The Birth Mandalas book includes mandala art, a guided visualization and thought provoking exercises for an empowering childbirth experience. A birth mandala is sacred art for childbirth. The mandala appears from a dark background, like the baby emerging from the darkness of the womb into the light. Enjoy creative processes that access the subconscious. The way childbirth is perceived influences labor and birth. Subconscious beliefs, formed from what you've seen, heard or experienced, can either sabotage or affirm your conscious intentions. Learn how to effortlessly re-write limiting beliefs with ones that assist you during childbirth. Your birth mandala embodies your new beliefs and vision for labor and birth with symbols, images, designs and words. You will find women's mandalas, journals and their after-birth reflections. From Shannon's healing of past sexual abuse, Amy's strength and courage, to Stacy's power of intention, the themes and revelations are as unique as their mandalas. Creating a birth mandala is an invaluable gift you give yourself for childbirth. "It is the gift that keeps on giving," exclaims Stacy, a workshop participant.

From the acclaimed Booker Prize-winning author comes a dazzling novel of family, love and love's disappointments. Anna's aged mother is dying. Condemned by her children's pity to living, subjected to increasingly desperate medical

interventions, she turns her focus to her hospital window, through which she escapes into visions of horror and delight. When Anna's finger vanishes and a few months later her knee disappears, Anna too feels the pull of the window. She begins to see that all around her, others are similarly vanishing, yet no one else notices. All Anna can do is keep her mother alive. But the window keeps opening wider, taking Anna and the reader ever deeper into an eerily beautiful story of grief and possibility, of loss and love and orange-bellied parrots. Hailed on publication in Australia as Richard Flanagan's greatest novel yet, *The Living Sea of Waking Dreams* is a rising ember storm illuminating what remains when the inferno beckons: one part elegy, one part dream, one part hope.
