The Wandering Falcon Jamil Ahmad 2011-01-01 The boy known as Tor Baz—the black falcon —wanders between tribes. He meets men who fight under different flags, and women who risk everything if they break their society’s code of honour. Where has he come from, and where will destiny take him? Set in the decades before the rise of the Taliban, Jamil Ahmad’s stunning debut takes us to the essence of human life in the forbidden areas where the borders of Pakistan, Iran and Afghanistan meet. Today the ‘tribal areas’ are often spoken about as a remote region, a hotbed of conspiracies, drone attacks and conflict. In *The Wandering Falcon*, this highly traditional, honour-bound culture is revealed from the inside for the first time. With rare tenderness and perception, Jamil Ahmad describes a world of custom and cruelty, of love and gentleness, of hardship and survival; a fragile, unforgiving world that is changing as modern forces make themselves known. With the fate-defying story of Tor Baz, he has written an unforgettable novel of insight, compassion and timeless wisdom. It is true, I am neither a Mahsud nor a Wazir. But I can tell you as little about who I am as I can about who I shall be. Think of Tor Baz as your hunting falcon. That should be enough.

Principles Ray Dalio 2018-08-07 #1 New York Times Bestseller “Significant...The book is both instructive and surprisingly moving.” —The New York Times Ray Dalio, one of the world’s most successful investors and entrepreneurs, shares the unconventional

principles that he's developed, refined, and used over the past forty years to create unique results in both life and business—and which any person or organization can adopt to help achieve their goals. In 1975, Ray Dalio founded an investment firm, Bridgewater Associates, out of his two-bedroom apartment in New York City. Forty years later, Bridgewater has made more money for its clients than any other hedge fund in history and grown into the fifth most important private company in the United States, according to Fortune magazine. Dalio himself has been named to Time magazine's list of the 100 most influential people in the world. Along the way, Dalio discovered a set of unique principles that have led to Bridgewater's exceptionally effective culture, which he describes as “an idea meritocracy that strives to achieve meaningful work and meaningful relationships through radical transparency.” It is these principles, and not anything special about Dalio—who grew up an ordinary kid in a middle-class Long Island neighborhood—that he believes are the reason behind his success. In *Principles*, Dalio shares what he's learned over the course of his remarkable career. He argues that life, management, economics, and investing can all be systemized into rules and understood like machines. The book's hundreds of practical lessons, which are built around his cornerstones of “radical truth” and “radical transparency,” include Dalio laying out the most effective ways for individuals and organizations to make decisions, approach challenges, and build strong teams. He also describes the innovative tools the firm uses to bring an idea meritocracy to life, such as

creating “baseball cards” for all employees that distill their strengths and weaknesses, and employing computerized decision-making systems to make believability-weighted decisions. While the book brims with novel ideas for organizations and institutions, Principles also offers a clear, straightforward approach to decision-making that Dalio believes anyone can apply, no matter what they’re seeking to achieve. Here, from a man who has been called both “the Steve Jobs of investing” and “the philosopher king of the financial universe” (CIO magazine), is a rare opportunity to gain proven advice unlike anything you’ll find in the conventional business press.

River of Fire Qurratulain Hyder 2019-03-26 "Magisterial" (Pankaj Mishra, The New York Review of Books) and "to Urdu fiction what One Hundred Years of Solitude is to Hispanic literature" (TLS) The most important novel of twentieth-century Urdu fiction, Qurratulain Hyder's River of Fire encompasses the fates of four recurring characters over two and a half millennia. These characters become crisscrossed and strangely inseparable over different eras, forming and reforming their relationships in romance and war, in possession and dispossession. River of Fire interweaves parables, legends, dreams, diaries, and letters, forming a rich tapestry of history and human emotions and redefining Indian identity. But above all, it's a unique pleasure to read Hyder's singular prose style: "Lyrical and witty, occasionally idiosyncratic, it is always alluring and

allusive: Flora Annie Steel and E. M. Forster encounter classical Urdu poets; Eliot and Virginia Woolf meet Faiz Ahmed Faiz” (The Times Literary Supplement).

Uygur Buddhist Literature Johan Elverskog 1997 This first volume of the Silk Roads Studies is a reference manual of the published Uygur Buddhist literature. Uygur Buddhist Literature creates a complete inventory of the published Uygur Buddhist texts along with a bibliography of the pertinent scholarly literature. The work includes an introduction that outlines the history of the discovery of the Uygur Buddhist Literature and a short history of the Buddhist Uygurs and their translation activities. The survey of

the literature itself is divided into six sections: (1) Non-Mahayana Texts, including Sutra, Vinaya, Abhidharma, Biographies of the Buddha (including Jatakas) and Avadana; (2) Mahayana Sutras; (3) Commentaries; (4) Chinese Apocrypha; (5) Tantric Texts (6) Other Buddhist Works. Included under each title of a text is a brief synopsis of the text and an explanation of the Uygur manuscript, including where known: origin of translation, the translator and the place of translation, the place it was found, and any other interesting points. After this brief survey of the manuscript, the signature of the manuscript with references to the editions of the text is provided as well as additional references to the secondary literature. The survey concludes with an index to titles, translators, scribes and sponsors. This manual is an essential tool not only for specialists in the field of Altaic, especially Turcological or Monogolian, Iranological, Sinological or Buddhological Studies, but is also written for a larger public of students interested in Asian religions and cultural history in general. This book provides in a systematic and exhaustive way the most recent information on the places where the documents are kept, a synopsis of the text, editions and secondary literature.
