Corporate Responsibility and Human Rights Jide James-Eluyode 2019-12-15 In *Corporate Responsibility and Human Rights*, Jide James-Eluyode provides a comprehensive analysis of critical human rights developments and topical issues and trends in corporate social responsibility practices. James-Eluyode examines how corporate entities fulfill their responsibility to respect human rights in general and indigenous peoples' rights in particular. Given the momentous impact of corporate projects and recent developments in the area of international human rights, James-Eluyode contends that the establishment of a universally-binding, corporate code of conduct is inescapable, and concludes that respect for human rights by corporations is not simply a discretionary moral or binding legal matter but a bottom-line issue.

Ethics and Professional Issues in Couple and Family Therapy Megan J. Murphy 2016-10-04 *Ethics and Professional Issues in Couple and Family Therapy, Second Edition* builds upon the strong foundations of the first edition. This new edition addresses the 2015 AAMFT Code of Ethics as well as other professional organizations' codes of ethics, and includes three new chapters: one on in-home family therapy, a common method of providing therapy to clients, particularly those involved with child protective services; one chapter on HIPAA and HITECH Regulations that practicing therapists need to know; and one chapter on professional issues, in which topics such as advertising, professional identity, supervision, and research ethics are addressed. This book is intended as a training text for students studying to be marriage and family therapists.

Ethical Issues in Business Thomas Donaldson 1983

Social and Personal Ethics William H. Shaw 2014 **SOCIAL AND PERSONAL ETHICS** provides students with a sound introduction to ethical theory and contemporary moral issues through engaging readings on today's most hotly debated topics. Among other topics, coverage includes environmental ethics and animal rights, the limits of personal liberty, war and the struggle against terrorism, marriage and sexual morality, the death penalty, gun control, and abortion and euthanasia. The volume begins with two introductory essays written for beginning students by the editor, William H. Shaw, on the nature of morality and competing normative theories. These are followed by five other essays on ethical theory by classical and contemporary authors. The book's next 12 sections explore a wide-range of real-world ethical issues. In all, the book is composed of 53 articles (11 of which are new to this edition). To ensure that the text is as accessible as it is relevant, Shaw has edited every article with an eye toward readability, provided introductions and study questions before the essays, as well as review and discussion questions after them, and highlighted key passages to help students focus on important points and concepts.

Engineering Management C. M. Chang 2016-11-25 *Engineering Management: Meeting the Global Challenges* prepares engineers to fulfill their managerial responsibilities, acquire useful business perspectives, and take on the much-needed leadership roles to meet the challenges in the new millennium. Value addition, customer focus, and business perspectives are emphasized throughout. Also underlined are discussions of leadership attributes, steps to acquire these attributes, the areas engineering managers are expected to add value, the web-based tools which can be aggressively applied to develop and sustain competitive advantages, the opportunities offered by market expansion into global regions, and the preparations required for engineering managers to become global leaders. The book is organized into three major sections: functions of engineering management, business fundamentals for engineering managers, and engineering management in the new millennium. This second edition refocuses on the new strategy for science, technology, engineering, and math (STEM) professionals and managers to meet the global challenges through the creation of strategic differentiation and operational excellence. Major revisions include a new chapter on creativity and innovation, a new chapter on operational excellence, and combination of the chapters on financial accounting and financial management. The design strategy for this second edition strives for achieving the T-shaped competencies, with both broad-based perspectives and in-depth analytical skills. Such a background is viewed as essential for STEM professionals and managers to exert a strong leadership role in the dynamic and challenging marketplace. The material in this book will surely help engineering managers play key leadership roles in their organizations by optimally applying their combined strengths in engineering and management.

Business Ethics and Corporate Governance Fernando A.C. 2010-09

Opportunities and Pitfalls of Corporate Social Responsibility Shame Mugova 2019-05-30 This book addresses key aspects of corporate social responsibility (CSR) and explores them from a variety of perspectives in a case study on the Marange diamond mines in Zimbabwe. The business case of the Marange mines is presented to demonstrate the challenge of practicing social responsibility while considering and balancing the needs of a developing nation, environmental protection, community involvement and international business. Lessons learned from the case study will help business leaders and strategists in developing countries and multinational corporations to better understand and employ CSR principles so as to enhance sustainability and social impact. Further, the book provides a unique combination of academic, industrial and local approaches.

Business Ethics, Seventh Edition Joseph W. Weiss 2021-11-23 The seventh edition of this pragmatic guide to determining right and wrong in the workplace is updated with new case studies, exercises, and ancillary materials. Joseph Weiss's *Business Ethics* is a pragmatic, hands-on guide for determining right and wrong in the business world. To be socially responsible and ethical, Weiss maintains, businesses must acknowledge the impact their decisions can have on the world beyond their walls. An advantage of the book is the integration of a stakeholder perspective with an issues and crisis management approach so students can look at how a business's actions affect not just share price and profit but the well-being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss includes twenty-three cases that immerse students directly in contemporary ethical dilemmas. Eight new cases in this edition include Facebook's (mis)use of customer data, the impact of COVID-19 on higher education, the opioid epidemic, the rise of Uber, the rapid growth of AI, safety concerns over the Boeing 737, the Wells Fargo false saving accounts scandal, and plastics being dumped into the ocean. Several chapters feature a unique point/counterpoint exercise that challenges students to argue both sides of a heated ethical issue. This edition has eleven new point/counterpoint exercises, addressing questions like, Should tech giants be broken apart? What is the line between free speech and dangerous disinformation? Has the Me Too movement gone too far? As with previous editions, the seventh edition features a complete set of ancillary materials for instructors: teaching guides, test banks, and PowerPoint presentations.

Wealth, Commerce, and Philosophy Eugene Heath 2017-06-02 *Humanomics in business ethics* / Deirdre N. McCloskey -- Introduction / Eugene Heath and Byron Kaldis -- Wealth and commerce in archaic Greece: Homer and Hesiod / Mark S. Peacock -- Aristotle and business: friend or foe? / Fred D. Miller, Jr -- Confucian business ethics: possibilities and challenges / David Elstein and Qing Tian -- The earthly city and the ethics of exchange: spiritual, social, and material economy in Augustine's theological anthropology / Todd Breyfogle -- Thomas Aquinas: the economy at the service of justice and the common good / Martin Schlag -- The ethics of commerce in Islam: Ibn Khaldun's Muqaddimah revisited / Munir Quddus and Salim Rashid -- Hobbes's idea of moral conduct in a society of free individuals / Timothy Fuller -- John Locke's defense of commercial society: individual rights, voluntary cooperation, and mutual gain / Eric Mack -- As free for acorns as for honesty: Mandevillean maxims for the ethics of commerce / Eugene Heath -- "Commerce cures destructive prejudices": Montesquieu and the spirit of commercial society / Henry C. Clark -- Hume on commerce, society, and ethics / Christopher J. Berry -- The fortune of others: Adam Smith and the beauty of commerce / Douglas J. Den Uyl -- Why Kant's insistence on purity of the will does not preclude an application of Kant's ethics to for-profit businesses / Norman Bowie -- Tocqueville: the corporation as an ethical association / Alan S. Kahan -- J.S. Mill and business ethics / Nicholas Capaldi -- Karl Marx on history, capitalism, and ... business ethics? -- William H. Shaw -- Friedrich Hayek's defense of the market order / Karen I. Vaughn -- The power and the limits of Milton Friedman's arguments against corporate social responsibility / Alexei Marcoux -- Beyond the difference principle: Rawlsian justice, business ethics, and the morality of the market / Matt Zwolinski -- Commitments and corporate responsibility: Amartya Sen on motivations to do good / Ann E. Cudd

International Human Resource Management Ibraiz Tarique 2022-01-31 The updated sixth edition of *International Human Resource Management* is an authoritative resource that focuses on international human resource management (IHRM) within multinational enterprises (MNEs). The book includes fifteen chapters with rich pedagogy students have come to expect and is organized into four sections: Strategic Context National and Cultural Context Global Talent Management Role and the Future of IHRM Each chapter has been designed to lead readers through key topics in a highly engaging and approachable way with learning goals, relevant data, exhibits, figures, vignettes, end-of-chapter case studies, discussion questions, up-to-date content, and numerous references. The sixth edition includes discussions on evolving IHRM topics such as international experiences and adult third culture kids, expanded analyses on health and safety statistics and global workforce analytics, as well as updated and revised illustrations, cases, references, and instructor resources. Uncovering precisely why IHRM is essential for success in international business and how IHRM policies and practices function within the multinational enterprise, this comprehensive textbook provides an excellent foundation for understanding the theory and practice of IHRM. It is essential reading for all students, instructors, and IHRM professionals.

The Cumulative Book Index 1922

Ecocide David Whyte 2020-09-01 We have reached the point of no return. The existential threat of climate change is now a reality. The world has never been more vulnerable. Yet corporations are already planning a life beyond this point. The business models of fossil fuel giants factor in continued profitability in a scenario of a five-degree increase in global temperature. An increase that will kill millions, if not billions. This is the shocking reality laid bare in a new, hard-hitting book by David Whyte. *Ecocide* makes clear the problem won't be solved by tinkering around the edges, instead it maps out a plan to end the corporation's death-watch over us. This book will reveal how the corporation has risen to this position of near impunity, but also what we need to do to fix it.

Responsibility, Ethics and Legitimacy of Corporations Jacob Dahl Rendtorff 2009 Business ethics, corporate social responsibility, corporate citizenship, values-driven management, corporate governance, and ethical leadership are necessary horizons for the legitimacy of corporations in the process of globalization. Based on hermeneutics and institutional analysis, this book discusses the place of values in corporations and the role of ethics in management. With the theories of business ethics as a starting point, it is possible to propose a vision of the good citizen corporation. The book presents theories, concepts of responsibility for stakeholder justice, and basic ethical principles of respect for autonomy, dignity, integrity, and vulnerability. This is the foundation for an analysis of the ethical relations to internal and external constituencies of the firm, i.e. shareholders, owners, investors, management, employees, consumers, and local community. The interaction with the environment is further analyzed with a focus on ethical principles as the basis for sustainability. This investigation culminates with the conceptualization of the firm as a collective and institutional moral agent. The content also includes analysis of concrete political developments in the US, Europe, and the United Nations. Finally, the book provides a framework for a new corporate strategy based on global business ethics.

Ethical Issues in Business Peg Tittle 2000-04-13 The core of this text comprises chapters on all the key issues of business in Canada today. Each chapter includes a hypothetical case study and an introduction highlighting key ethical points; two academic essays; and a real-life case study. Questions for discussion accompany the essays and case studies. The author has also included a general introduction to ethical issues and an overview of ethical theory; a section on institutionalizing ethics (discussing ethics officers/programs/codes etc.); and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian law.

Applying Care Ethics to Business Maurice Hamington 2011-07-29 *Applying Care Ethics to Business* is a multidisciplinary collection of original essays that explores the intersection between the burgeoning field of care ethics and business. Care ethics is an approach to morality that emphasizes relational, particularist, and affective dimensions of morality that evolved from feminist theory and today enjoys robust intellectual exploration. Care ethics emerged out of feminist theory in the 1980's and the greatest contribution to moral analysis among Women' Studies scholars. Today, feminists and non-feminist scholars are increasingly taking care ethics seriously. Applying care to the marketplace is a natural step in its maturity. *Applying Care Ethics to Business* is the first book-length analysis of business and economic cases and theories from the perspective of care theory. Furthermore, given economic turbulence and the resulting scrutiny of market practices, care ethics provides fresh and timely insight into ideal business values and commitments. In many ways, care ethics' emphasis upon connection and cooperation as well as the growth and well-being of the other make it appear to be the antithesis of the corporate character. Nevertheless, many contemporary theorists question if traditional moral approaches based on autonomous agents is adequate to address a shrinking and interconnected world—particularly one that is marked by global markets.

Applying Care Ethics to Business offers a unique opportunity to rethink corporate responsibility and business ethics.

Hegel's Moral Corporation Thomas Klikauer 2016-01-26 *Hegel's Moral Corporation* is about two versions of a corporation, one business oriented and dedicated to shareholder-value and profit-maximisation and one dedicated to moral life, Sittlichkeit, in Hegelian terms.

Grounding Leadership Ethics in African Diaspora and Election Rights Jean-Pierre K. Bongila 2013-10-10 The book exemplifies a comprehensive process of decision making from which various ethical leaders and particularly learners of leadership can find inspiration when facing such complex dilemmas as that of whether African expatriates ought to vote in their countries of origin. The examination of this issue from different ethical viewpoints and within the context of interdisciplinary perspective makes the methodology the book uses adaptable by anyone interested in the global consequences of globalization.

Public Integrity 2000

Business Ethics, 2/e A.C. Fernando 2013 *Business Ethics: An Indian Perspective* provides a comprehensive coverage of the theories of business ethics and emphasizes the importance of ethical principles in overcoming moral dilemmas in the business world. Using a large number of India-centric case studies and examples, this book helps readers develop the reasoning and analytical skills needed to apply ethical concepts to business.

Business, Innovation and Responsibility Sophie Pellé 2017-09-25 *Responsible Innovation*. For some, this expression is only an oxymoron or, worse, a means of masking with a sheet of virtue economic practices that would otherwise appear selfish and self-interested. For others, theorists and actors of innovation, this expression represents a formidable lever of action and a rich conceptual source from which to draw new ways of innovating. The articulation between different levels of norms – economic and ethical, to which we can add the legal dimension – is not new, and is the subject of an in-depth reflection, decades old, around the idea of Corporate Social Responsibility (CSR). By taking up some debates on CSR, most of which are foreign to the current authors of responsible innovation, this book examines the various justifications that CSR brings in order to convince economic players, subject to powerful market forces, of their responsible commitment. But these are not enough. The book also explores the specific contribution of the concept of responsible innovation to coping with the technological, social and political breakthroughs generated by innovation, and is based on philosophical resources such as the ethics of virtue and the

ethics of "care".

Identity Excellence Perry L. Glanzer 2022-07-18 While pursuing agreement in a pluralistic society, American higher education has reduced the human identities necessary for the moral formation it inherently provides. Consequently, it fails to supply moral expertise for living the good life. Identity Excellence addresses this problem by proposing an interdisciplinary theory of identity excellence.

Ethics for A-Level Mark Dimmock 2017-07-31 What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.

Business Ethics in Biblical Perspective Michael E. Cafferky 2015-08-19 Michael Cafferky sets a new standard in the field of business ethics with this comprehensive textbook from a Christian perspective. Using twelve biblical themes to evaluate contemporary ethical approaches and concerns, he covers consumer behavior, management, accounting, marketing, corporate responsibility and more.

Religious Perspectives on Business Ethics Thomas O'Brien 2007 In the first anthology of its kind, Thomas O'Brien and Scott Paeth have gathered unique pieces from across religious perspectives to illustrate the growing influence and contribution of religion to the field of business ethics. Events in the recent past make clear people in business urgently need to focus on the moral dimension of practices and behaviors.

Courses in business ethics are increasingly more prevalent in business schools and in departments of philosophy and religious studies, and yet texts for these courses normally pay scant attention to the much-needed religious perspective on what constitutes ethical practice and behavior. O'Brien and Paeth now fill that need with this new text! Tackling such wide-ranging subjects as Jewish environmental ethics, Zen in the workplace, and Christian social ethics, this text is a valuable addition to any business ethics course.

Yearbook of International University College 2014-09-22 This volume of the yearbook includes articles and reports from the 10th International Scientific Conference „Educational Management: Effective Practices“, 22-25th September 2014, International University College, Dobrich, Bulgaria.

Contemporary Issues in Business Ethics Mary W. Vilcox 2007 Business ethics is a form of the art of applied ethics that examines ethical rules and principles within a commercial context, the various moral or ethical problems that can arise in a business setting, and any special duties or obligations that apply to persons who are engaged in commerce. Business ethics can be both a normative and a descriptive discipline. As a corporate practice and a career specialisation, the field is primarily normative. In academia descriptive approaches are also taken. The range and quantity of business ethical issues reflects the degree to which business is perceived to be at odds with non-economic social values. Historically, interest in business ethics accelerated dramatically during the 1980s and 1990s, both within major corporations and within academia. For example, today most major corporate websites lay emphasis on commitment to promoting non-economic social values under a variety of headings (e.g. ethics codes, social responsibility charters). In some cases, corporations have redefined their core values in the light of business ethical considerations. Catching business ethics in action, however, remains a seldom-spotted nugget for in reality it depends on the characters of the characters.

Partnership Motives and Ethics in Corporate Investment in Higher Education Clevenger, Morgan R. 2021-06-25 The roles that corporate social responsibility (CSR) and business support of democracy play in American higher education are infrequently discussed, though very important. There are many ethical issues that concern both corporate interests as well as higher education, linking the two more than many would think. It is necessary to understand the environment, inter-organizational relationships, and documents holistically to observe the rich history, pluralistic American societal issues, and relevant milestones between corporate America and higher education. Partnership Motives and Ethics in Corporate Investment in Higher Education provides comprehensive documentation of business and corporate entanglements with higher education. This work discusses the historic journey of funding from business and U.S. corporate engagement in American higher education. Covering topics such as academy-business relationships, philanthropic partnerships, and transactional partnerships, this work is essential for professors, executives, managers, faculty, fundraisers, leaders in higher education, researchers, students, and academicians with interests in CSR, business ethics, and higher education.

Professions in Ethical Focus – Second Edition Fritz Allhoff 2021-04-05 This second edition of Professions in Ethical Focus comprises over seventy-five readings complemented by twenty case studies with corresponding discussion questions. These resources are organized into several thematic units, including "conflicts of interest," "honesty, deception, and trust," "privacy and confidentiality," and "professionalism, diversity, and pluralism." An alternative table of contents is also provided, identifying readings that bear on particular professions such as engineering, journalism, medicine, law, and policing. The book's introductory unit offers short selections from classic and contemporary ethical theory, including non-Western traditions. All of the readings have been introduced by the editors and carefully excerpted for relevance, always with the needs of student readers in mind.

Business Ethics: An Indian Perspective A. C. Fernando Business Ethics: An Indian Perspective introduces ethical concepts that are relevant to resolving moral issues in business. It sensitizes readers on ethical principles and develops reasoning and analytical skills needed to apply ethical concepts to business decisions. The book is interspersed with a lot of case studies, more specifically Indian scenarios making it relevant for Indian students. The chapter topics cover ethical theories underlying business, application of ethics in day-to-day business, ethics and the environment and ethics in consumer protection. It also features ethical issues in various managerial functions such as finance, human resource and marketing. A separate chapter on the IT sector specifically addresses the ethical dilemmas of today's upcoming industry.

Business Ethics in the Social Context Lisa Newton 2013-07-23 The book tracks the rise of Business Ethics as a discipline in the United States through a review of the basic understandings of the role of business practices in the operations of society, beginning with Aristotle and proceeding to a review of the formative concepts and cases in the history of American business.?

Governance Ethics in Healthcare Organizations Gerard Magill 2020-02-20 Drawing on the findings of a series of empirical studies undertaken with boards of directors and CEOs in the United States, this groundbreaking book develops a new paradigm to provide a structured analysis of ethical healthcare governance. Governance Ethics in Healthcare Organizations begins by presenting a clear framework for ethical analysis, designed around basic features of ethics – who we are, how we function, and what we do – before discussing the paradigm in relation to clinical, organizational and professional ethics. It goes on to apply this framework in areas that are pivotal for effective governance in healthcare: oversight structures for trustees and executives, community benefit, community health, patient care, patient safety and conflicted collaborative arrangements. This book is an important read for all those interested in healthcare management, corporate governance and healthcare ethics, including academics, students and practitioners.

Business & Society: Ethics, Sustainability & Stakeholder Management Archie B. Carroll 2022-03-21 Gain a solid understanding of the importance of business ethics, sustainability and stakeholder management using a strong managerial perspective within Carroll/Brown/Buchholtz's BUSINESS AND SOCIETY: ETHICS, SUSTAINABILITY, AND STAKEHOLDER MANAGEMENT, 11E. You discover, first-hand, how today's most successful business decision makers both balance and protect the interests of various stakeholders, including investors, employees, consumers, the community, and the environment. You learn how strong business decisions making skills are particularly critical as businesses navigate today's issues, such as climate change and a global pandemic. Updated chapter content and 34 timely cases examine the social, legal, political and ethical responsibilities of a business to all external and internal groups that have a stake or interest in that business. Ethics in Practice cases also provide opportunities to apply your skills. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics Richard H. Corrigan 2010-08 This book may be read continuously from start to finish and will, in itself, provide the reader with a comprehensive guide to the study of ethics. However, it can also be read as individual chapters that stand in isolation from the remainder of the book. In this way, it is possible to 'pick and choose' those areas that are pertinent to one's particular needs at the time of reading.

Undergraduates can therefore use it as a resource to support their lectures, assist essay writing and term papers and point them towards further reading materials. Written by experts, it covers the following areas: The History of Ethics, Animal Ethics, Business Ethics, Ethics of Care, Contractualism, Egoism, Environmental Ethics, Global Ethics, Kantian Ethics, Law and Rights, Normative Ethics, Utilitarian Ethics, Virtue Ethics and Ethics and Wellbeing.

Ebook: Managerial Economics and Organizational Architecture Brickley 2015-05-16 Ebook: Managerial Economics and Organizational Architecture

Organizational Ethics Craig E. Johnson 2021-01-12 We are constantly faced with ethical decisions, no matter what organizations we join. The ethical choices we make determine the health of our businesses, schools, government agencies, religious congregations, charities, and other institutions. Our ethical decisions also determine our career success or failure. Bestselling author, Craig E. Johnson, shows how we can develop our ethical competence, just as we develop our abilities to manage or oversee operations. Every chapter of Organizational Ethics: A Practical Approach, Fifth Edition provides readers with opportunities to apply ethical principles and practices in a variety of settings through self-assessments, analyses, projects, and discussion. Written in a reader-friendly style, each part of the book is layered around organizational behavior. The parts introduce moral theories used in ethical problem-solving; examines individual motivations; looks at the ethical dilemmas of groups, teams, and leaders as well as offers strategies for creating ethical cultures and promoting social responsibility. This book shows how readers can develop their ethical expertise and provides opportunities to practice problem-solving to defend their decisions. New to this edition Over 25 new case studies on current events such as the college admissions scandal, Jeffrey Epstein, and Dick's Sporting Goods stand on gun control 24 new self-assessments on topics such as ethnocentrism, ethical leadership, and social loafing New discussions of cross-cultural ethical conflict, moral maturity and attentiveness, meaningful work, dysfunctional customer behaviors, ethical leadership theory, team defensive routines, organizational virtue, gamification, social intrapreneurs, and social shareholder activism

Political Public Relations Jesper Stromback 2019-07-30 The second edition of Political Public Relations offers an interdisciplinary overview of the latest theory and research in the still emerging field of political public relations. The book continues its international orientation in order to fully contextualize the field amidst the various political and communication systems today. Existing chapters have been updated and new chapters added to reflect evolving trends such as the rise of digital and social media, increasing political polarization, and the growth of political populism. As a singular contribution to scholarship in public relations and political communication, this volume serves as an important catalyst for future theory and research. This volume is ideal for researchers and courses at the intersection of public relations, political communication, and political science.

Business Ethics: A Textbook with Cases William H. Shaw 2016-01-01 BUSINESS ETHICS, 9th Edition is a comprehensive and practical guide that will help you with real life ethical issues that rise in the business world. It will assist you through the process of developing the critical thinking and analytical skills needed to successfully navigate the unique set of problems that emerge when ethics and commerce collide. This book focuses on key ethical concepts and emphasizes the real world importance of critical topics such as the nature of morality, major theories of ethics and economic justice, and competing views of capitalism and corporate responsibility. It is thorough, flexible, and designed to bolster student involvement with the material for better comprehension and understanding. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Behavioural Economics and Business Ethics Philip Alexander Rajko 2013-03-01 Economics and moral philosophy have in recent years been considered to be distinct and separate fields. However, behavioural economics has started to reconcile various aspects of morality and economics, which has offered new conceptual opportunities to advance economics ethics and business ethics. This book aims to advance economic ethics and business ethics by combining normative principles and empirical evidence grounded on the key motivational forces in economic decision making. It has three core objectives: to assess order ethics as a theory of both economic ethics and business ethics, using behavioural economics methods and evidence; to identify cardinal virtues for modern business ethics; to set up valuable guidelines for the implementation of economic ethics and business ethics.

Moral Issues in Business William H. Shaw 2015-01-01 MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethical Issues in Business - Second Edition Peg Tittle 2016-12-15 Peg Tittle's ambitious business ethics text brings together readings, cases, and the author's own informed opinions. The second edition includes over a dozen new readings and case studies, as well as a new chapter on issues in Information and Communication Technology. Includes - Canonical and topical readings on issues ranging from whistleblowing and advertising to international business, the nature of capitalism, and the environment - Engaging overviews from the author encourage careful reflection and critical examination of conventional assumptions - What to Do? scenarios and Case Studies illustrate the practical relevance of each topic - Comprehensive introductions to ethical theory and the ethics of business - Questions following each selection test understanding and promote active reading - A primer on ethical institutions examines the role of ethics consultants, codes of ethics, and more
