Cultural Studies of LEGO Rebecca C. Hains 2019-11-27 This collection examines LEGO from an array of critical and cultural studies approaches, foregrounding the world-renowned brand's ideological power and influence. Given LEGO's status as the world's largest toy manufacturer and a transnational multimedia conglomerate, Cultural Studies of Lego: More Than Just Bricks considers LEGO media's cultural messages; creativity with and within LEGO artifacts; and diversity within the franchise, including gender and race representation. The chapters' in-depth analyses of topics including LEGO films, marketing tactics, play sets, novelizations, and fans offer compelling insights relevant to those interested in the LEGO brand and broader trends in the children's popular culture market alike.

LEGO DC Comics Super Heroes Character Encyclopedia DK Publishing 2016-04 Presents the LEGO action figures based on the DC universe, describing each figure and vehicle, their variations, when they were made, and the playsets in which they appear.

Anne Bonny Christina Leaf 2020 "Exciting illustrations follow events in the life of Anne Bonny. The combination of brightly colored panels and leveled text is intended for students in grades 3 through 8"--

science, comics, and Scouting.

Video Games Around the World Mark J. P. Wolf 2015-05-01 Thirty-nine essays explore the vast diversity of video game history and culture across all the world's continents. Video games have become a global industry, and their history spans dozens of national industries where foreign imports compete with domestic productions, legitimate industry contends with piracy, and national identity faces the global marketplace. This volume describes video game history and culture across every continent, with essays covering areas as disparate and far-flung as Argentina and Thailand, Hungary and Indonesia, Iran and Ireland. Most of the essays are written by natives of the countries they discuss, many of them game designers and founders of game companies, offering distinctively firsthand perspectives. Some of these national histories appear for the first time in English, and some for the first time in any language. Readers will learn, for example, about the rapid growth of mobile games in Africa; how a meat-packing company held the rights to import the Atari VCS 2600 into Mexico; and how the Indonesian MMORPG Nusantara Online reflects that country's cultural history and folklore. Every country or region's unique conditions provide the context that shapes its national industry; for example, the long history of computer science in the United Kingdom and Scandinavia, the problems of piracy in China, the PC Bangs of South Korea, or the Dutch industry's emphasis on serious games. As these essays demonstrate, local innovation and diversification thrive alongside productions and corporations with global aspirations.

The Jolly Mon Jimmy Buffett 2006 Relates the adventures of a fisherman who finds a magic guitar floating in the Caribbean Sea. Includes the music for the song "Jolly Mon Sing."

Horseman Christina Henry 2021-09-28 In this atmospheric, terrifying novel that draws strongly from "The Legend of Sleepy Hollow," the author of *Alice* and *The Girl in Red* works her trademark magic, spinning an engaging and frightening new story from a classic tale. Everyone in Sleepy Hollow knows about the Horseman, but no one really believes in him. Not even Ben Van Brunt's grandfather, Brom Bones, who was there when it was said the Horseman chased the upstart Crane out of town. Brom says that's just legend, the village gossips talking. More than thirty years after those storied events, the village is a quiet place. Fourteen-year-old Ben loves to play "Sleepy Hollow boys," reenacting the events Brom once lived through. But then Ben and a friend stumble across the headless body of a child in the woods near the village, and the discovery makes Ben question everything the adults in Sleepy Hollow have ever said. Could the Horseman be real after all? Or does something even more sinister stalk the woods?

The LEGO Animation Book David Pagano 2016-10-16 Have you ever wondered what your LEGO creations would look like on the big screen? The LEGO Animation Book will show you how to bring your models to life with stop-motion animation—no experience required! Follow step-by-step instructions to make your first animation, and then explore the entire filmmaking

process, from storyboards to post-production. Along the way, you'll learn how to: –Create special effects like explosions and flying minifigures –Convey action and emotion with your minifigure actors –Design sets for animation—make three buildings look like an entire city! –Light, frame, and capture consistent photos –Add detail and scope to your films by building in different scales –Build camera dollies and rigs out of LEGO bricks –Choose cameras, software, and other essential animation tools Dive into the world of animation and discover a whole new way to play! For ages 10+

LEGO Studies Mark J.P. Wolf 2014-11-13 Since the "Automatic Binding Bricks" that LEGO produced in 1949, and the LEGO "System of Play" that began with the release of Town Plan No. 1 (1955), LEGO bricks have gone on to become a global phenomenon, and the favorite building toy of children, as well as many an AFOL (Adult Fan of LEGO). LEGO has also become a medium into which a wide number of media franchises, including Star Wars, Harry Potter, Pirates of the Caribbean, Batman, Superman, Lord of the Rings, and others, have adapted their characters, vehicles, props, and settings. The LEGO Group itself has become a multimedia empire, including LEGO books, movies, television shows, video games, board games, comic books, theme parks, magazines, and even MMORPGs. LEGO Studies: Examining the Building Blocks of a Transmedial Phenomenon is the first collection to examine LEGO as both a medium into which other franchises can be adapted and a transmedial franchise of its own. Although each essay looks at a particular aspect of the LEGO phenomenon, topics such as adaptation, representation, paratexts, franchises, and interactivity intersect throughout these essays, proposing that the study of LEGO as a

medium and a media empire is a rich vein barely touched upon in Media Studies.

Creator: Knights Kingdom, Lego Knights' Kingdom, Lego Interactive. Excerpt: Lego Rock Raiders was a Lego theme started 1999, and discontinued in 2000. Rock Raiders was the only theme in the Lego Underground series before Power Miners. The theme, while short-lived, featured sixteen sets and was backed-up by numerous story-related media, including several comic books and video games. The premise of the story involves the crew of the L.M.S. Explorer. The vessel is damaged after wandering into an asteroid field and is sucked into a wormhole, the wormhole exits in an alien galaxy, parallel to the Milky Way. The L.M.S. Explorer's captain orders the ship to use its reserve power and head for the nearest planet. The planet is abundant in the mysterious but powerful Energy Crystals. There the Rock Raiders, whilst repairing the ship, must venture inside the dangerous caverns of the planet to collect the precious Energy Crystals to power the ship. The Rock Raiders theme featured sixteen sets in total. Eight were released in 1999 and seven were released in 2000. Four of the sets released in 2000 were promotional sets sold by Kabaya Foods Corporation....

Digilogue Anders Sorman-Nilsson 2013-06-19 How to leverage the enduring human need for analogue experiences to attract and retain more customers in a digital world. Anything that can be digitised will be digitised. But can the digital-connect ever really replace the personal touch? Is word-of-mouse always more effective than word-of-mouth? And what of customers' enduring need for analogue experiences (think analogue watches, paperback books and multiplex movie theatres, for example). In your rush to embrace your customers' digital mind are you ignoring an equally valuable asset: their analogue heart? Better yet, how can you leverage the analogue heart to provide your company or brand with an unbeatable

competitive edge? The answer, according to internationally acclaimed futurist, Anders Sormon-Nilsson is Digilogue — the "translational sweet-spot, the convergence of the digital and the analogue." A book that will revolutionise how you do business in a digital world, Digilogue provides powerful insights, strategies and tools to help you provide value to digital minds, while connecting with analogue hearts.

Librarian's Guide to Games and Gamers: From Collection Development to Advisory Services
Michelle Goodridge 2021-11-30 As games grow ever-more ubiquitous in our culture and communities, they have become popular staples in public library collections and are increasing in prominence in academic ones. Many librarians, especially those who are not themselves gamers or are only acquainted with a handful of games, are ill-prepared to successfully advise patrons who use games. This book provides the tools to help adult and youth services librarians to better understand the gaming landscape and better serve gamers in discovery of new games—whether they are new to gaming or seasoned players—through advisory services. This book maps all types of games—board, roleplaying, digital, and virtual reality—providing all the information needed to understand and appropriately recommend games to library users. Organized by game type, hundreds of descriptions offer not only bibliographic information (title, publication date, series, and format/platform), but genre classifications, target age ranges for players, notes on gameplay and user behavior type, and short descriptions of the game's basic premise and appeals.

Pirates of the Caribbean: The Price of Freedom A.C. Crispin 2011-05-17 Twenty-five-year-old Jack Sparrow is a clean-cut merchant seaman pursuing a legitimate career as a first

mate for the East India Trading Company. He sometimes thinks back to his boyhood pirating days, but he doesn't miss Teague's scrutiny or the constant threat of the noose. Besides, he doesn't have much choice—he broke the Code when he freed a friend who had been accused of rogue piracy, and he can no longer show his face in Shipwreck Cove. When Jack's ship is attacked by pirates and his captain dies in the altercation, he suddenly finds himself in command.

Greatest Moments in Video Game History D.B. Weston Greatest Moments in Video Game History is the most extensive book of video game facts available today. While books written in a similar vein provide readers with general facts, "Greatest Moments in Video Game History" brings to light the lesser known facts that will take you on an exciting trip through history starting in 1947 and running through 2012. Greatest Moments in Video Game History is not just a chronological list of events, it also features stories that you will not read anywhere else, noteworthy game releases, scandals, bans, publicity stunts gone wrong, Guinness gaming records, and a look at the best and worst game releases throughout the years.

Toy Companies of Denmark Source Wikipedia 2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 40. Chapters: Lego, List of Lego Star Wars sets, List of Lego Island characters, History of Lego, Lego timeline, FIRST Lego League, Irregular Webcomic!, Lego minifigure, Lego Models, FIRST Championship, Lego Serious Play, The LEGO Group, Lego Club Magazine, Junior FIRST Lego League, LDraw, The Brick Testament, BrickCon, Kirkbi AG v.

Ritvik Holdings Inc., MLCAD, BrickFest, Lego Racers, Lego Pirates of the Caribbean, Lego Bionicle Models, Lego Digital Designer, BrickFair, LUGNET, BrickArms, Brickworld, 1:48 scale, Jovo, Nano Quest, Mission Mars, ME Models, Climate Connections, Body Forward, Food Factor. Excerpt: Lego (trademarked in capitals as LEGO) is a line of construction toys manufactured by the Lego Group, a privately held company based in Billund, Denmark. The company's flagship product, Lego, consists of colorful interlocking plastic bricks and an accompanying array of gears, minifigures and various other parts. Lego bricks can be assembled and connected in many ways, to construct such objects as vehicles, buildings, and even working robots. Anything constructed can then be taken apart again, and the pieces used to make other objects. The toys were originally designed in the 1940s in Denmark and have achieved an international appeal, with an extensive subculture that supports Lego movies, games, video games, competitions, and four Lego themed amusement parks. Lego bricksThe Lego Group began in the workshop of Ole Kirk Christiansen (7 April 1891 - 11 March 1958), a carpenter from Billund, Denmark, who began making wooden toys in 1932. In 1934, his company came to be called "Lego," from the Danish phrase leg godt, which means "play-well." It expanded to producing plastic toys in 1947. In 1949 Lego began producing the now famous interlocking bricks, calling them "Automatic Binding Bricks." These bricks were based largely on...

Multi Format The CheatMistress 2012-08-08 Cheats Unlimited are the specialists when it comes to video game cheats, tips and walkthrough guides. Fronted by the glamorous and gorgeous Cheat Mistress, Cheats Unlimited has helped over seven million gamers worldwide

over the last 12 years. Through phone lines, fax machines, the Web and WAP sites and now eBooks, we have been there for gamers when they've needed us the most. With EZ Cheats: Video Game Cheats, Tips and Secrets, we aim to help you unlock the game's full potential with a series of tips, cheat codes, secrets, unlocks and Achievement/Trophy guides, covering Xbox 360, PlayStation 3, Nintendo Wii, DS and PSP. Whether you want to find out how to spawn specific vehicles, learn how to open up harder difficulty settings, or discover sneaky ways to earn additional ingame currency, we have the answers. EZ Cheats are compiled by expert gamers who are here to help you get the most out of your games. EZ Cheats: Video Game Cheats, Tips and Secrets 5th Edition covers all of the current consoles: Xbox 360, PlayStation 3 and Nintendo Wii. With all the top games covered, including Batman Arkham City, Battlefield 3, Uncharted 3: Drakes Deception, Gears of War 3, Mortal Combat, Call Of Duty: Modern Warfare 3, The Legend of Zelda: Skyward Sword, LA Noir, The Elder Scrolls V: Skyrim, Sonic Generations, FIFA 12, Rage, Saints Row The Third, amongst hundreds more top titles.

Lego Star Wars Michael Littlefield 2007-11-06 • Detailed walkthroughs for every adventure in all six episodes! • Locations for all LEGO canisters, Challenge canisters, and red power bricks! • Exclusive maps! • Extensive tips for Freeplay mode! • New characters, vehicles, and game features revealed! • All-new quick reference guide with detailed information for every level!

The Chronicles of Riddick: Assault on Dark Athena Michael Knight 2009 Deep in the dark recesses of the merc-ship Athena resides one of the most dangerous men in the known

universe. A mercenary, butcher, hero, and death-bringer...he is Richard B. Riddick. To the unsuspecting crew of this silent metal giant, this man is nothing but a ghost. The crew silently disregards the drowning voice over the intercom warning them to remain on guard; a simple warning they will soon learn carries deadly consequences. Stepping into the shoes of Riddick, it's up to you to use your skills and talents to escape your hunters and perhaps deliver a beat down or two. Without question, the quickest way to dispatch your enemies is with the pointed end of your cold razor sharp steel, along with *The Chronicles of Riddick: Assault on Dark Athena* Prima Official Strategy Guide. Our story walkthrough will guide you through every encounter, show you how to locate and master each weapon, assist you in sneaking silently through the shadows, and help you cut down every enemy. For those people that can't get enough Riddick in their daily lives, learn the location of every bounty card to unlock all of the secret bonus content. So learn to take your skills to the next level and turn yourself from the prey into the predator.

Isle of Fire Wayne Thomas Batson 2009-11-02 Brace yourself for a thrilling high-seas adventure and dare to set sail for the Isle of Fire."A great explosion rocked the crowded harbor. The ferocious blaze engulfed ship after ship expanding the circle of destruction in mere heartbeats. The fire rain had been unleashed."As Cat's memory returns, he realizes that he has lived two very different lives. Now he must choose whether to return to the ways of his notorious father and join the evil Merchant, or defy the Merchant and risk his life to save his friends.The best-selling *Isle of Swords* adventure continues in *Isle of Fire* as ancient mariners rise from legend and cut an all-too-real swath of destruction across the Atlantic.

The newly formed Wolf Fleet scours the Caribbean, hunting the pirates they once called comrades. And in the pitiless winds of a monstrous hurricane, whole fleets will be blasted apart and devoured.

Lego Disney Pirates of the Caribbean, the Video Game Michael Knight 2011 Offers a guide through each level of the console and handheld version of the video game, along with character profiles, maps, checklists, and snapshots of the game.

Franchise Era Fleury James Fleury 2019-04-01 As Hollywood shifts towards the digital era, the role of the media franchise has become more prominent. This edited collection, from a range of international scholars, argues that the franchise is now an integral element of American media culture. As such, the collection explores the production, distribution and marketing of franchises as a historical form of media-making - analysing the complex industrial practice of managing franchises across interconnected online platforms. Examining how traditional media incumbents like studios and networks have responded to the rise of new entrants from the technology sector (such as Facebook, Apple, Amazon, Netflix and Google), the authors take a critical look at the way new and old industrial logics collide in an increasingly fragmented and consolidated mediascape.

Encyclopedia of Video Games: The Culture, Technology, and Art of Gaming, 2nd Edition [3 volumes] Mark J. P. Wolf 2021-05-24 Now in its second edition, the Encyclopedia of Video Games: The Culture, Technology, and Art of Gaming is the definitive, go-to resource for anyone interested in the diverse and expanding video game industry. This three-volume encyclopedia covers all things video games, including the games themselves, the companies

that make them, and the people who play them. Written by scholars who are exceptionally knowledgeable in the field of video game studies, it notes genres, institutions, important concepts, theoretical concerns, and more and is the most comprehensive encyclopedia of video games of its kind, covering video games throughout all periods of their existence and geographically around the world. This is the second edition of Encyclopedia of Video Games: The Culture, Technology, and Art of Gaming, originally published in 2012. All of the entries have been revised to accommodate changes in the industry, and an additional volume has been added to address the recent developments, advances, and changes that have occurred in this ever-evolving field. This set is a vital resource for scholars and video game aficionados alike. Explores games, people, events, and ideas that are influential in the industry, rather than simply discussing the history of video games Offers a detailed understanding of the variety of video games that have been created over the years Includes contributions from some of the most important scholars of video games Suggests areas of further exploration for students of video games

Sea Monsters Krystyna Poray Goddu 2017-01-01 The ancient kraken was a huge squid that terrorized sailors at sea. The famous and mysterious monster of Scotland's Loch Ness has sparked people's curiosity since it was first photographed in the 1930s. More recently, water monsters have been reported in lakes and rivers throughout the United States. Sea monsters such as these have frightened people for centuries. They have also made their way into the books, movies, and games we love. Are these creatures of the deep real or imaginary? That's not always clear. Dive in to learn the facts and fiction of sea monsters and

more . . . if you dare!

The Age of Bronze Rob Kidd 2008 When a charmed amulet goes missing and Jack and his crew become prime suspects, they must track down the dangerous duo that they believe to be the real thieves, and figure out the mystical power that the amulet holds.

Media Franchising Derek Johnson 2013-03-22 "Johnson astutely reveals that franchises are not Borg-like assimilation machines, but, rather, complicated ecosystems within which creative workers strive to create compelling 'shared worlds.' This finely researched, breakthrough book is a must-read for anyone seeking a sophisticated understanding of the contemporary media industry." —Heather Hendershot, author of What's Fair on the Air?: Cold War Right-Wing Broadcasting and the Public Interest While immediately recognizable throughout the U.S. and many other countries, media mainstays like X-Men, Star Trek, and Transformers achieved such familiarity through constant reincarnation. In each case, the initial success of a single product led to a long-term embrace of media franchising—a dynamic process in which media workers from different industrial positions shared in and reproduced familiar culture across television, film, comics, games, and merchandising. In Media Franchising, Derek Johnson examines the corporate culture behind these production practices, as well as the collaborative and creative efforts involved in conceiving, sustaining, and sharing intellectual properties in media work worlds. Challenging connotations of homogeneity, Johnson shows how the cultural and industrial logic of franchising has encouraged media industries to reimagine creativity as an opportunity for exchange among producers, licensees, and even consumers. Drawing on case studies and interviews with

media producers, he reveals the meaningful identities, cultural hierarchies, and struggles for distinction that accompany collaboration within these production networks. Media Franchising provides a nuanced portrait of the collaborative cultural production embedded in both the media industries and our own daily lives.

Brick by Brick David Robertson 2013-06-25 Sometimes radical yet always applicable, Brick by Brick abounds with real-world lessons for unleashing breakthrough innovation in your organization, using LEGO--which experienced one of the most remarkable business transformations in recent history--as a business model. As LEGO failed to keep pace with the revolutionary changes in kids' lives and began sliding into irrelevance, the company's leaders implemented some of the business world's most widely espoused prescriptions for boosting innovation. Ironically, these changes pushed the iconic toymaker to the brink of bankruptcy, showing that what works in theory can fail spectacularly in the brutally competitive global economy. It took a new LEGO management team--faced with the growing rage for electronic toys, few barriers to entry, and ultra-demanding consumers (ten-year old boys)--to reinvent the innovation rule book and transform LEGO into one of the world's most profitable, fastest-growing companies. Along the way, Brick by Brick reveals how LEGO:

- Became truly customer-driven by co-creating with kids as well as its passionate adult fans
- Looked beyond products and learned to leverage a full-spectrum approach to innovation
- Opened its innovation process by using both the "wisdom of crowds" and the expertise of elite cliques
- Discovered uncontested, "blue ocean" markets, even as it thrived in brutally competitive red oceans
- Gave its world-class design teams enough space to create and

direction to deliver built a culture where profitable innovation flourishes Whether you're a senior executive looking to make your company grow, an entrepreneur building a startup from scratch, or a fan who wants to instill some of that LEGO magic in your career, you'll learn how to build your own innovation advantage, brick by brick.

Tiny LEGO Wonders Mattia Zamboni 2016-07-01 In this step-by-step guide, you'll learn how to build 40 miniature models of race cars, airplanes, ships, trains, and more. These fun, compact designs will inspire you to get creative with as few as nine LEGO® pieces. Imagine what you can build with just a handful of LEGO bricks—almost anything! In Tiny LEGO Wonders, you'll create miniscale models of real vehicles like: –A space shuttle –Jets, planes, and helicopters –Flatbed trucks and cement mixers –France's high-speed TGV train –F1 racecars –Muscle cars –Cargo, cruise, wooden ships, and more! Let your creativity run wild!

The LEGO Group itself has become a multimedia empire, including LEGO books, movies, television shows, video games, board games, comic books, theme parks, magazines, and even MMORPGs. LEGO Studies: Examining the Building Blocks of a Transmedial Phenomenon is the first collection to examine LEGO as both a medium into which other franchises can be adapted and a transmedial franchise of its own. Although each essay looks at a particular aspect of the LEGO phenomenon, topics such as adaptation, representation, paratexts, franchises, and interactivity intersect throughout these essays, proposing that the study of LEGO as a medium and a media empire is a rich vein barely touched upon in Media Studies.
