

Delivering Happiness A Path To Profits Passion And Purpose

The Second Edition has been completely revised and updated to reflect the current state of Google Analytics. In addition to these changes, the book has been expanded with new chapters that help you understand how to: - ensure data integrity by removing referral spam, - use cohort analysis, benchmarking and treemaps to improve insights into site performance, - use custom tables to reduce data overload, and - increase site traffic through search engine optimization. Discussion has also been expanded and refocused throughout the book to make content more actionable and responsive to your own strategic information needs. The Second Edition shows you how you can use Google Analytics to immediately make better informed and therefore more successful decisions. Simply put, Google Analytics Demystified helps you work smarter (not harder), so that you can increase the success of your digital property. We show you how to use and apply Google Analytics to answer questions such as: How are visitors finding my site? What do they do when they arrive? Which content do my visitors find most interesting and motivating? How much of my content is actually being consumed? How do I set site goals and measure how well they are being achieved? What are the strengths and weaknesses of site interactions? What can I do to improve visitors' experience and engagement? How well are my campaigns working? How can I make my campaigns more effective? How can I conduct tests to optimize site characteristics? How do I manage data flow and analysis? How do I choose the most appropriate and useful reports and data? The book's approach is unique. Beyond detailed yet easy to understand explanations of key concepts, the book provides you with a free website. This approach advances your learning in three important ways. First, you will be an active rather than a passive participant in the learning process. You will be able not only to read about what Google Analytics can do, but you can immediately apply and explore key concepts on a working website. Second, you can explore Google Analytics without risk to existing data. Since mistakes are an important part of the learning process, you can make and correct errors without any harm to your existing website. Finally, because you will have an active site and real data, you can explore on your own, thereby increasing your depth of understanding. We walk you through all the steps to obtain and get the free site up and running. There are also self-assessment questions, application exercises, and case studies (all with answers provided) to ensure your full understanding of Google Analytics.

While instant communication is now easier than ever, people's attention is spread thin, time has never been more valuable, and disengagement in both customers and employees is at an all-time high. This means most brands never reach their full potential. But what would it look like if your customers were no longer disenchanted from being chased across the internet and hounded for likes, shares, opt-ins, and purchases? There's a way to break this cycle that doesn't include using meaningless jargon or flashy but confusing digital marketing tools. To truly connect with your customers and employees, you need a straightforward plan that will amplify your message and propel you to a degree of engagement that you never realized existed. In *The Seventh Level*, Amanda Slavin hands you the keys to unlock authentic engagement and attain higher achievement across the board. Slavin unveils the tools to measure and grow your brand's engagement, forge a deeper, more personal connection with customers, and unite your employees around a shared mission. If you want to dismantle the obstacles standing in your way of engagement, let *The Seventh Level* be your guide.

The path to success is littered with great ideas poorly marketed. Don't let yours be one of them. "A little book with a very big message. Your idea is worth a great story, well told." SETH GODIN— Author of *All Marketers Tell Stories Make Your Idea Matter* is a call to action for entrepreneurs, emerging brands and anyone with a great idea, who knows that to stand out in today's noisy world they need to tell a better story. It is full of bite-sized business and brand storytelling ideas originally sparked on Bernadette Jiwa's award-winning business blog TheStoryofTelling.com. Use this book as both inspiration and guide to help you tell the best stories you can tell about your business, your ideas and the work that matters to you. You don't have to start on page one and work your way through, or even read it from front to back. Each topic stands on its own so dip in and out. Reawaken a thought or an idea you've already had. Spark new ones. Discover different ways of thinking about your business, what you do and how you tell your story. Then go make your idea matter. ADVANCE PRAISE FOR MAKE YOUR IDEA MATTER "Every story you tell is a choice, and the choices you make matter. For best results make the choice to read this book." CHRIS GUILLEBEAU— Author of *The \$100 Startup* "Make Your Idea Matter' is a book that's easy to get into and hard to escape. Full of valuable, original, engaging content. Bernadette Jiwa has been likened to 'a female Seth Godin' and I have to agree." ROBERT GERRISH— Director of Flying Solo, Australia's Micro Business Community "The most brilliant people I have known have the rare ability to distill complexity to an essence. This is what Bernadette Jiwa does for entrepreneurs in *Make Your Idea Matter*." MARK SCHAEFER— Author of *Return on Influence & The Tao of Twitter* "If I discover one useful insight in a business book, I consider the time well spent. This surprising little book delivers them in spades!" TOM ASACKER — Author of *A Clear Eye for Branding* "Now is your time to make a difference, your time to be the best at what you love doing, your time to use your skills to enrich not only your own life, but the lives of each and every individual you do business with. More and more small businesses are taking impressive leads in their industries, making giant multinationals look cumbersome and unfriendly in comparison. You can do the same, and the first thing on your "to do" list should be to read this book. Bernadette has written a fantastic collection of stories to inspire, to provoke, to make you think, to generate ideas, and to bring your business to the next level. It doesn't matter if your idea has been done before, because as Bernadette rightly points out, it hasn't been done by you." DAVID AIREY — Author of *Logo Design Love* An entertaining and inspiring account of conquering the fear of rejection, offering a completely new perspective on how to turn a no into a yes. Jia Jiang came to the United States with the dream of being the next Bill Gates. But despite early success in the corporate world, his first attempt to pursue his entrepreneurial dream ended in rejection. Jia was crushed, and spiraled into a period of deep self doubt. But he realized that his fear of rejection was a bigger obstacle than any single rejection would ever be, and he needed to find a way to cope with being told no without letting it destroy him. Thus was born his "100 days of rejection" experiment, during which he willfully sought rejection on a daily basis--from requesting a lesson in sales from a car salesman (no) to asking a flight attendant if he could make an announcement on the loud speaker (yes) to his famous request to get Krispy Kreme doughnuts in the shape of Olympic rings (yes, with a viral video to prove it). Jia learned that even the most preposterous wish may be granted if you ask in the right way, and shares the secret of successful asking, how to pick targets, and how to tell when an initial no can be converted into something positive. But more important, he learned techniques for steeling himself against rejection and ways to develop his own

confidence--a plan that can't be derailed by a single setback. Filled with great stories and valuable insight, Rejection Proof is a fun and thoughtful examination of how to overcome fear and dare to live more boldly.

Most anti-smoking campaigns inadvertently encourage people to smoke. The scent of melons helps sell electronic products. Subliminal advertising may have been banned, but it's being used all the time. Product placement in films rarely works. Many multi-million pound advertising campaigns are a complete waste of time. These are just a few of the findings of Martin Lindstrom's groundbreaking study of what really makes consumers tick. Convinced that there is a gulf between what we believe influences us and what actually does, he set up a highly ambitious research project that employed the very latest in brain-scanning technology and called on the services of some 2000 volunteers. Buyology shares the fruits of this research, revealing for the first time what actually goes on inside our heads when we see an advertisement, hear a marketing slogan, taste two rival brands of drink, or watch a programme sponsored by a major company. The conclusions are both startling and groundbreaking, showing the extent to which we deceive ourselves when we think we are making considered decisions, and revealing factors as varied as childhood memories and religious belief that come together to influence our decisions and shape our tastes.

Imagine what you could do with the time you spend writing emails every day. Complexity is killing companies' ability to innovate and adapt, and simplicity is fast becoming the competitive advantage of our time. Why Simple Wins helps leaders and their teams move beyond the feelings of frustration and futility that come with so much unproductive work in today's corporate world to create a corporate culture where valuable, essential, meaningful work is the norm. By learning how to eliminate redundancies, communicate with clarity, and make simplification a habit, individuals and companies can begin to recognize which activities are time-sucks and which create lasting value. Lisa Bodell's simplification method has several unique principles:

Simplification is a skill that's available to us all, yet very few leaders use it. Simplification is the right thing to do--for our customers, for our company, and for each other. Operating with simplification as our core business model will make it easier to be respectful of each other's time. Simplification drives culture, and culture in turn drives employee engagement, customer relations, and overall productivity. This book is inspired by Bodell's passion for eliminating barriers to innovation and productivity. In it, she explains why change and innovation are so hard to achieve--and it's not what you might expect. The reality is this: we spend our days drowning in mundane tasks like meetings, emails, and reports. These are often self-created complexities that prevent us from getting to the meaningful work that truly matters. Using simple stories and techniques, Why Simple Wins shows that by using simplicity as an operating principle, we can eliminate the busy work that puts a chokehold on us every day, and instead spend time on the work that we value.

Live the life you want, not the life you settle for. Helping people build healthy new habits that improve their lives is more important than ever. Arianna Huffington launched Thrive Global to do just that--Thrive's specific mission is to end the epidemic of stress and burnout and help individuals and companies unlock their greatest potential. Science continues to show that we don't have to sacrifice our well-being in order to succeed; in fact, it turns out that well-being is critical to peak performance. Learning to thrive means: Moving from awareness to action - from knowing what to do to actually doing it Embracing solutions that appeal to wisdom, wonder, intuition, reflection, and are steeped in science Taking the time to rest and recover in order to fuel and maximize productivity, both personal and professional Making the mindset shifts and habit changes that supercharge performance in ways that truly matter to us Eschewing trendy self-care fixes or the latest health fads, Your Time to Thrive is the revolutionary guide to living and working based on Microsteps--tiny, science-backed changes. By making them too-small-to fail, we can incorporate them into our daily lives right away, and begin building healthier ways of living and working. This book is a Microstep bible. With chapters dedicated to sleep, nutrition, movement, focus and prioritization, communication and relationships, unplugging and recharging, creativity and inspiration, and purpose/meaning, Your Time to Thrive shares practical, usable, research-supported mini-habits that will yield huge benefits and empower people to truly thrive in all parts of their lives.

In this #1 New York Times bestseller, the CEO of Starbucks recounts the story and leadership lessons behind the global coffee company's comeback and continued success. In 2008, Howard Schultz decided to return as the CEO of Starbucks to help restore its financial health and bring the company back to its core values. In Onward, he shares this remarkable story, revealing how, during one of the most tumultuous economic periods in American history, Starbucks again achieved profitability and sustainability without sacrificing humanity. Offering you a snapshot of the recession that left no company unscathed, the book shows in riveting detail how one company struggled and recreated itself in the midst of it all. In addition, you'll get an inside look into Schultz's central leadership philosophy: It's not about winning, it's about the right way to win. Onward is a compelling, candid narrative documenting the maturing of a brand as well as a businessman. Ultimately, Schultz gives you a sense of hope that, no matter how tough times get, the future can be more successful than the past.

The former Executive Vice President of Walt Disney World shares indispensable Rules for serving customers with consistency, efficiency, creativity, sincerity, and excellence. Lee Cockerell knows that success in business--any business--depends upon winning and keeping customers. In 39 digestible, bite-sized chapters, Lee shares everything he has learned in his 40+ year career in the hospitality industry about creating an environment that keeps customers coming back for more. Here, Lee not only shows why the customer always rules, but also the Rules for serving customers so well they'll never want to do business with anyone but you. For example: Rule #1: Customer Service Is Not a Department Rule #3: Great Service Follows the Laws of Gravity Rule #5: Ask Yourself "What Would Mom Do?" Rule #19: Be a Copycat Rule #25. Treat Every Customer like a Regular Rule #39: Don't Try Too Hard As simple as they are profound, these principles have been shown to work in companies as large as Disney and as small as a local coffee shop; from businesses selling cutting-edge technologies like computer tablets to those selling products as timeless as shoes and handbags; at corporations as long-standing as Ford Motors and those as nascent as a brand new start-up. And they have been proven indispensable at all levels of a company, from managers responsible for hiring and training employees, setting policies and procedures, and shaping the company culture to front line staff who deal directly with clients and customers Chock-full of universal advice, applicable online and off, The Customer Rules is the essential handbook for service excellence everywhere.

"The fullest account yet of the rise of one of the most profitable, most powerful, and oddest businesses the world has ever seen." -San Francisco Chronicle Just eleven years old, Google has profoundly transformed the way we live and work--we've all been Googled. Esteemed media writer Ken Auletta uses the story of Google's rise to explore the future of media at large. This book is based on the most extensive cooperation ever granted a journalist, including access to closed-door meetings and interviews with industry legends, including Google founders Larry Page and Sergey Brin, Marc Andreessen, and media guru "Coach" Bill Campbell. Auletta's unmatched analysis, vivid details, and rich anecdotes illuminate how the Google wave grew, how it threatens to drown media institutions, and where it's taking us

next.

Happy customers. Passionate employees. A highly recognizable brand known for delivering on its promises. That's the power of WOW. From its birth during the Dot Com Boom in 1999 to its acquisition by Amazon in 2009, Zappos, the customer service company that just happens to sell things online, continues to turn heads with its disruptively entrepreneurial spirit and radically innovative employees. Ever unfolding throughout two decades, Zappos continues to outlive the seemingly inevitable short lifespan of the average corporate company. How do they do it? In *The Power of WOW*, the essential follow-up to Tony Hsieh's *Delivering Happiness*, Zapponians from every part of the business share powerful stories and lessons that they have learned in business and life—from delivering empathetic customer service in the face of devastating circumstances to creating a self-organized organizational structure using Market-Based Dynamics and everything in between. Fast-paced and filled with authentic, diverse voices, *The Power of WOW* gives readers an exclusive and immersive understanding of how one company is finding resilience. This glimpse inside the world of Zappos shows how a self-organized company is opening up avenues for passionate individuals to unleash their undiscovered strengths in the workplace and evolve the business from the inside out. Whether you are a customer, an employee, a business leader, shareholder, entrepreneur, or just happened to pick up this book, *The Power of WOW* will, ultimately, show how leading and infusing humanity into the workplace can change everything in your business, your community, and your life.

With *Search Inside Yourself*, Chade-Meng Tan, one of Google's earliest engineers and personal growth pioneer, offers a proven method for enhancing mindfulness and emotional intelligence in life and work. Meng's job is to teach Google's best and brightest how to apply mindfulness techniques in the office and beyond; now, readers everywhere can get insider access to one of the most sought after classes in the country, a course in health, happiness and creativity that is improving the livelihood and productivity of those responsible for one of the most successful businesses in the world. With forewords by Daniel Goleman, author of the international bestseller *Emotional Intelligence*, and Jon Kabat-Zinn, renowned mindfulness expert and author of *Coming To Our Senses*, Meng's *Search Inside Yourself* is an invaluable guide to achieving your own best potential.

Pay brand-new employees \$2,000 to quit Make customer service the responsibility of the entire company-not just a department Focus on company culture as the #1 priority Apply research from the science of happiness to running a business Help employees grow-both personally and professionally Seek to change the world Oh, and make money too . . . Sound crazy? It's all standard operating procedure at Zappos, the online retailer that's doing over \$1 billion in gross merchandise sales annually. After debuting as the highest-ranking newcomer in *Fortune* magazine's annual "Best Companies to Work For" list in 2009, Zappos was acquired by Amazon in a deal valued at over \$1.2 billion on the day of closing. In *DELIVERING HAPPINESS*, Zappos CEO Tony Hsieh shares the different lessons he has learned in business and life, from starting a worm farm to running a pizza business, through LinkExchange, Zappos, and more. Fast-paced and down-to-earth, *DELIVERING HAPPINESS* shows how a very different kind of corporate culture is a powerful model for achieving success-and how by concentrating on the happiness of those around you, you can dramatically increase your own. To learn more about the book, go to www.deliveringhappinessbook.com.

Presenting the stories of successful companies who rose out of virtual obscurity to dominate their markets, a guide to creating market differentiation by exceeding customer expectations outlines the author's TouchPoint Branding philosophies, in a volume complemented by a CD of supplemental materials and a software-driven study guide. 30,000 first printing.

The co-founder and CEO of *Delivering Happiness* updates the *Delivering Happiness* model for our new abnormal, showing organizations of every kind how to cultivate a culture that can adapt to change, be highly profitable, and support all its people...starting with yourself. Jenn Lim has dedicated her career to helping organizations from name-brand industry leaders to innovative governments build workplace cultures that benefit both their employees and their bottom line, with less employee turnover, greater engagement, and higher profits. Her culture consultancy, *Delivering Happiness*, demonstrates the profound impact happiness can have on businesses' ability to thrive in our ever-changing times. In this book, she clearly and concretely shows the way the model works in a hyper-connected fast-paced world, beginning with each individual defining their sense of values and purpose (the ME), and rippling through the organization ecosystem (the WE and the COMMUNITY) in waves of impact. Drawing on a deep understanding of the science of happiness, Jenn shows how bringing your whole self to work allows you to do your best work every day -- no matter what role you play at your company or what crisis might come at you next. She explains how true happiness comes from living your true purpose, and offers case studies to show how companies can help individuals align their purpose with the company mission. This innovation in organizational design and company culture is no longer a nice-to-have. It's the future of work, and it's here now. In this life-changing guide, you'll be empowered to find greater purpose in your own life and career, and to spread that power to others in your business and beyond.

Make every day a WOW day for your customers, your staff—and your bottom line! “In your hands is a manifesto on how Zappos completely blew away the standard of delivering a consumer-centric experience and a revolutionary company culture. Joseph helps us all understand how to achieve a little more of that Zappos magic.” —Eric Ryan, method cofounder and person against dirty “If you’re looking for an inspirational path for creating a likable, trustworthy, and wow! organization, you’ve hit the mother lode.” —Guy Kawasaki, former chief evangelist of Apple and author of *Enchantment: The Art of Changing Hearts, Minds, and Actions* “This book provides a roadmap to a successful business by taking inspiration and examples from one of the most innovative, progressive companies of our time. Don’t just read it; use it.” —Tony Hawk, professional skateboarder and author of *HAWK —Occupation: Skateboarder and How Did I Get Here? The Ascent of an Unlikely CEO* “Thanks to Joseph Michelli, you can learn exactly how Zappos hit it big and how you can too. By using the five principles Joseph has distilled, you can supercharge your efforts and start down the path to legendary success.” —Mark Sanborn, President, Sanborn & Associates, Inc., and author of *The Fred Factor* and *You Don’t Need a Title to Be a Leader* “Often, business owners look at media darlings like Zappos with their mouths agape, full of awe but unable to take action. For those eager to do more than watch, Joseph Michelli deconstructs the Zappos story and makes it attainable.” —Seth Godin, author of *Poke the Box* About the Book: ZAPPOS. The name has come to stand for a new standard of customer service, an amazing online shopping experience, a great place to work, and the most impressive transformational business success story of our time. Simply put, Zappos is revolutionizing business and changing lives. Now, Joseph Michelli, author of the internationally bestselling business books *Prescription for Excellence* and *The Starbucks Experience*, explains how Zappos does it—and how you can do it in your industry. The *Zappos Experience* takes you through—and beyond—the playful, offbeat company culture Zappos has become famous for. Michelli reveals what occurs behind the scenes at Zappos, showing how employees at all levels operate on a day-to-day basis while providing the “big picture” leadership methods that have earned the company \$1 billion in annual gross sales during the last ten years—with almost no advertising. Michelli breaks the approach down into five key elements: Serve a Perfect Fit—create bedrock company values Make it Effortlessly Swift—deliver a customer experience with ease Step into the Personal—connect with customers authentically S T R E T C H—grow people and products Play to Win—play hard, work harder When you enhance the customer experience, increase employee engagement, and create an energetic culture, you can’t help but succeed. Zappos has woven these five key components into a seamless strategy that’s the envy of business leaders. Now that strategy is yours. With *The Zappos Experience*, Joseph Michelli delivers a package for instant success right to your doorstep. All you have to do is open and use it.

Provides an overview of the big issues in the business world today, with firsthand accounts from young leaders tasked with tackling these issues head on.

"An inside look at the CEO of Zappos, Tony Hsieh, one of the most enigmatic and successful entrepreneurs of our time, and his quest to create his own version of utopia in the center of Las Vegas"--

In June, 2012, Steven Fujita went to the emergency room and was diagnosed with meningitis. After four days of improvement, he was scheduled to be discharged when his condition worsened dramatically. His blood pressure, body temperature and sodium levels became dangerously low. He started to lose consciousness. He was rushed to the Intensive care Unit. He had suffered spinal cord damage at the T4 level. Upon regaining full consciousness, Fujita could not speak, eat, breathe independently, control bodily functions, nor move his legs. In this book, he takes the reader on a journey of recovery from spinal cord injury. It is not only a journey of determination and hard work, but of positive attitude and drawing inspiration, of gratitude towards those around him: his family, his friends, co-workers, and medical professionals.

A columnist for Inc. outlines his theories about street-smart businesspeople who appear to possess unique intuitive gifts, in an anecdotal guide that shares real-life stories about how companies met various challenges by identifying potential problems, focusing on goals, and maintaining perspective. 30,000 first printing.

Do you ever feel crushed under the weight of your own expectations? Have you ever passed up an opportunity because you're afraid you won't immediately excel at it? Saujani shows that women are taught from an early age to play it safe, rewarded for being quiet and polite, steered to activities at which we could shine. We grow up afraid to fail, tamping down our dreams and our opportunities for happiness. Saujani shows us how to end our love affair with perfection and rewire ourselves for bravery. -- adapted from publisher info

Practical advice for your personal journey, from a self-made billionaire Business-Do is your personal handbook for achieving happiness by systematically turning your dreams into reality. Success looks different to everyone, but author Hiroshi Mikitani exemplifies its essential, universal qualities: as the founder and CEO of Rakuten, Mikitani is a self-made entrepreneur who became Japan's leader in the new global economy—a journey that made him a billionaire. In this book, he shows you how to achieve your own version of success in work and in life. Paying homage to Japan's ethos of quality and discipline, this book shares 89 principles Mikitani has gathered over the course of his remarkable career. These thought-provoking, action-oriented rules show you everything from how useful your dreams are, to the best way to harness the internet, to what management techniques work to the importance of self-improvement. The result: your own powerful, personal playbook straight from the mind of an inspirational trailblazer. Mikitani guided Rakuten from its 1997 foundation to become one of the world's largest e-commerce platforms, with a still rapidly-expanding global footprint reaching industries including fintech, messaging, digital content, and even drones. This book describes the ideas, thoughts, actions, and philosophies that drove Mikitani to the top. Discover the myriad ways in which the internet is fundamentally transforming the world Learn from a blend of Japanese discipline and commitment to quality and the Silicon Valley approach to business, where collaboration and agility are essential and lucrative Adopt data-driven management techniques that constantly question, constantly improve, and empower people to exceptional performance Share in Mikitani's optimistic vision, and his industry-specific predictions Happiness is something you live every day. It is both the result and the critical ingredient of success, and there is plenty to go around. Business-Do gives you the principles you need on your own journey to success.

Coaching is an essential skill for leaders. But for most busy, overworked managers, coaching employees is done badly, or not at all. They're just too busy, and it's too hard to change. But what if managers could coach their people in 10 minutes or less? In Michael Bungay Stanier's The Coaching Habit, coaching becomes a regular, informal part of your day so managers and their teams can work less hard and have more impact. Coaching is an art and it's far easier said than done. It takes courage to ask a question rather than offer up advice, provide an answer, or unleash a solution. Giving another person the opportunity to find their own way, make their own mistakes, and create their own wisdom is both brave and vulnerable. It can also mean unlearning our "fix it" habits. In this practical and inspiring book, Michael shares seven transformative questions that can make a difference in how we lead and support. And, he guides us through the tricky part - how to take this new information and turn it into habits and a daily practice. -Brené Brown, author of Rising Strong and Daring Greatly Drawing on years of experience training more than 10,000 busy managers from around the globe in practical, everyday coaching skills, Bungay Stanier reveals how to unlock your peoples' potential. He unpacks seven essential coaching questions to demonstrate how---by saying less and asking more--you can develop coaching methods that produce great results. - Get straight to the point in any conversation with The Kickstart Question - Stay on track during any interaction with The AWE Question - Save hours of time for yourself with The Lazy Question, and hours of time for others with The Strategic Question - Get to the heart of any interpersonal or external challenge with The Focus Question and The Foundation Question - Finally, ensure others find your coaching as beneficial as you do with The Learning Question A fresh, innovative take on the traditional how-to manual, the book combines insider information with research based in neuroscience and behavioural economics, together with interactive training tools to turn practical advice into practiced habits. Dynamic question-and-answer sections help identify old habits and kick-start new behaviour, making sure you get the most out of all seven chapters. Witty and conversational, The Coaching Habit takes your work--and your workplace--from good to great.

"This book is your chance to learn from others' mistakes."-- Entrepreneur In the 1960s, IBM CEO Tom Watson called an executive into his office after his venture lost \$10 million. The man assumed he was being fired. Watson told him, "Fired? Hell, I spent \$10 million educating you. I just want to be sure you learned the right lessons." There are thousands of books about successful companies but virtually none about the lessons to be learned from those that crash and burn. Now Paul Carroll and Chunka Mui draw on

research into more than 750 flameouts to reveal the seven biggest reasons for business failure.

#1 NEW YORK TIMES AND WALL STREET JOURNAL BESTSELLER Pay brand-new employees \$2,000 to quit Make customer service the responsibility of the entire company—not just a department Focus on company culture as the #1 priority Apply research from the science of happiness to running a business Help employees grow—both personally and professionally Seek to change the world Oh, and make money too . . . Sound crazy? It's all standard operating procedure at Zappos, the online retailer that's doing over \$1 billion in gross merchandise sales annually. Argues that the "lean and mean" corporate model of workaholicism and downsizing is proving counterproductive, explaining how companies can implement downtime, promote flexibility, and foster creativity as part of realizing increased revenues. Reprint.

You've thought about starting your own business . . . but how can you decide if you should really take the leap? There's a lot on the line, and you have to ask yourself difficult questions: Do I have what it takes? Is it worth it? And how the hell do I do it? You need answers, not bullshit. This book has them. Entrepreneurial Leap: Do You Have What it Takes to Become an Entrepreneur? is an easy-to-use guide that will help you decide, once and for all, if entrepreneurship is right for you—because success as an entrepreneur depends on far more than just a great idea and a generous helping of luck. In this three-part book, Gino Wickman, bestselling author of Traction, reveals the six essential traits that every entrepreneur needs in order to succeed, based on real-world startups that have reached incredible heights. If these traits ring true for you, you'll get a glimpse of what your life would look like as an entrepreneur. What's more, Wickman will help you determine what type of business best suits your unique skill set and provide a detailed roadmap, with tools, tips, and exercises, that will accelerate your path to startup success. Packed with real-life stories and practical advice, Entrepreneurial Leap is a simple how-to manual for BIG results. Should you take the leap toward entrepreneurship? Find out today and let tomorrow be the first step in your new journey, whatever shape it may take.

Proven principles for sustainable success, with new leadership insight PEAK is the popular, transformative guide to doing business better, written by a seasoned entrepreneur/CEO who has disrupted his favorite industry not once, but twice. Author Chip Conley, founder and former CEO of one of the world's largest boutique hotel companies, turned to psychologist Abraham Maslow's Hierarchy of Needs at a time when his company was in dire need. And years later, when the young founders of Airbnb asked him to help turn their start-up home sharing company into a world-class hospitality giant, Conley once again used the principles he'd developed in PEAK. In the decade since this book's first edition, Conley's PEAK strategy has been developed on six continents in organizations in virtually every industry. The author's foundational premise is that great leaders become amateur psychologists by understanding the unique needs of three key relationships—with employees, customers, and investors—and this message has resonated with every kind of leader and company including some of the world's best-known, from Apple to Facebook. Avid users of PEAK have found that the principles create greater loyalty and differentiation with their key stakeholders. This new second edition includes in-depth examples of real-world PEAK companies, including the author's own at Airbnb, and exclusive PEAK leadership practices that will take you—and your company's performance—to new heights. Whether you're at a startup or a Fortune 500 company, at a for-profit, nonprofit, or governmental organization, this book can help you and your people reach potential you never realized you had. Understand how Maslow's hierarchy makes for winning business practices Learn how PEAK drove some of today's top businesses to success Help employees reach their full potential—and beyond Transform the customer experience and keep investors happy The PEAK framework succeeds because it elevates the business from the inside out. These same principles apply in the boardroom, the breakroom, and your living room at home, and have proven to be the foundation of healthy, fulfilled lives. Even if you think you're doing great, you could always be doing better—and PEAK gives you a roadmap to the next level.

Delivering Happiness A Path to Profits, Passion, and Purpose Grand Central Publishing

In the ever-changing world of business, we've arrived at a point where process has trumped culture, where the race toward efficiency has left us unable to reach our potential. Stuck in the land of status quo, we've forgotten how to think. The very structures put in place to help businesses grow are now holding us back; it's time to Kill the Company. This book is a call to arms: to start a revolution in how we think and work. But instead of more one-size-fits-all change initiatives forced upon employees, we need to embrace small changes that create ripple effects throughout the organization. Lisa Bodell urges companies to move from "Zombies, Inc." to "Think, Inc." Thinking can no longer be exclusive to the creative team or lead strategists. A culture of curiosity must be fostered among the ranks to shake up our standard practices, from unproductive meetings to go-nowhere strategic planning. This revolution can and will awaken our ability to think, and ultimately, to innovate and grow.

Entrepreneurial phenomenon Ari Weinzweig, co-founder of the much-loved Zingerman's Deli, shares the secrets to providing world-class customer service. Zingerman's in Ann Arbor, Michigan, is a beloved deli with some of the most loyal clientele around. It has been praised for its products and service in media outlets far and wide, including the New York Times, Men's Journal, Inc. Magazine, Esquire, Atlantic Monthly, USA Today, and Fast Company. And what started out as a small deli has grown to a flourishing restaurant,

catering service, bakery, mail-order operation, creamery, and training business. Booming business and loyal customers are proof enough that the Zingerman's team knows a thing or two about customer service. Now in Zingerman's Guide to Giving Great Service, co-founder Ari Weinzweig shares the unique Zingerman method of treating customers, giving the reader step-by-step instructions on what to teach staff, how to train them, how to implement the training, how to measure their success, and finally, how to reward performance. Some of Zingerman's time-tested principles: Customers who get a great product but poor service won't be as loyal as those who are disappointed with a product but get great service. You'll get more complaints if people believe you care enough to listen to them. And that's a good thing. Employees who are rewarded, respected, and well cared for treat customers the same way.

This fundamental guide on programmatic advertising explains in detail how automated, data-driven advertising really works in practice and how the right adoption leads to a competitive advantage for advertisers, agencies and media. The new way of planning, steering and measuring marketing may still appear complex and threatening but promising at once to most decision makers. This collaborative compendium combines proven experience and best practice in 22 articles written by 45 renowned experts from all around the globe. Among them Dr. Florian Heinemann/Project-A, Peter Würtenberger/Axel-Springer, Deirdre McGlashan/MediaCom, Dr. Marc Grether/Xaxis, Michael Lamb/MediaMath, Carolin Owen/IPG, Stefan Bardega/Zenith, Arun Kumar/Cadreon, Dr. Ralf Strauss/Marketingverband, Jonathan Becher/SAP and many more great minds.

"Reilly's profound message will lead you and me and everyone to richer lives." —Geoff Colvin, author of Talent Is Overrated James Marshall Reilly set out to capture the insights of today's brightest business and nonprofit leaders. He conducted in-depth interviews with Tony Hsieh (Zappos), Blake Mycoskie (TOMS), Shawn Fanning (Napster, Rupture, Path), and Jessica Jackley (Kiva, ProFounder), among many others. And he learned that despite their different fields, they're all using similar tools to seize opportunities and redefine success. The role models in Shake the World define themselves not by money and title but by fulfillment and happiness. This book will light your path to greatness if you too want to shake the world.

The CEO of the successful online shoe retailer Zappos explains, in graphic novel format, how he used the science of happiness to boost sales and deliver contentment to his employees, customers, investors, and vendors.

The Happiest Company to Work for! Mirai Industry's biggest theme is to make their employees happy. People work hard and are more creative when they are happy! Mirai has been doing very strange things for 50 years:- Never lost any money in past 50 years, since inception- Longest paid vacation and shortest working hours in Japan- No "HoRenSo" - no reporting, communicating and consulting - we want everyone to be self-reliant- No overtime- You must differentiate - we don't do what others do- No sales quotas- You get paid \$6.00 for every mistake you make- In fact, you are encouraged to make mistakes, learn from them, but never make the same mistake twice- We don't make it cheaper - most patents for its size- No carrot and stick- Everyone is fulltime- Every five years all 850 employees go on an overseas trip - this year it was Italy- Don't work for others - do things you like- If you fail the supervisor will say "Good job" - no scolding- They get around 10,000 implemented ideas per year- Managers are prohibited from giving orders to subordinates- We do not measure people's performance- Easy to work here but a challenge to the managers"Business will never be profitable if you are doing the same things that other companies do."

Named by The Washington Post as one of the 11 Leadership Books to Read in 2018 When it comes to recruiting, motivating, and creating great teams, Patty McCord says most companies have it all wrong. McCord helped create the unique and high-performing culture at Netflix, where she was chief talent officer. In her new book, Powerful: Building a Culture of Freedom and Responsibility, she shares what she learned there and elsewhere in Silicon Valley. McCord advocates practicing radical honesty in the workplace, saying good-bye to employees who don't fit the company's emerging needs, and motivating with challenging work, not promises, perks, and bonus plans. McCord argues that the old standbys of corporate HR—annual performance reviews, retention plans, employee empowerment and engagement programs—often end up being a colossal waste of time and resources. Her road-tested advice, offered with humor and irreverence, provides readers a different path for creating a culture of high performance and profitability. Powerful will change how you think about work and the way a business should be run.
