

## 9 Pre Workout Meals For 80 Day Obsession The Beachbody Blog

The ultimate nutrition resource—presenting targeted meal plans for everything from weight loss to energy and memory gain—with sound advice to achieve the cut body and smoking sex life every guy wants. This straightforward guide by well-known sports nutritionist Susan M. Kleiner shows men of all ages how to use food to improve every aspect of their lives. Kleiner whips up a recipe for success that works for everyone from seasoned athletes to newly reformed fast-food junkies. Readers will find:

- Pages of flavorful, varied meals—breakfast, lunch, dinner, and snack menus for every guy, whether he's diabetic, athletic, overweight, or heart-health conscious
- Practical and proven tips on the smart use of supplements
- Cutting-edge information on the latest nutrition science, including life extending foods, dangerous trans fats, and important antioxidants

With menus for weight loss, muscle gain, extra energy and vitality, The PowerFood Nutrition Plan is for everyone who recognizes that our health and well being relies on the food we eat. Readers will discover that even small dietary changes can have a big impact.

Is it possible to eat well, lose weight and get healthier without feeling deprived? Yes! And this book will show you how. Deprivation is what made your last diet fail, and the one before that one and the one before that one... but with fasting deprivation is a thing of the past. You will achieve results with this diet. With intermittent fasting, you eat what you want but eat it less often. It really is that simple and the best thing about it? It's healthy. Intermittent fasting can improve brain health, boost muscle tone and eliminate nasty toxins. So, what are you waiting for? Dive into this book now and start your new, healthier lifestyle today.

We all want to look and feel good. We also want to perform well whether it's in the weight room, in sports, or at work. Research has shown exercise, proper nutrition, and adequate recovery affect health and human performance. However, there's a lot of conflicting and confusing information regarding exercise and nutrition. In *Essentials of Exercise and Sport Nutrition*, author Dr. Richard B. Kreider offers an up-to-date assessment of the science and practice of exercise and sport nutrition. Kreider, who has conducted extensive research on the subject and has consulted with numerous teams, coaches, and athletes for more than thirty years, brings a scientific and applied perspective to discussing the latest research and how it can be used to optimize performance. He also provides summary recommendations, training programs, and meal plans for beginners through athletes, as well as for individuals who want to lose and/or manage their weight.

A conglomeration of information to help build the overall physique, drug-free, and improve personal health and fitness.

This new text presents the most up-to-date research based information regarding popular sport/performance nutrient dense diets and nutritional supplements and their constituents that directly or indirectly utilize them. Previous chapters have been fully revised and new chapters have been added to cover important cutting edge topics. New chapters include: (1) Carbohydrate Utilization and Disposal in Strength/Power Training & Sports, (2) Exercise for Athletes with Diabetes, and (3) Beyond the Obvious: Future Innovations in Sports Nutrition. The volume is divided into four sections: (1) The Industrial Nature of the Supplement Game; (2) Nutritional Basics First; (3) Specialized Nutritional Strategies & Supplements; and (4) Present and Future Directions of Nutritional Supplements. Editors and authors are co-founders, board members or members of the International Society of Sports Nutrition and or current/former doctoral students from the Exercise and Sport Nutrition Laboratory located at Texas A&M University. *Nutritional Supplements in Sports and Exercise, Second Edition* presents cutting edge information and is valuable to sports nutritionists, exercise physiologists, strength and conditioning/personal trainers, athletic trainers, athletic coaches, registered dietitians, and college/professional sport affiliates.

The ideal handbook for those embarking on a career in personal training as well as experienced trainers looking to develop new skills and stay up-to-date with the latest methods.

Makeith True in true sense is 12 weeks approx 90-Days Home Workout guide for the beginners of all age groups and body formats, to achieve and accomplish their set body goals of either losing body fat or gaining muscle at their comfort, space, and time. This book houses an excellently designed and well-researched workout section that deals with procedures and benefits in detail. The workout divisions have been fundamentally categorized under three major sections in this book namely Bodyweight Training, Two-dumbbell training, and Mixed bag training which contains an amalgamation of both bodyweight and dumbbell training methods. The process has been listed efficiently keeping in mind the beginner's problems and adjustments. Some sample and general training routines have also been included to upgrade the training standards and attain productivity. The asset factor of this book is its exclusively designed and content-rich nutrition section.

This entry-level text provides an overview of the human movement sciences, combining basic science principles with applications in exercise science. Topics covered include physiology of exercise, sports medicine prevention and rehabilitation.

Boost your body's defenses to fight-off disease and live stronger and longer Every single day our bodies are under attack from nasty little organisms which range from the pesky to the frighteningly serious. **NEW YORK TIMES BESTSELLER** Zero Belly Diet is the revolutionary new plan to turn off your fat genes and help keep you lean for life! Nutrition expert David Zinczenko—the New York Times bestselling author of the Abs Diet series, Eat This, Not That! series, and Eat It to Beat It!—has spent his entire career learning about belly fat—where it comes from and what it does to us. And what he knows is this: There is no greater threat to you and your family—to your health, your happiness, even your financial future. Yes, you can: Change your destiny. Overcome your fat genes. Strip away belly fat and finally attain the lean, strong, healthy body you've always wanted. With Zero Belly Diet, David Zinczenko reveals explosive new research that explains the mystery of why some of

us stay thin, and why some can't lose weight no matter how hard we try. He explains how some foods turn our fat genes on—causing seemingly irreversible weight gain—and uncovers the nine essential power foods that act directly on those switches, turning them to “off” and allowing for easy, rapid, and sustainable weight loss. And he shows how these foods help heal your digestive system, keeping those gene switches turned off and setting you up for a lifetime of leanness. Other diets can help you lose weight, but only the Zero Belly diet attacks fat on a genetic level, placing a bull's-eye on the fat cells that matter most: visceral fat, the type of fat ensconced in your belly. These fat cells act like an invading army, increasing inflammation and putting you at risk for diabetes, Alzheimer's, arthritis, heart disease, and cancer. Visceral fat can also alter your hormone levels, erode muscle tissue, increase your chances of depression, and destroy your sex drive. But you can turn the odds in your favor. Zero Belly Diet shows you how to deactivate your fat genes, rev up your metabolism, banish bloat, and balance your digestive health, allowing you to easily build lean, strong stomach muscle and strip away unwanted belly fat without sacrificing calories or spending hours at the gym. The result: weight loss that is easier, faster, more lasting, and more delicious than you'd ever imagine. You'll be stunned and inspired by the results of an amazing 500-person test panel—men and women who lost weight quickly, and with ease, following the Zero Belly diet. In just the first 14 days: Bob McMicken, 51, lost 16.3 pounds Kyle Cambridge, 28, lost 15 pounds Martha Chesler, 54, lost 11 pounds Matt Brunner, 43, lost 14 pounds Zero Belly Diet features a week-by-week menu plan, fifty tasty recipes, and a handy shopping list that leads to a minimum of cooking and plenty of feasting. Best of all, Zero Belly Diet offers something more: freedom. Freedom from bloating, freedom from food deprivation, freedom from weight loss fads, freedom from stress. So say goodbye to your paunch and hello to a happier, healthier you!

**BRING YOUR GAME—AND YOUR PLAYERS—TO THE NEXT LEVEL** For the dedicated student athlete, it's always football season. The High School Athlete: Football is the essential program for any student looking to play football in high school, as well as any coach looking to revolutionize their methods. Designed from the ground up for developing student athletes and drawing on scientifically proven training models, The High School Athlete: Football builds from fundamentals to advanced workout progressions for both freshmen and varsity players of all positions. With over 100 workouts, The High School Athlete: Football includes everything a young athlete needs to know about physical and mental fitness, nutrition, and training regimens. Geared towards young athletes and their immediate fitness goals, The High School Athlete: Football's comprehensive workout schedule takes players through an entire year, from pre-season to off-season, helping players maintain gains while driving themselves beyond their limits to achieve never-before-seen results. The High School Athlete series provides sport-specific training and nutrition information designed to enhance the winning capacity of high school athletes. Based on successful strategies with proven results, The High School Athlete series offers coaches and student athletes a comprehensive resource for physical and mental development and conditioning.

There are more diets out there than you've had hot dinners... There are countless crappy supplements promising the world... There's all sorts of advice being thrown at us about calories, macronutrients, micronutrients...blah, blah, blah. Wouldn't you rather

just cut out the bull\*\*\*\* and learn a straightforward way of eating that'll help you gain lean muscle, keep your bodyfat levels low and maintain good health? A simplified strategy on what to eat, when, what to avoid to get the best results from your strength training program? Something that's easy to follow and maintain, and doesn't ban all your favourite foods, while still actually delivering results? This is it. Strength Training Nutrition 101: Build Muscle & Burn Fat Easily...A Healthy Way Of Eating You Can Actually Maintain is a sensible, do-able, manageable nutrition guide for men and women who lift weights (or others who generally want to improve their diet and overall health). I'm Marc McLean, an online personal training and nutrition coach, and Strength Training Nutrition 101 is my masterplan for maximising your exercise efforts. It uncomplicates the complicated and makes clean eating easy. Are you confused about what to eat and when because we're bombarded with so much advice from every angle? "Don't eat meat..." "Carbs are the devil..." "Eat a garden full of greens for breakfast..." This is just some of the advice we get from experts in a really noisy health and fitness industry. We're hit with advice on what we should be eating, how much we should be eating...and what we should be avoiding like an STI. This book is not about choosing one diet over another. It's about getting all the important stuff right and building a solid nutritional foundation, and then building upon this with strategies for sculpting a lean, athletic, awesome physique. It's also not about depriving you of food you love and eating chicken and broccoli 8 days per week. The bottom line is that sticking with good nutrition should not be hard work. It should be easy to follow, manageable, and never actually feel like a 'diet'. Since I took up weight training as a ridiculously frail and pale 16-year-old back in 1998, I've experimented with countless ways of eating for energy, performance, muscle gain, keeping my bodyfat levels low and most importantly optimal health. I've studied various nutritional courses, read countless books and articles, and used myself as a human guinea pig over the past 18 years in the quest for the best approach for all the goals I mentioned above. In Strength Training Nutrition 101, I share with you how to simplify the way you eat and my nutritional strategies that support my weekly weight training regime for maintaining muscle, staying lean and in great health. Here's a sneak peak at the book contents... -Simplifying Diet & Nutrition For More Muscle, Less Fat -The 7 Golden Rules of Clean Eating -The 'Poison' In Our Diets -Making The Right Food Choices -Calories -Do We Really Need All That Protein? -Pre-Workout Nutrition -Post-Workout Nutrition -Supplements - The Good, The Bad & The Useless SPECIAL BONUS FOR READERS My supplements guide report is also available free to every reader. This gives details of the all-natural supplements I use to help boost my performance in the gym, enhance recovery, develop muscle, stay lean, help me sleep like a baby, and maintain optimal health overall.

A step-by-step diet and exercise plan from social media sensation and fitness guru Michelle Lewin, The Hot Body Diet reveals the star's insider tips and tricks for sustainable weight loss and a toned bikini body. How do you maintain a perfect body? For years, fans have been asking Venezuelan fitness model Michelle Lewin this very question. Known for her enviable curves, washboard abs, and super strength, Lewin's physique has earned her millions of fans who are eager to learn her diet and exercise secrets. And now, with help from certified health coach Dr. Samar Yorde, she will share the keys to her weight loss and weight management for the first time. Lewin has created an easy-to-follow, step-by-step diet and exercise plan that has amazing benefits

for all body types. She shares stories and struggles from her own weight loss journey, offering support in creating a healthy transformation. With meal plans, recipes, exercise tips, and an FAQ section from actual followers, The Hot Body Diet will help women achieve the strong, svelte bikini body that Michelle Lewin has made famous.

Banish belly fast, lose weight, and build lean muscle with simple at-home workouts designed specifically for men and women who don't like to go to the gym. Using the basic diet principles and easy workout strategies found in the bestselling The Belly Off! Diet, this new book offers beginners an ultra simple program of no-gym, no-gear exercise routines that they can do in the privacy of their own home to shed belly fat fast and improve their health starting with the first easy workout. The genius of this exciting new fitness manual is that it's accessible to anyone of any fitness level, but mostly to people who haven't pried themselves from the couch cushions in years, let alone touched their toes. The workouts progress from easy walking intervals and simple calisthenics to bodyweight-only exercises that build strength and muscle, the true secret to fast, sustainable weight loss. The workouts are based on those that worked best for Belly Off! Club members who have lost 50 pounds or more. Most of the workouts take 20 minutes or less and can be done at home, far away from intimidating gyms. With a review of Belly Off! Diet principles, dozens of new weight-loss tips and delicious new recipes, The Belly Off! Workouts is a total package choreographed to take the out-of-shape beginner from flabby to fit in just four to six weeks' time.

An anti-aging regimen originally produced for astronauts offers advice on weight, diet, and nutrition issues, explaining how to maintain muscle growth, strengthen cardiovascular fitness, halt bone deterioration, and fuel the brain.

Diet Lies and Weight Loss Truths offers practical, evidence-based guidance on choosing the right diet plan to effectively and safely lose excess weight and keep it off. Sample meal plans from a registered dietitian and a comparison of pros and cons of popular diet trends will help you make lasting lifestyle changes.

A muscle building diet that's easy to maintain...followed by 50 simple recipes all health and fitness nuts will love. Whether you're looking for the right strength training diet, building muscle diet, lean muscle diet...whatever you want to call it...this two books in one bundle can help you achieve your health and fitness goals. Health experts have long told us that fitness is 70% diet, 30% exercise. So if you're serious about getting in great shape and want to learn how to gain muscle through proper nutrition then Muscle Building Diet is THE place to start. It combines two top-selling books by fitness author Marc McLean: Strength Training Nutrition 101: Burn Fat & Build Muscle Easily...A Healthy Way Of Eating You Can Actually Maintain Meal Prep Recipe Book: 50 Simple Recipes For Health & Fitness Nuts Muscle Building Diet is not aimed at gym meatheads with over-developed unnatural physiques, or steroid-using bodybuilders. Instead, this two books combo is written for men and women who want to build lean muscle, burn bodyfat...and get in the best shape of their lives without going to crazy extremes. Not sure about what foods you should be eating - and frustrated by all the conflicting dietary advice out there? Confused about what to eat and drink pre and post-workout to gain maximum muscle from your gym efforts? How many grams of protein per day? How many calories? Macronutrients....micronutrients? There's a lot to figure out - but it doesn't have to be complicated. Muscle Building Diet simplifies all of this for you so that you can build muscle lose fat effectively - and the first book shows you how to do this in a healthy way that's easy to maintain. (No fad diets or boring, bland nutritional protocols). It's a sensible, do-able, manageable nutrition guide for men and women who lift weights

and want to maximise their gym efforts. Below are the book's chapters: Chapter 1: Simplifying Diet & Nutrition For More Muscle, Less Fat Chapter 2: The 7 Golden Rules of Clean Eating Chapter 3: The 'Poison' In Our Diets Chapter 4: Making The Right Food Choices Chapter 5: Calories Chapter 6: Do We Really Need All That Protein? Chapter 7: Pre-Workout Nutrition Chapter 8: Post-Workout Nutrition Chapter 9: Supplements - The Good, The Bad & The Useless The second book in this combo - Meal Prep Recipe Book: 50 Simple Recipes For Health & Fitness Nuts - serves up a variety of awesome recipes that are simple to make and ridiculously tasty. These nutrient-packed fitness recipes make clean eating easy and prove that you don't have to eat boring, bland food to get in great shape. Each recipe also includes a calorie and macronutrients breakdown. Figuring out calories, carbs or grams of protein couldn't be easier. This recipe book is all about preparing easy meals using fresh, whole foods - and empowering you to take full charge of your muscle building diet. Two books in one - and the know how to gain muscle effectively through proper diet and nutrition. SPECIAL BONUS FOR READERS A free supplements guide is also available for every reader. In this bonus report, author Marc McLean details the all-natural supplements he uses to help boost his performance in the gym, enhance recovery, improve sleep, develop muscle, stay lean and maintain optimal health overall.

A program designed to help men obtain health and fitness contains twelve-week exercise and weight-lifting plans, menus and recipes to implement into a diet plan, and information on energy bars and vitamins.

Have you been spinning your wheel, trying diet after diet, only to lose and regain the same 5 or 10 kgs over and over again? Author Dr.Sonali Sarnobat is here to tell you that it is not your fault. The common weight loss strategy of "Burn more calories than you consume" will fail 95% of you in the long term, simply because this goes against your body's wisdom sometimes. So its time to stop fighting against your biology and start working with your body. This book DIET AND ME will show you how... Dr. Sonali Sarnobat, eminent medical practitioner from India and a renowned nutritionist shares her weight loss funda with you. Dr Sonali is a philanthropist, youth and woman activist (founder chairperson of Niyathi foundation), woman entrepreneur and an author. She has authored Healthmantra (Journey towards healthier life) and smart city-being smart, these two books are translated in local Indian languages and are popular among readers.

QVC pundits, infomercials, social media multilevel marketing schemes, and pimple-faced personal trainers are all making money off the concept that there is one thing you have been missing in your weight loss endeavor. They have found the answer (of course, no one else has found this mysterious elixir). And if you buy their supplement, workout video, piece of exercise equipment, protein shake, etc., then you will have the body of your dreams. This crafty weight loss industry is making fifty billion dollars per year on the back of failed weight loss attempts.

The reality is, weight loss and weight maintenance is multifaceted with dozens of principles to consider and apply. This book is meant to be a tool and guide on your weight loss/maintenance journey. The chapters of this book discuss the hard facts on weight loss, why it is so hard to lose weight, and the many principles that need to be mastered to lose weight. The hope of the author is for the reader to be empowered with a better understanding of what it takes to lose weight and keep it off. Additionally, a plan called the twenty-four-hour weight loss plan is included that applies all concepts in the text.

Packed with cutting-edge training programs that are backed by scientific research and proven by professional trainers and athletes, this workbook provides the very best fat-burning workouts. Containing numerous fitness regimens, this book provides the step-by-step instructions necessary to effectively shed fat and to get into optimal shape. In addition, this collection buttresses the workouts with comprehensive meal plans that ensure readers maximize fat loss while also increasing energy levels and maintaining overall health. Widely regarded as one of America's leading strength and fitness professionals, Brad Schoenfeld has won numerous natural bodybuilding titles and has been published or featured in virtually every major fitness magazine. Now the best-selling author brings his expertise to a resource that has everything needed for completing a total-body transformation in just six months. The M.A.X. Muscle Plan 2.0, Second Edition, is packed with step-by-step directions for 106 of the most effective exercises and over 200 photos that demonstrate the revolutionary muscle-building program. Schoenfeld provides a science-based program specifically designed to promote lean gains and help you reach your ultimate muscular potential. The book's three-phase total-body program can be customized to your individual needs to dramatically transform your physique in just six months' time. For those who are relatively new to resistance training or are coming back from a prolonged layoff, there is a M.A.X. break-in routine designed to prepare the body to deal with the rigorous nature of the M.A.X. Muscle Plan program. Further, there are chapters devoted to providing cardio training guidelines and nutrition recommendations, based on the latest scientific research, that complement the M.A.X. Muscle Plan program. The second edition has been completely revamped to include updated science and research-based evidence as well as 12 sidebars that break down specific topics and offer applied examples. Two new chapters have also been added: a chapter with detailed information on the M.A.X. Muscle Plan warm-up and a Q&A chapter that provides answers to 13 common questions Schoenfeld has received since the first edition of the book. Results from The M.A.X. Muscle Plan 2.0 speak for themselves; thousands have successfully transformed their bodies by following the program. It is the blueprint for achieving—and maintaining—maximal muscle development. CE exam available! For certified professionals, a companion continuing education exam can be completed after reading this book. The M.A.X. Muscle Plan 2.0, Second Edition, Online CE Exam may be purchased separately or as part of the The M.A.X. Muscle Plan 2.0, Second Edition, With CE Exam package that includes both the book and the exam. Please note: This book is not affiliated with Joe Wells Enterprises or MAX Muscle Sports Nutrition.

Click on the underlined [DIALED IN](#) above to see a free preview of the book content.

Matt Roberts' *Younger, Fitter, Stronger* is a ground-breaking fitness manual designed to guide the mid-life man towards a lifestyle that will ensure youthfulness is retained, strength is maintained or increased, and physical and mental performance are maximised. Drawing on more than 20 years of personal training experience with thousands of clients, Matt Roberts brings you a powerful combination of cutting-edge science and transformative workouts. The benefits and results speak for themselves: boosted energy, improved muscle mass, a revitalised sex drive, more restful sleep – even better-looking skin and hair. You'll look and feel as good – or better – than you did in your 20s. The day-by-day 8-week plan is based on ground-breaking recent studies that have discovered the anti-ageing benefits of boosting testosterone and human growth hormone (HGH) levels through the targeted use of exercise and diet. Raising levels of these hormones is key to maintaining health and fitness in mid-life, and it can be achieved.

There are no easy methods when it comes to weight, and waist, loss. They're no guaranteed weight loss plans that can get you to lose weight over the weekend, but you can make your weight loss a lifestyle change instead of a temporal regimen that results in you regaining all of that weight back by dieting smart, not hard. *Change Your Lifestyle - Change Your Life* is a short and concise guide that will show you how to get fit and enjoy being healthy. This guide teaches you how to avoid the typical mistakes people make when dieting and exercising and how to maximize your efforts for the quickest results that will last. It covers which foods make you fat, and those you can eat to actually lose weight. It also discusses the truth about getting that six-pack, and how your gym routine may be the major cause of your failure to reach your fitness goals. If you are serious about getting in shape, this booklet is for you.

The #1 New York Times bestseller by Tom Brady, six-time Super Bowl champion and one of the NFL's 100 Greatest Players of All Time. Revised, expanded, and updated, the first book by Tampa Bay Buccaneers and former New England Patriots quarterback Tom Brady—who continues to play at an elite level into his forties—a gorgeously illustrated and deeply practical “athlete’s bible” that reveals Brady’s revolutionary approach to enhanced quality of life and performance through recovery for athletes of all abilities and ages. In this new edition of *The TB12 Method*, Tom Brady further explains and details the revolutionary training, conditioning, and wellness system that has kept him atop the NFL at an age when most players are deep into retirement. Brady—along with the expert Body Coaches at TB12, the performance lifestyle brand he cofounded in 2013—explain the principles and philosophies of pliability, a paradigm-shifting fitness concept that focuses on a more natural, healthier way of exercising, training, and living. Filled with lessons from Brady’s own training regimen, *The TB12 Method* provides step-by-step guidance on how to develop and maintain one’s own peak performance while dramatically decreasing injury risks. This illustrated, highly visual manual also offers more effective approaches to functional strength & conditioning, proper hydration, supplementation, cognitive fitness, restorative sleep, and nutritious, easy-to-execute recipes to help readers fuel-up and recover. Brady steadfastly believes that the TB12 approach has kept him competitive while extending his career, and that it can make any athlete, male or female, in any sport and at any level achieve his or her own peak performance. With instructions, drills, photos, in-depth case studies that Brady himself has used, along with personal anecdotes and experiences from his legendary career, *The TB12 Method* gives you a better way to train and get results with Tom Brady himself as living proof.

If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in

the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as complicated as the fitness industry wants you to believe. You don't need to spend hundreds of dollars per month on the worthless supplements that steroid freaks sell in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmillers have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-building machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products that are nothing more than bunk science and marketing hype. How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it--no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day. **SPECIAL BONUS FOR READERS!** With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to train, eat, and supplement to make maximum gains in your first year of training. By applying what you learn in the book and in this report, you can make more progress in one year than most guys make in three, four, or even five (seriously!). Scroll up, click the "Buy" button now, and begin your journey to a bigger, leaner, and stronger you!

**SKINNY GUYS!** If you've ever wanted to quickly build 30 pounds of rock-solid, shredded muscle without dangerous bodybuilding drugs, expensive supplements, and long hours in the gym—if you've ever wanted to Live Large—start reading immediately. Let's face it: You're tired. Tired of filling your body with bogus supplements that only give you the most expensive pee in town. Tired of busting your ass in the gym six days a week, only to find you're the same size you were last month and the other guys are twice as big. Tired of all the conflicting and mind-numbingly complex advice floating around in cyberspace. Before professional fitness model Vince Del Monte became The Skinny Guy Savior, he was known as Skinny Vinny—scrawny and weak. As a "hardgainer," he experienced firsthand the challenges of bulking up and had a difficult time putting on muscle. But with his success in developing an enviably ripped physique—and helping many others do the same with

Let's get started!

If you want to become healthier, bulk up, and eat clean, then keep reading. For years it has been believed that bodybuilders couldn't follow a vegan diet. People assume that in order to gain muscle that you have to eat animal products because, for many, animal products are the only decent source of protein. While it is true that you need protein to build muscle, you can get plenty of protein from plant sources. As a dietitian, I want to help you make the changes to your diet that you want to and still do the workouts you love. There are a lot of myths out there about veganism and bodybuilding, and if you are a bodybuilder who wants to eat vegan, you may find it hard to figure out how to do so. People choose veganism for many reasons, and the reason you want to switch to this new diet isn't important. The only thing that is important is that, yes, you can eat vegan and be a bodybuilder. I want to help prove to you that you can have all the energy you need, as well as the protein, to be a successful bodybuilder and reach the gains that you have been striving for. In this book, you will find: The best vegan supplements that will boost your workouts and energy The top bodybuilding advice that can prevent gains The most powerful foods you can eat to improve your bodies anabolic processes How to gain energy without animal products What it really means to eat clean What you can do for your gut health How simple nutrition is the key to gaining more muscle ... And much more. I understand you may still be unsure about going vegan. I get it. There is a lot of misinformation out there for bodybuilders and non-bodybuilders alike. You may be worried that your energy will lack, or that
