting sampai wanita harus rela membuang air matanya untuk menangisi kaum laki-laki. Bagiku, kalau cinta ditolak mungkin sudah waktunya wanita harus menggunakan cara lebih halus untuk menaklukkan kaum laki-laki, contohnya dengan datang ke dukun atau paranormal supaya kami bisa merapalkan jampi-jampi atau mantra di depan tungku berisi arang dan kemenyan. Seperti pepatah yang dulu sering aku dengar saat pelajaran bahasa Indonesia. Cinta ditolak dukun bertindak. Tapi benar kata pepatah lama kalau hidup itu tidak semulus paha artis Korea. Aku pikir dengan menggunakan sesajen atau dukun aku akan dengan mudah membuat laki-laki yang aku cintai menjadi tergila-gila, semuanya akan berakhir indah seperti cerita novel yang selama ini aku baca. Tapi, ternyata itu awal bencana di hidupku. Tidak ada kebahagiaan abadi kalau kebahagiaan itu ternyata dimulai dari cara licik dan palsu. Ini kisahku untuk mendapatkan cinta laki-laki dengan cara tidak biasa dan apa jadinya kalau ternyata dukun yang memberiku jampi-jampi dan mantra ternyata orang yang tidak pernah aku duga jati dirinya. Tamat sudah riwayatku.

Strategic Management of Human Capital in Education Allan R. Odden 2011-03-01 Strategic Management of Human Capital in Education offers a comprehensive and strategic approach to address what has become labeled as "talent and human capital." Grounded in extensive research and examples of leading edge districts, this book shows how the entire human resource system in schools—from recruitment, to selection/placement, induction, professional development, performance management and evaluation, compensation, and career progression—can be reformed and restructured to boost teacher and principal effectiveness in ways that dramatically improve instructional practice and student learning. Strategic Management of Human Capital in Education guides educators towards putting more effective teachers, teacher leaders, and principals in the country's schools—especially in poverty-impacted urban and rural communities—equipping those teacher and principals with instructional and leadership expertise, and rewarding and retaining those who are successful in attaining these objectives. Drawing from cases, experiences, and deliberations from a national task force, this book outlines a comprehensive framework for how to transform current human resource management practices into authentic, strategic talent management systems in order to improve student achievement.

You Were Wrong Matthew Sharpe 2010-09-05 Meet Karl Floor: friendless, motherless, put-upon, living with his loudmouth stepfather and pretending to take satisfaction from teaching high school math. Karl returns home one day to discover his apartment being robbed by a beautiful woman named Sylvia. So begins a strange and mostly inadvertant saga: Karl, now in love with this unexpected woman, finds himself introduced to her friends and family, making promises to her, defending her honor (which she definitely has) against assailants (which she only might have). Sylvia is devastatingly attractive, and caught up in a situation that Karl, bless his heart, does his best to understand. As he gets pulled further into her life, and begged to solve her problems, Karl also begins to see his own limitations. Confronting his confusing paternal situation, his issues with class and responsibility, Karl emerges as an ingeniously funny, memorable, and heartwarming anti-hero. Matthew Sharpe addresses his heady themes with warmth and charisma. You Were Wrong is a lovingly satiric, intelligent, and deeply enjoyable novel with a voice all its own.

acclaimed film, *The Mistress In The Wild Geese*, prominent Japanese novelist Ogai Mori offers a poignant story of unfulfilled love, set against the background of the dizzying social change accompanying the fall of the Meiji regime. The young heroine, Otama, is forced by poverty to become a moneylender's mistress. She is surrounded by skillfully-drawn characters—her weak-willed father, her virile and calculating lover (and his suspicious wife), and the handsome student who is both the object of her desire and the symbol of her rescue—as well as a colorful procession of Meiji era figures—geisha, students, entertainers, unscrupulous matchmakers, shopkeepers, and greedy landladies. Like those around her, and like the wild geese of the titles, Otama yearns for the freedom of flight. Her dawning consciousness of her predicament brings the novel to a touching climax.

Hate Spin Cherian George 2016-09-23 How right-wing political entrepreneurs around the world use religious offense—both given and taken—to mobilize supporters and marginalize opponents. In the United States, elements of the religious right fuel fears of an existential Islamic threat, spreading anti-Muslim rhetoric into mainstream politics. In Indonesia, Muslim absolutists urge suppression of churches and minority sects, fostering a climate of rising intolerance. In India, Narendra Modi's radical supporters instigate communal riots and academic censorship in pursuit of their Hindu nationalist vision. Outbreaks of religious intolerance are usually assumed to be visceral and spontaneous. But in Hate Spin, Cherian George shows that they often involve sophisticated campaigns manufactured by political opportunists to

mobilize supporters and marginalize opponents. Right-wing networks orchestrate the giving of offense and the taking of offense as instruments of identity politics, exploiting democratic space to promote agendas that undermine democratic values. George calls this strategy “hate spin”—a double-sided technique that combines hate speech (incitement through vilification) with manufactured offense-taking (the performing of righteous indignation). It is deployed in societies as diverse as Buddhist Myanmar and Orthodox Christian Russia. George looks at the world's three largest democracies, where intolerant groups within India's Hindu right, America's Christian right, and Indonesia's Muslim right are all accomplished users of hate spin. He also shows how the Internet and Google have opened up new opportunities for cross-border hate spin. George argues that governments must protect vulnerable communities by prohibiting calls to action that lead directly to discrimination and violence. But laws that try to protect believers' feelings against all provocative expression invariably backfire. They arm hate spin agents' offense-taking campaigns with legal ammunition. Anti-discrimination laws and a commitment to religious equality will protect communities more meaningfully than misguided attempts to insulate them from insult.
