Irishness and Womanhood in Nineteenth-century British Writing Thomas J. Tracy 2009 Using Lady Morgan's *The Wild Irish Girl* as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps the genealogy of this development in fiction, political discourse, and the popular press, from Edgeworth's *Castle Rackrent* through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s.

Cleburne Baseball Scott Cain 2017-02-06 Shortly after Cleburne landed the largest railroad shops west of the Mississippi, it set its sights on securing a professional baseball team. Against the odds, Cleburne became a Texas League town in 1906. After the first championship, the Railroaders loaded a train and left Cleburne. The town's professional teams would amass two championships, three pennants and several legendary major league players, including Tris Speaker, before disappearing. Despite lacking a professional club, the town continued to field teams at all levels, until the Railroaders made their triumphant return in 2017. Scott Cain shares a century of Cleburne baseball, including the cowboys who gunned down fly balls to intimidate ump's, the pro team that played the Chicago White Sox and the city councilman who was a scorekeeper for the Negro Leagues in the 1950s.

Spindle E. K. Johnston 2016-12-04 "The most powerful stories encompass a paradox. Spindle is both mythic and true, old beyond reckoning and dazzlingly, gloriously new. You've known this story all your life; you have never heard its like before. The Storyteller Queen lives, and her name is E. K. Johnston." -Rachel Hartman, New York Times best-selling author of *Seraphina/DIV DIV*The world is made safe by a woman...but it is a very big world. It has been generations since the Storyteller Queen drove the demon out of her husband and saved her country from fire and blood. Her family has prospered beyond the borders of their village, and two new kingdoms have sprouted on either side of the mountains where the demons are kept prisoner by bright iron, and by the creatures the Storyteller Queen made to keep them contained. But the prison is crumbling. Through years of careful manipulation, a demon has regained her power. She has made one kingdom strong and brought the other to its knees, waiting for the perfect moment to

strike. When a princess is born, the demon is ready with the final blow: a curse that will cost the princess her very soul, or force her to destroy her own people to save her life. The threads of magic are tightly spun, binding princess and exiled spinners into a desperate plot to break the curse before the demon can become a queen of men. But the web of power is dangerously tangled--and they may not see the true pattern until it is unspooled.

The Armor of Love and Hope Doris Mercado 2013-11 This is a joint publication of Floricanto and Berkeley Presses. Doris Mercado's memoir is one of perseverance and reconciliation, reminiscent of Tobias Wolff's This Boy's Life and Ernesto Galarza's Barrio Boy. Her story is partly one of family but also one of self-reliance, recounting her troubled childhood in Ponce, Puerto Rico and also poverty and homelessness in Massachusetts. What I most admired

in the work was the author's frankness, her ability to portray family truths so intimately and honestly. —John Paul Jaramillo, author of *The House of Order Stories*. Kirkus Review: Mercado's memoir chronicles how a middle child from a large family experiences love, forgiveness and hope despite a lifetime of abuse, neglect and abandonment in the mountains of Puerto Rico. The memoir opens with scenes of an idyllic childhood. Mercado lived in a small town outside Ponce, Puerto Rico, where her life included colorful characters in a bustling community. There were eight children at the beginning of Mercado's story, all battling to use a single bathroom and hairbrush. Doris' mother, Lina, worked as a seamstress. She was stern, but she encouraged 4-year-old Doris to read the newspaper. Doris' father was well-liked and played affectionately with the children in their chaotic but happy household. Within two years, two more boys were born into the Mercado family; both needed extensive medical attention. The strain took its toll, and finally, the family moved in with Doris' beloved grandmother in the mountain town of Jayuya. After the move, Doris' life deteriorated. Her mother beat her repeatedly with a broomstick, and Doris spent many days nursing badly bruised limbs. Life continued to fall apart for the Mercado clan, particularly when Doris' paternal grandmother invited Lina and the youngest children to New York for a fresh start. Doris and five of her siblings were left in the care of their father, although it was 14-year-old Doris who assumed chief responsibility. Within days of her mother's departure, Doris' father also walked out without explanation, leaving Doris and the others to fend for themselves. This living arrangement continued for another three years. Doris warned the children to keep their situation secret, so they wouldn't alert the authorities. This profoundly sad story of neglect is told in simple, direct language. Doris' capacity for forgiveness is astonishing, as is her single-minded focus on the love she feels for the brothers and sister left in her care. She eventually moved to the U.S., and her reunification with her parents was filled with more pain and abuse. Mercado's reaching adulthood in one piece is remarkable; arriving with her soul intact is miraculous. A straightforward, moving story about resilience.
