Information security handbook: a guide for managers -  
NIST

Jun 01, 2004 · Technology promotes the U.S. economy and public welfare by providing technical leadership for the Nation's measurement and standards infrastructure. ITL develops tests, test

methods, reference data, proof-of-concept implementations, and technical analyses to advance the development and productive use of information technology.

Professional Standards for Educational Leaders leadership. In all realms of their work, educational leaders must focus on how they are promoting the learning, achievement, development, and well-being of each student. The Standards reflect interdependent domains, qualities and values of leadership work that research and practice suggest are integral to student success: 1.
