

Breadwinner Summary Each Chapter

Because the Taliban rulers of Kabul, Afghanistan impose strict limitations on women's freedom and behavior, eleven-year-old Parvana must disguise herself as a boy so that her family can survive after her father's arrest.

On a military base in post-Taliban Afghanistan, American authorities have just imprisoned a teenaged girl found in a bombed-out school. The army major thinks she may be a terrorist working with the Taliban. The girl does not respond to questions in any language and remains silent, even when she is threatened, harassed and mistreated over several days. The only clue to her identity is a tattered shoulder bag containing papers that refer to people named Shauzia, Nooria, Leila, Asif, Hassan - and Parvana. In this long-awaited sequel to *The Breadwinner Trilogy*, Parvana is now fifteen years old. As she waits for foreign military forces to determine her fate, she remembers the past four years of her life. Reunited with her mother and sisters, she has been living in a village where her mother has finally managed to open a school for girls. But even though the Taliban has been driven from the government, the country is still at war, and many continue to view the education and freedom of girls and women with suspicion and fear. As her family settles into the routine of running the school, Parvana, a bit to her surprise, finds herself restless and bored. She even thinks of running away. But when local men threaten the school and her family, she must draw on every ounce of bravery and resilience she possesses to survive the disaster that kills her mother, destroys the school, and puts her own life in jeopardy.

“One of the most dazzling and devastating novels I’ve read in a long time...Readers of *Fruit of the Drunken Tree* will surely be transformed.” --San Francisco Chronicle “Simultaneously propulsive and poetic, reminiscent of Isabel Allende...Listen to this new author’s voice — she has something powerful to say.” --Entertainment Weekly A mesmerizing debut set in Colombia at the height Pablo Escobar's violent reign about a sheltered young girl and a teenage maid who strike an unlikely friendship that threatens to undo them both. Seven-year-old Chula and her older sister Cassandra enjoy carefree lives thanks to their gated community in Bogotá, but the threat of kidnappings, car bombs, and assassinations hover just outside the neighborhood walls, where the godlike drug lord Pablo Escobar continues to elude authorities and capture the attention of the nation. When their mother hires Petrona, a live-in-maid from the city's guerrilla-occupied slum, Chula makes it her mission to understand Petrona's mysterious ways. But Petrona's unusual behavior belies more than shyness. She is a young woman crumbling under the burden of providing for her family as the rip tide of first love pulls her in the opposite direction. As both girls' families scramble to maintain stability amidst the rapidly escalating conflict, Petrona and Chula find themselves entangled in a web of secrecy that will force them both to choose between sacrifice and betrayal. Inspired by the author's own life, and told through

the alternating perspectives of the willful Chula and the achingly hopeful Petrona, *Fruit of the Drunken Tree* contrasts two very different, but inextricably linked coming-of-age stories. In lush prose, Rojas Contreras has written a powerful testament to the impossible choices women are often forced to make in the face of violence and the unexpected connections that can blossom out of desperation. “A globe-trotting, whirlwind, tragi-comic family saga that wrings tears from absurdity and laughter from loss. A joy to read from start to finish.” — Andrew Sean Greer, author of *Less*, winner of the 2018 Pulitzer Prize

The Nest meets *Crazy Rich Asians* in this sharp comedic novel about a Chinese-American family's attempts (or not) to fulfill its dying patriarch's final bequest. Some of us are more equal than others.... Meet Stanley Huang: father, husband, ex-husband, man of unpredictable tastes and temper, aficionado of all-inclusive vacations and bargain luxury goods, newly diagnosed with pancreatic cancer. For years, Stanley has claimed that he's worth a small fortune. But the time is now coming when the details of his estate will finally be revealed, and Stanley's family is nervous. For his son Fred, the inheritance Stanley has long alluded to would soothe the pain caused by years of professional disappointment. By now, the Harvard Business School graduate had expected to be a financial tech god – not a minor investor at a middling corporate firm, where he isn't even allowed to fly business class. Stanley's daughter, Kate, is a middle manager with one of Silicon Valley's most prestigious tech companies. She manages the capricious demands of her world-famous boss and the needs of her two young children all while supporting her would-be entrepreneur husband (just until his startup gets off the ground, which will surely be soon). But lately, Kate has been sensing something amiss; just because you say you have it all, it doesn't mean that you actually do. Stanley's second wife, Mary Zhu, twenty-eight years his junior, has devoted herself to making her husband comfortable in every way—rubbing his feet, cooking his favorite dishes, massaging his ego. But lately, her commitment has waned; caring for a dying old man is far more difficult than she expected. Linda Liang, Stanley's first wife, knows her ex better than anyone. She worked hard for decades to ensure their financial security, and is determined to see her children get their due. Single for nearly a decade, she might finally be ready for some romantic companionship. But where does a seventy-two year old Chinese woman in California go to find an appropriate boyfriend? As Stanley's death approaches, the Huangs are faced with unexpected challenges that upend them and eventually lead them to discover what they most value. A compelling tale of cultural expectations, career ambitions and our relationships with the people who know us best, *Family Trust* skewers the ambition and desires that drive Silicon Valley and draws a sharply loving portrait of modern American family life.

A riveting work of historical detection revealing that the origin of Wonder Woman, one of the world's most iconic superheroes, hides within it a fascinating family story--and a crucial history of twentieth-century feminism Harvard historian and New Yorker staff writer Jill Lepore has uncovered an astonishing trove of documents, including the never-before-seen private papers of William Moulton Marston, Wonder Woman's creator. Beginning in his undergraduate years at Harvard, Marston was influenced by early suffragists and feminists, starting with Emmeline Pankhurst, who was banned from speaking on campus in 1911, when Marston was a freshman. In the 1920s, Marston and his wife, Sadie Elizabeth Holloway, brought into their home Olive Byrne, the niece of Margaret Sanger, one of the most influential feminists of the twentieth century. The Marston family story is a tale of drama, intrigue, and irony. In the 1930s, Marston and Byrne wrote a regular column for Family Circle celebrating conventional family life, even as they themselves pursued lives of extraordinary nonconformity. Marston, internationally known as an expert on truth--he invented the lie detector test--lived a life of secrets, only to spill them on the pages of Wonder Woman. The Secret History of Wonder Woman is a tour de force of intellectual and cultural history. Wonder Woman, Lepore argues, is the missing link in the history of the struggle for women's rights--a chain of events that begins with the women's suffrage campaigns of the early 1900s and ends with the troubled place of feminism a century later. This edition includes a new afterword with fresh revelations based on never before seen letters and photographs from the Marston family's papers. With 161 illustrations and 16 pages in full color From legendary playwright August Wilson comes the powerful, stunning dramatic

bestseller that won him critical acclaim, including the Tony Award for Best Play and the Pulitzer Prize. Troy Maxson is a strong man, a hard man. He has had to be to survive. Troy Maxson has gone through life in an America where to be proud and black is to face pressures that could crush a man, body and soul. This is a modern classic, a book that deals with the impossibly difficult themes of race in America, set during the Civil Rights Movement of the 1950s and 60s. Now an Academy Award-winning film directed by and starring Denzel Washington, along with Academy Award and Golden Globe winner Viola Davis.

At ten years old, Sara, the youngest daughter, is keenly aware of the family's precarious financial situation. With food scarce, her unemployed and domineering father, a rabbi who spends his days studying, depends on the wages of his daughters. Written in 1925 by Jewish American novelist Anzia Yezierska, *Bread Givers* describes "the emotional tone of an immigrant family in the dismal tenement of an overcrowded block of the east side of New York. It is a complex mood of grave joy and bottomless anguish, of Old World standards and New World values of hope and struggle and defeat and achievement" (*The New York Times*). "Paints real trials—and triumph—of immigrant women . . . The story of Sara's lonely struggles in an unforgiving world is a classic one. More than eight decades since its publication, this novel is a gem in Jewish-American literature." —*The Pittsburgh Jewish Chronicle*

Nine poignant and empowering short stories from the author of *The Breadwinner*. The seated child. With a single powerful image, Deborah Ellis draws our attention to nine children and the situations they find themselves in, often through no fault of their own. In each story, a child makes a decision and takes action, be that a tiny gesture or a life-altering choice. Jafar is a child laborer in a chair factory and longs to go to school. Sue sits on a swing as she and her brother wait to have a supervised visit with their father at the children's aid society. Gretchen considers the lives of concentration camp victims during a school tour of Auschwitz. Mike survives seventy-two days of solitary as a young offender. Barry squirms on a food court chair as his parents tell him that they are separating. Macie sits on a too-small time-out chair while her mother receives visitors for tea. Noosala crouches in a fetid, crowded apartment in Uzbekistan, waiting for an unscrupulous refugee smuggler to decide her fate. These children find the courage to face their situations in ways large and small, in this eloquent collection from a master storyteller. In *Manhood Impossible*, Scott Melzer argues that boys' and men's bodies and breadwinner status are the two primary sites for their expression of control. Controlling selves and others, and resisting being dominated and controlled is most connected to men's bodies and work. However, no man can live up to these culturally ascendant ideals of manhood. The strategies men use to manage

unmet expectations often prove toxic, not only for men themselves, but also for other men, women, and society. Melzer strategically explores the lives of four groups of adult men struggling with contemporary body and breadwinner ideals. These case studies uncover men's struggles to achieve and maintain manhood, and redefine what it means to be a man.

NEW YORK TIMES BESTSELLER • "As sweet and funny and sad and true and heartfelt a memoir as one could find." —from the foreword by Augusten

Burroughs Ever since he was young, John Robison longed to connect with other people, but by the time he was a teenager, his odd habits—an inclination to blurt out non sequiturs, avoid eye contact, dismantle radios, and dig five-foot holes (and stick his younger brother, Augusten Burroughs, in them)—had earned him the label "social deviant." It was not until he was forty that he was diagnosed with a form of autism called Asperger's syndrome. That understanding transformed the way he saw himself—and the world. A born storyteller, Robison has written a moving, darkly funny memoir about a life that has taken him from developing exploding guitars for KISS to building a family of his own. It's a strange, sly, indelible account—sometimes alien yet always deeply human.

Winner of the Ruth and Sylvia Schwartz Children's Book Award For twelve-year-old Diego and his family, home is a prison in Cochabamba, Bolivia. Diego's parents are locked up, but he can come and go: to school, to the market to sell his mother's handknitted goods, and to work as a "taxi," running errands for other prisoners. But then his little sister temporarily runs off while under his watch, earning his mother a heavy fine. The debt and dawning realization of his hopeless situation make him vulnerable to his friend Mando's plan to make big money, fast. Soon, Diego is deep in the jungle, working as a virtual slave in an illegal cocaine operation. As his situation becomes more and more dangerous, he knows he must take a terrible risk if he ever wants to see his family again. In the 1960s, Lyndon Johnson's Great Society and War on Poverty promised an array of federal programs to assist working-class families. In the 1980s, Ronald Reagan declared the GOP the party of "family values" and promised to keep government out of Americans' lives. Again and again, historians have sought to explain the nation's profound political realignment from the 1960s to the 2000s, five decades that witnessed the fracturing of liberalism and the rise of the conservative right. The award-winning historian Robert O. Self is the first to argue that the separate threads of that realignment—from civil rights to women's rights, from the antiwar movement to Nixon's "silent majority," from the abortion wars to

gay marriage, from the welfare state to neoliberal economic policies—all ran through the politicized American family. Based on an astonishing range of sources, *All in the Family* rethinks an entire era. Self opens his narrative with the Great Society and its assumption of a white, patriotic, heterosexual man at the head of each family. Soon enough, civil rights activists, feminists, and gay rights activists, animated by broader visions of citizenship, began to fight for equal rights, protections, and opportunities. Led by Pauli Murray, Gloria Steinem, Harvey Milk, and Shirley Chisholm, among many others, they achieved lasting successes, including *Roe v. Wade*, antidiscrimination protections in the workplace, and a more inclusive idea of the American family. Yet the establishment of new rights and the visibility of alternative families provoked, beginning in the 1970s, a furious conservative backlash. Politicians and activists on the right, most notably George Wallace, Phyllis Schlafly, Anita Bryant, and Jerry Falwell, built a political movement based on the perceived moral threat to the traditional family. Self writes that "family values" conservatives in fact "paved the way" for fiscal conservatives, who shared a belief in liberalism's invasiveness but lacked a populist message. Reagan's presidency united the two constituencies, which remain, even in these tumultuous times, the base of the Republican Party. *All in the Family*, an erudite, passionate, and persuasive explanation of our current political situation and how we arrived in it, will allow us to think anew about the last fifty years of American politics.

The forgotten story of how ordinary families managed financially in the Victorian era--and struggled to survive despite increasing national prosperity "A powerful story of social realities, pressures, and the fracturing of traditional structures."--Ruth Goodman, *Wall Street Journal* "Deeply researched and sensitive."--Simon Heffer, *Daily Telegraph*, "Best History Books of 2020" Nineteenth century Britain saw remarkable economic growth and a rise in real wages. But not everyone shared in the nation's wealth. Unable to earn a sufficient income themselves, working-class women were reliant on the 'breadwinner wage' of their husbands. When income failed, or was denied or squandered by errant men, families could be plunged into desperate poverty from which there was no escape. Emma Griffin unlocks the homes of Victorian England to examine the lives - and finances - of the people who lived there. Drawing on over 600 working-class autobiographies, including more than 200 written by women, *Bread Winner* changes our understanding of daily life in Victorian Britain.

Hailed as one of the year's top five novels by *Time*, and selected as one of the best books of the year by nearly all major newspapers, national bestseller *Peace Like a River* captured the hearts of a nation in need of comfort. "A rich mixture of adventure, tragedy, and healing," *Peace Like a River* is "a collage of legends from sources sacred and profane -- from the Old Testament to the Old West, from the Gospels to police dramas" (Ron Charles, *The Christian Science Monitor*). In "lyrical, openhearted prose" (Michael Glitz, *The New York Post*),

Enger tells the story of eleven-year-old Reuben Land, an asthmatic boy who has reason to believe in miracles. Along with his sister and father, Reuben finds himself on a cross-country search for his outlaw older brother who has been controversially charged with murder. Their journey is touched by serendipity and the kindness of strangers, and its remarkable conclusion shows how family, love, and faith can stand up to the most terrifying of enemies, the most tragic of fates. Leif Enger's "miraculous" (Valerie Ryan, *The Seattle Times*) novel is a "perfect book for an anxious time ... of great literary merit that nonetheless restores readers' faith in the kindness of stories" (Marta Salij, *Detroit Free Press*).

No matter how hard her life is, she tells herself, at least she will never be one of them. Then she discovers that she is not living with family after all, that her "aunt" was a stranger who was paid money to take Valli off her own family's hands. She decides to leave Jharia ... and so begins a series of adventures that takes her to Kolkata, the city of the gods. It's not so bad. Valli finds that she really doesn't need much to live. She can "borrow" the things she needs and then pass them on to people who need them more than she does. It helps that though her bare feet become raw wounds as she makes her way around the city, she somehow feels no pain. But when she happens to meet a doctor on the ghats by the river, Valli learns that she has leprosy. Despite being given a chance to receive medical care, she cannot bear the thought that she is one of those monsters she has always feared, and she flees, to an uncertain life on the street. During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great

resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. Farewell to Manzanar has become a staple of curriculum in schools and on campuses across the country. Last year the San Francisco Chronicle named it one of the twentieth century's 100 best nonfiction books from west of the Rockies. First published in 1973, this new edition of the classic memoir of a devastating Japanese American experience includes an inspiring afterword by the authors.

This profoundly moving memoir is the remarkable and inspiring true story of Sandra Uwiringiyimana, a girl from the Democratic Republic of the Congo who tells the tale of how she survived a massacre, immigrated to America, and overcame her trauma through art and activism. Sandra was just ten years old when she found herself with a gun pointed at her head. She had watched as rebels gunned down her mother and six-year-old sister in a refugee camp. Remarkably, the rebel didn't pull the trigger, and Sandra escaped. Thus began a new life for her and her surviving family members. With no home and no money, they struggled to stay alive. Eventually, through a United Nations refugee program, they moved to America, only to face yet another ethnic disconnect. Sandra may have crossed an ocean, but there was now a much wider divide she had to overcome. And it started with middle school in New York. In this memoir, Sandra tells the story of her survival, of finding her place in a new country, of her hope for the future, and how she found a way to give voice to her people.

Before Micah came to St Luc's, he knew how to beg, how to steal and how to run from a beating. He didn't know how to comb his hair or wait his turn. Now he was a stranger in a strange land. If it had been me, I would have found a way to disappear inside myself until the strangeness wore off. Micah was not like me. Henri is used to the quiet routines of the abbey. He's shy and solitary, until Micah - a wild troublemaker with the voice of an angel - sweeps into his life like a fresh breeze. Micah stirs up fun and adventure at a time when Henri needs it most. For the Plague is coming. With the tail of a scorpion and breath of fire it will pass through every village and town until nothing can ever be the same. Together, Henry and Micah manage to find fun in the midst of fear. Marching about the countryside with their Company of Fools they revel in the healing power of laughter - at least for a while. In this gripping story, acclaimed author Deborah Ellis celebrates the extraordinary resilience of children, their capacity for caring, and talent for happiness, even in the darkest times.

An African-American family is united in love and pride as they struggle to overcome poverty and harsh living conditions, in the award-winning 1959 play about an embattled Chicago family

An updated edition of a standard in its field that remains relevant more than thirty years after its original publication. Over thirty years ago, sociologist and University of California, Berkeley professor Arlie Hochschild set off a tidal wave of conversation and controversy with her bestselling book, *The Second Shift*. Hochschild's examination of

life in dual-career households finds that, factoring in paid work, child care, and housework, working mothers put in one month of labor more than their spouses do every year. Updated for a workforce that is now half female, this edition cites a range of updated studies and statistics, with an afterword from Hochschild that addresses how far working mothers have come since the book's first publication, and how much farther we all still must go.

A special 75th anniversary edition of Richard Wright's powerful and unforgettable memoir, with a new foreword by John Edgar Wideman and an afterword by Malcolm Wright, the author's grandson. When it exploded onto the literary scene in 1945, *Black Boy* was both praised and condemned. Orville Prescott of the *New York Times* wrote that "if enough such books are written, if enough millions of people read them maybe, someday, in the fullness of time, there will be a greater understanding and a more true democracy." Yet from 1975 to 1978, *Black Boy* was banned in schools throughout the United States for "obscenity" and "instigating hatred between the races." Wright's once controversial, now celebrated autobiography measures the raw brutality of the Jim Crow South against the sheer desperate will it took to survive as a Black boy. Enduring poverty, hunger, fear, abuse, and hatred while growing up in the woods of Mississippi, Wright lied, stole, and raged at those around him—whites indifferent, pitying, or cruel and Blacks resentful of anyone trying to rise above their circumstances. Desperate for a different way of life, he made his way north, eventually arriving in Chicago, where he forged a new path and began his career as a writer. At the end of *Black Boy*, Wright sits poised with pencil in hand, determined to "hurl words into this darkness and wait for an echo." Seventy-five years later, his words continue to reverberate. "To read *Black Boy* is to stare into the heart of darkness," John Edgar Wideman writes in his foreword. "Not the dark heart Conrad searched for in Congo jungles but the beating heart I bear." One of the great American memoirs, Wright's account is a poignant record of struggle and endurance—a seminal literary work that illuminates our own time.

BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “Extraordinary . . . an act of courage and self-invention.”—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR • BILL GATES’S HOLIDAY READING LIST • FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . .

Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love?
