When it's time to wire your car, whether it's a restoration project, race car, kit car, trailer, or street rod, don't be intimidated; wire it yourself. Jim Horner shares his years of experience and cuts through the technical jargon to show you how. Learn about basic electrical theory, how various electrical components work and drawing circuit diagrams. Includes tips on using electrical test equipment and troubleshooting electrical circuits. Choose the right components, build your own wiring harness, and install them by following the step-by-step instructions. Profusely illustrated with over 350 photos, drawings, and diagrams. Suppliers list included.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

This volume is a comprehensive collection of critical essays on *The Taming of the Shrew*, and includes extensive discussions of the play's various printed versions and its theatrical productions. Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play. The issues discussed include gender, authority, female autonomy and unruliness, courtship and marriage, language and speech, and performance and theatricality.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index.

Covers principles of operation, troubleshooting, maintenance and repair of the modern braking system. Information on tool selection and usage is included, plus a chapter on brake system modifications and high-performance brake parts.

Reviews of more than two hundred automobiles, four-wheel drive vehicles, and compact vans are accompanied by specification data, the latest prices, and recommendations, as well as lists of warranties, and tips on financing and insurance.

Nissan Pick-ups Frontier pick-ups (1998 thru 2004), Xterra (2000 thru 2004), Pathfinder (1996 thru 2004) Haynes Manuals N. America, Incorporated

The Emily Post Institute, the most trusted brand in etiquette, tackles the latest issues regarding how we interact along with classic etiquette and manners advice in this updated and gorgeously packaged edition. Today's world is in a state of constant change. But one thing remains year after year: the necessity for good etiquette. This 19th edition of Emily Post's *Etiquette* offers insight and wisdom on a variety of new topics and fresh advice on classic conundrums, including: Social media Living with neighbors Networking and job seeking Office issues Sports and recreation Entertaining at home and celebrations Weddings Invitations Loss, grieving, and condolences Table manners While they offer useful information on the practical—from table settings and introductions to thank-you notes and condolences—the Posts make it clear why good etiquette matters. Etiquette is a sensitive awareness of the feelings of others, they remind us.

Ultimately, being considerate, respectful, and honest is what's really important in building positive relationships. "Please" and "thank you" do go a long way, and whether it's a handshake, a hug, or a friend request, it's the underlying sincerity and good intentions behind any action that matter most.

In your pocket is something amazing: a quick and easy way to summon a total stranger who will take you anywhere you'd like. In your hands is something equally amazing: the untold story of Uber's meteoric rise, and the massive ambitions of its larger-than-life founder and CEO. Before Travis Kalanick became famous as the public face of Uber, he was a scrappy, rough-edged, loose-lipped entrepreneur. And even after taking Uber from the germ of an idea to a \$69 billion global transportation behemoth, he still describes his company as a start-up. Like other Silicon Valley icons such as Steve Jobs and Elon Musk, he's always focused on the next disruptive innovation and the next world to conquer. Both Uber and Kalanick have acquired a reputation for being combative, relentless, and iron-fisted against competitors. They've inspired both admiration and loathing as they've flouted government regulators, thrown the taxi industry into a tailspin, and stirred controversy over possible exploitation of drivers. They've even reshaped the deeply ingrained consumer behavior of not accepting a ride from a stranger—against the childhood warnings from everyone's parents. *Wild Ride* is the first truly inside look at Uber's global empire. Veteran journalist Adam Lashinsky, the bestselling author of *Inside Apple*, traces the origins of Kalanick's massive ambitions in his humble roots, and he explores Uber's murky beginnings and the wild ride of its rapid growth and expansion into different industries.

Lashinsky draws on exclusive, in-depth interviews with Kalanick and many other sources who share new details about Uber's internal and external power struggles. He also examines its doomed venture into China and the furtive fight between Kalanick and his competitors at Google, Tesla, Lyft, and GM over self-driving cars. Lashinsky even got behind the wheel as an Uber driver himself to learn what it's really like. Uber has made headlines thanks to its eye-popping valuations and swift expansion around the world. But this book is the first account of how Uber really became the giant it is today, and how it plans to conquer the future.

In the 87 issues of Snow Country published between 1988 and 1999, the reader can find the defining coverage of mountain resorts, ski technique and equipment, racing, cross-country touring, and the growing sport of snowboarding during a period of radical change. The award-winning magazine of mountain sports and living tracks the environmental impact of ski area development, and people moving to the mountains to work and live.

MKTG from 4LTR Press connects students to the principles of marketing—bringing them to life through timely examples showing how they're applied at the world's top companies every day.

The automobile industry is evolving rapidly on a worldwide basis. Manufacturers are merging, component design and manufacture are now frequently outsourced instead of being created in-house, brands are changing and the giant auto makers are expanding deeper into providing financial services to car buyers. The skyrocketing price of gas spurs developments in hybrid technology and clean diesel, as manufacturers look for ways to improve fuel efficiency. Meanwhile, all of the biggest, most successful firms have become totally global in nature. Plunkett's Automobile Industry Almanac will be your complete guide to this immense, fascinating industry. On the car dealership side, giant, nationwide holding companies have acquired the best dealers in major markets. Even the used car business is being taken over by national chains. E-commerce is having profound effects on the car industry. Consumers use the Internet to become better informed before making a purchase. Online sites like Autobytel steer millions of car buyers toward specific dealers while the same sites deliver competing bids for cars, insurance and financing in a manner that lowers costs and improves satisfaction among consumers. Meanwhile, auto makers are using the latest in e-commerce methods to manage their supply chains and replenish their inventories. This exciting new book (which includes a database on CD-ROM) is a complete reference tool for everything you need to know about the car, truck and specialty vehicles business, including: Automotive industry trends and market research; Mergers, acquisitions, globalization; Automobile manufacturers; Truck makers; Makers of specialty vehicles such as RVs; Automobile loans, insurance and other financial services; Dealerships; Components manufacturers; Retail auto parts stores; E-commerce ; and much, much more. You'll find a complete overview, industry analysis and market research report in one superb, value-priced package. This book also includes statistical tables, an automobile industry glossary, industry contacts and thorough indexes. The corporate profile section of the book includes our proprietary, in-depth profiles of the 400 leading companies in all facets of the automobile industry. Purchasers may also receive a free copy of the company profiles database on CD-ROM.

A step-by-step guide to getting the right car at the best price explores a wide range of available financing options, discussing the buy versus lease alternative, the ins and outs of vehicle pricing, the negotiation process and dealership experience, trade-in prices, and other helpful strategies, advice, and facts. Original. 25,000 first printing.

This full-color, oversized hardcover art book delves deep into the lore of the tremendously popular competitive first-person shooter Apex Legends. Explore the world of the hit game through the eyes of the lovable robot, Pathfinder, as he chronicles his journey throughout the various environs of the Outlands to interview his fellow Legends--all in the hope of finally locating his mysterious creator. The rich history of Apex Legends is explained by the characters that helped to shape it, as are their unique bonds of competition and camaraderie. This volume chronicles the world of Respawn Entertainment's stunning free-to-play game that has captivated the online gaming scene, attracting over seventy million players and counting. Don't miss your opportunity to own a piece of Apex Legends history!

Museum and other non-profit professionals have begun to realize that the complete visitor experience is the key to repeat attendance, successful fundraising, and building audience loyalty. Taking lessons learned by successful experience-shapers in the for-profit world, Stephanie Weaver distills this knowledge for museums and other organizations which depend on visitor satisfaction for success. Is your institution welcoming? Are the bathrooms clean? Does the staff communicate well? Are there enough places to sit? These practical matters may mean more to creating a loyal following than any exhibit or program the institution develops. Weaver breaks the visitor experience down to 8 steps and provides practical guidance to museums and related institutions on how to create optimal visitor experiences for each of them. In a workshop-like format, she uses multiple examples, exercises, and resource links to walk the reader through the process.

"The Frog with ASD not only honors those with autism but all who struggle to find success in their own unique way." - Steven Berk, M.D., Dean of the Texas Tech University School of Medicine "Speaking as the father of a child with Autism and the husband of a Special Education teacher, The Frog with ASD is a touching story and hopeful tale. Brandon's adventure in overcoming limitations is a meaningful lesson for us all. Lots of respect for Brandon and for Karin McCay for sharing this life." - Sam Nader, LSU - Asst. Athletic Director. "Brandon's story shows us that positive things can happen when people are willing to embrace the unique talents that come with autism spectrum disorder. The Frog with ASD will definitely be added to my library for parents." - Sherry Sancibrian, Dir. South Plains Autism Network A portion of the proceeds from this book will go to 4 Paws for Ability. They train and place service dogs to be with children and veterans, including Autism assistance dogs. "My dog wasn't a service dog, but he kept me calm. If he was trained like they are now, he could have done a lot more. He was my best friend." - Brandon Buzzank
