Improvise for Real is a step-by-step method that teaches you to improvise your own music through progressive exercises that anyone can do. You'll learn to understand the sounds in the music all around you. And you'll learn to express your own musical ideas exactly as you hear them in your mind. The method starts with very simple creative exercises that you can begin right away. As you progress, the method leads you on a guided tour through the entire world of modern harmony. You will be improvising your own original melodies from the very first day, and your knowledge will expand with each practice session as you explore and discover our musical system for yourself. Improvise for Real brings together creativity, ear training, music theory and physical technique into a single creative daily practice that will show you the entire path to improvisation mastery. You will learn to understand the sounds in the music all around you and to improvise with confidence over jazz standards, blues songs, pop music or any other style you would like to play. And you'll be jamming, enjoying yourself and creating your own music every step of the way. The method is open to all instruments and ability levels. The exercises are easy to understand and fun to practice. There is no sight reading required, and you don't need to know anything about music theory to begin. Already being used by both students and teachers in more than 20 countries, Improvise for Real is now considered by many people to be the definitive system for learning to improvise. If you have always dreamed of truly understanding music and being able to improvise with complete freedom on your instrument, this is the book for you

Have you ever dreamed of a weight loss program where you can eat as much as you want of all those things that you crave and still lose excess body fat? This dream program is now yours. This is an ad libitum program where you lose fat because of what you eat and not because of what you limit. You will discover through personal experience that there is no need to reduce calories or limit food groups to eliminate excess body fat. You will also obtain targeted fat loss since more fat will be lost from the waistline than from other parts of the body. Even more important, you will learn to think, feel and act in a different way around food. No magical remedies are promised and no miracle pills are promoted. Only through a sensible program and disciplined attitude will you be able to permanently rid yourself of excess fat. The book is divided into four parts. The first part explains why traditional diets are useless for long term weight loss, and how they may even worsen the problem. The second part presents a general outline of proven ways to permanently lose excess fat. The third part introduces a program which will not only help you nourish your body and lose excess fat; it will also reshape you to express your maximum genetic potential. The last part answers frequent questions made by my patients in relationship to this program. The philosophy of this program is the following: It is not what you eat in excess but what you are lacking in your daily menu that ruins your perfect metabolic balance and favors accumulation of excess body fat. Para mas información visite: <http://www.clasesdeguitarra.com.co> Chet Atkins: Me and My Guitars is, without a doubt, the most comprehensive and enlightening book on Chet Atkins ever published. A friend of Atkins' for 40 years, Russ Cochran was privy to stories from Chet that even the most knowledgeable Chet fan would never know about. Chet tells it all in his own words about his childhood, his playing influences and early struggles to find work, along with insight into the guitars he used and endorsed along the way. The

book includes full-color photos of Chet and his guitars, many only previously seen in a limited collector's edition. Photographer Wolf Hoffman manages to expertly capture the images of some very famous guitars played by Chet, including his first Sears Roebuck Silvertone, custom made D'Angelicos, the Gretsches, and the prototype models of the current Gibson Country Gentleman guitars. Over 60 guitars in Chet's private collection are photographed in Chet's home and his office on Music Row. Chet speaks about each of his important guitars - including the Gibson L-10 which his brother Jim gave him - telling the story of his career as seen through his guitars. More than just a pictorial review of his guitars throughout the years, it's a fascinating look inside the mind of history's greatest guitar player. This book will appeal to guitar collectors and Chet Atkins fans everywhere. Full-color and B/W photos throughout.

Come to the Guitar Finger-Gym to build your skills and develop your finesse!

Let's face it – in the music world, guitars set the standard for cool. Since the 1950s, many of the greatest performers in rock 'n' roll, blues, and country have played the guitar. Playing electric guitar can put you out in front of a band, where you're free to roam, sing, and make eye contact with your adoring fans. Playing acoustic guitar can make you the star of the vacation campfire sing-along or allow you to serenade that special someone. And playing any kind of guitar can bring out the music in your soul and become a valued lifetime hobby. Guitar For Dummies delivers everything the beginning to intermediate guitarist needs. The information has been carefully crafted so that you can find exactly what you want to know about the guitar. This clearly written guide is for anyone who wants to know how to Strum basic chords and simple melodies Expand your range with advanced techniques Play melodies without reading music Choose the right guitar Tune, change strings, and make simple repairs Figure out how to play anything from simple chord progressions to smokin' blues licks. Guitar For Dummies also covers the following topics and more: Hand position and posture Basic major and minor chords Adding spice with basic 7th chords and barre chords Playing melodies in position and in double-stops Different styles including rock, blues, folk, and classical Buying a guitar and accessories Taking care of your guitar Guitar For Dummies also contains a play-along audio CD that contains all 97 songs and exercises from the book.

Whether you're contemplating a career as a heavy metal superstar or you just want to strum a few folk songs for your friends, this friendly book-and-CD package makes it easy to pick up the guitar and start playing. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Whether you want a complete method to learn blues guitar or just a set of 100 excellent blues guitar licks, this book has you covered. Most guitarists stay locked into the same patterns and scale shapes for years, unable to break out of the habits and licks they first learnt as a beginner. This leads to creative stagnation, boring solos and a sense that something will always be missing from their playing.

(Berklee Methods). French edition of the best-selling guitar method.

(Guitar Method). The Hal Leonard Guitar Method is designed for anyone just learning to play acoustic or electric guitar. From Introduction: "Huddie Ledbetter, nicknamed Leadbelly, died in December, 1949 at the age of 64. He had come out of the deep South, settled down in a little apartment on New York's lower East Side, determined to build a successful career as a musician. Unfortunately, there was not much interest in folk music then. He got occasional jobs singing for schools and colleges, or at little parties where they were raising money for some cause like helping Loyalist Spain. Until the last three years of his life, he had barely recorded more than a few dozen songs. Today, through his recordings, he is world famous as one of the greatest singers of folksongs of this century. Songs he composed, or helped put together out of the fragments of older tunes, or adapted into the form in which we all know them now, have sold in the tens of millions: Good Night Irene, Bring Me A Little Water, Silvy, Midnight Special, Rock Island Line, Kisses Sweeter Than Wine (the tune), Old Cotton Fields At Home, and many others. The driving rhythms he developed on his unusual guitar, with its double strings, are unforgettable to anyone who ever heard them. Today, many young people wishing to learn his songs as he sang them, are trying to learn his style of guitar playing. This book is designed to help them, but it cannot be considered a substitute for listening to the recordings of Leadbelly....It must be remembered that more is involved than playing the correct notes and rhythm. When you listen to Leadbelly on record, you are listening to a man with many years of experience play an instrument. To achieve what he achieved is something which cannot be communicated in a book." - Julius Lester
