The year is 4518 BCE. Halim, a Shakti warrior initiate, lives with his family in Harappa, a fortified city in the Indus River Valley. His father is injured, so the task falls to Halim to find a cure for his mother, who has fallen prey to a mysterious, debilitating disease. Sanjit, a seasoned Shakti, agrees to accompany Halim to the Kunlun Mountains in search of a sacred medicine from an ancient monastery. Halim's impulsive sister, Taja, insists on joining them too. When the three travellers confront the Ignogai, a barbaric tribe with a bloodthirsty shaman, they must flee across hazardous and unfamiliar terrain to avoid being captured and persecuted for their Shakti Prana. With a little bit of magic, determination, and some help from a few extraordinary people, the trio must fight for their lives to make it back home in time to save Halim's mother from certain demise. When a ventilator prevented her from speaking during her final hours, Jennifer started writing. After her death, her husband turns to those pages to tell her story of courage and faith. James had just walked through the door after a day's work when Jennifer told him the news that changed everything: it was cancer. In the following two years they would lose their sense of normalcy and their dreams for the future. But along the way, they would gain something even greater than their loss. Told through the eyes of a grieving husband is this true story of a young woman's fight for her life. Jennifer's final words, penned by hand when a ventilator prevented her from speaking, provide a powerful backdrop to this journey of faith and hope. A memoir that also offers a practical pathway for those struggling with loss, *The Last Seven Pages* is a testimony of a God who is present in our darkest moments, and who turned a devastating illness into a life-changing promise.

GOLIATH'S HEAD tells of a search for courage and hope amidst crushing oppression. Avi Schneider is a Jewish boy growing up in Russia on the eve of early-twentieth-century revolution. He is nine years old when he meets his own personal devil, Viktor Askinov, a brutal youngster who relishes tormenting Jews. In the following years, Avi is the object of his tormentor's obsession. Fourteen years later in 1905 the Tsar instigates riots - pogroms - against the poor, teeming Jewish villages. Now a husband and father, Avi takes to the barricades to defend his village from the mob coming to kill the men, rape the women, and burn down his village. Armed, he again faces Viktor Askinov, who is leading the mob. But he has been warned that if he kills Viktor Askinov, he puts his beautiful young wife Sara and newborn son Itzhak in deadly peril. Avi must decide this night what he stands for. Is it survival at any cost, for himself and those he loves? Or is it righteous vengeance for his people?

Nine visions of capitalism argues that capitalism does have a future despite its recent crises, but only if the standard Anglo-American model of capitalism absorbs the dynamism and flexibility of the German Mittelstand, pays heed to Singapore's hybridization model and learns from the world's vibrant immigrant communities.

My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer, the grammy awards

Jess has been in love with her best friend, Kate, for seven years, but her feelings have never been returned. One night they sleep together, and Jess finds out how much it is

possible to be hurt by someone close. Jess and Kate struggle to redefine their friendship. They spend a week at Jess's family holiday house in a small seaside town, Awatangi, intending to make the time to talk things through, but the conversations never happen. Kate makes vague promises, but begins to have second thoughts. Jess wants Kate, and nothing else, and is heartbroken that isn't enough. Jess decides – while everything is changing in her life – that she doesn't want to go on living in the city, that she wants to return to Awatangi. Part of her hopes some physical distance between them may help things with Kate, and part of her – frustrated and upset – simply wants to leave Kate behind. In Awatangi, Jess meets Keri, a local lawyer who has also recently returned home. Like Jess, Keri surfs, and like Jess, she seems to feel some attachment to her family roots in Awatangi. Jess is drawn to Keri, but forces herself not to let anything happen. Despite everything, Kate is still Jess's closest friend, and she has loved Kate all her life. She feels she has to give the situation with Kate as long as she can to work itself out. Awatangi is about coping with feelings for a close friend that are not returned, set in a small holiday township on the West Coast of the South Island of New Zealand. It is an exploration of getting what you've always wanted and it not being enough, of being in love with one person and wanting another, and of finding out that life doesn't always turn out as expected.

boo hoo is a gripping, insider's account of the rise and fall of this most controversial of internet startups - a global, online retailer of sports and designer clothes.

The second book in the Easy Money trilogy discusses how the global financial system evolved in the aftermath of the First World War and how that finally led to the dot-com crash in the United States, in the early 2000s. It gives an overview of how in the aftermath of the First World War, Europe was in major trouble. The book also analyzes how the United Kingdom of Great Britain, which was once the premier nation of the world, lost out to its former colony, the United States of America. The dominance of the United States led to its currency, the dollar, becoming the international reserve currency. This led to the United States having an exorbitant privilege which it still continues to have. Over the years, this exorbitant privilege has led to many financial crises in different parts of the world. It has also been responsible for the current financial crisis as well. The book concludes with the wisdom of the legendary investor Warren Buffett, who was deemed to be a failure, during the heydays of the dot-com bubble, when his investment company Berkshire Hathaway could not generate the stupendous returns that dot-com stocks had been generating. Nevertheless, in the end, it was Buffett who had the last laugh. As he wrote to his shareholders: "But a pin lies in wait for every bubble." The lessons of the dot-com bubble bursting were never really learnt, and soon the same mistakes would be made again.

Over the past decade, a small revolution has taken place at some of the world's leading universities, as they have started to provide free access to undergraduate course materials--including syllabi, assignments, and lectures--to anyone with an Internet connection. Yale offers high-quality audio and video recordings of a careful selection of popular lectures, MIT supplies digital materials for nearly all of its courses, Carnegie Mellon boasts a purpose-built interactive learning environment, and some of the most selective universities in India have created a vast body of online content in order to reach more of the country's exploding student population. Although they don't offer online credit or degrees, efforts like these are beginning to open up elite

institutions--and may foreshadow significant changes in the way all universities approach teaching and learning. *Unlocking the Gates* is one of the first books to examine this important development. Drawing on a wide range of sources, including extensive interviews with university leaders, Taylor Walsh traces the evolution of these online courseware projects and considers the impact they may have, both inside elite universities and beyond. As economic constraints and concerns over access demand more efficient and creative teaching models, these early initiatives may lead to more substantial innovations in how education is delivered and consumed--even at the best institutions. *Unlocking the Gates* tells an important story about this form of online learning--and what it might mean for the future of higher education.

Indistinct voices, strange visitations and unusual dreams have begun to plague Nineteen-year-old Khari days before her return from London to her Oregon home. As the occurrences have spawned haunting emotions she thought she had escaped, she realizes she can't ignore them any longer and begins to surrender to their pull. She teams up with her dad, a downtrodden columnist at the paper, to unearth the mystery. The muckrakers find the plot goes deeper – and contains more skeletons among the city's powerbrokers – than they imagined.

"I want you to drive me wild," she whispered and listened to his hearty laughter as the cool object slowly caressed the inside of her calves. Shivers of anticipation raced along her nerves to the center of her desire. She recognized the feeling of leather and blushed even deeper when she realized he was using the riding crop. The idea of it made her feel oddly aroused. In a deep tone, barely above a whisper he said, "Let's play." Librarian Sandra Dennis is a small town girl who has

From viral comedy sensation James Veitch (as seen on TED, Conan, and The Tonight Show with Jimmy Fallon) comes a collection of laugh-out-loud funny exchanges with email scammers. The Nigerian prince eager to fork over his inheritance, the family friend stranded unexpectedly in Norway, the lonely Russian beauty looking for love . . . they spam our inboxes with their hapless pleas for help, money, and your social security number. In Dot Con, Veitch finally answers the question: what would happen if you replied? Suspicious emails pop up in our inboxes and our first instinct is to delete unopened. But what if you responded to the deposed princess begging for money in your Gmail? Veitch dives into the underbelly of our absurd email scam culture, playing the scammers at their own game, and these are the surprising, bizarre, and hilarious results. Groomed for a place at a Big Name School since their obsessed, status-conscious helicopter parents passed out cigars at the Stockstill General Hospital Neonatal Unit, the privileged students of Pembrocton College Preparatory are ratcheting up the stakes in the race to get into the nation's most prestigious colleges. The PCP juniors are gloating, jubilant at the rumor that the valedictorian presumptive has received a B on her report card, a grade that will relegate her to in-state hell. Her heir apparent, a three-generation Yale legacy, is the sole mourner at the demise of her future—if only because her thoughtless academic lapse is going to derail his plans to attend MIT. Across town, in the graffiti-covered halls of Stockstill High School, the students slink to class, praying that they arrive without a knife wound—and dream of ivy-covered walls. And with the help of a take-no-prisoners principal and an enterprising parent, the students at SHS dare to encroach shamelessly on territory normally reserved for their wealthy private school rivals. Join the fray as a memorable cast of characters engages in the latest rage in extracurricular activities: college admissions as a blood sport. Laugh out loud funny, The Applicants lampoons the heights we scale—and the depths to which we sink—to get into the “right” college. ?

~BN.com's official review

The Internet stock bubble wasn't just about goggle-eyed day trader trying to get

rich on the Nasdaq and goateed twenty-five-year-olds playing wannabe Bill Gates. It was also about an America that believed it had discovered the secret of eternal prosperity: it said something about all of us, and what we thought about ourselves, as the twenty-first century dawned. John Cassidy's Dot.con brings this tumultuous episode to life. Moving from the Cold War Pentagon to Silicon Valley to Wall Street and into the homes of millions of Americans, Cassidy tells the story of the great boom and bust in an authoritative and entertaining narrative.

Featuring all the iconic figures of the Internet era -- Marc Andreessen, Jeff Bezos, Steve Case, Alan Greenspan, and many others -- and with a new Afterword on the aftermath of the bust, Dot.con is a panoramic and stirring account of human greed and gullibility.

This collection explores monetary institutions linking Europe and the Americas in the seventeenth to nineteenth centuries.

It is a simple and fun story with beautiful illustrations. The story is about a young wolf who decide to leave his pack and go hunting alone in places where he's never been before. He discover that being alone is not as easy as he thought it will be, but not before going through some fun adventures. It is a great book to be read to young children, but in the same time it is an easy to read book for children who discover the magic of books by themselves.

Carry the Day, is a story of the iconic but common beauty between struggle & success. Like the sunflower, Phadila has an unwavering amount of faith in her failures and her successes. Because of her optimism she's hopes for brighter days. Though she has moments of defeat, uncertainty and heart break, she remains patient through her circumstances until her change comes and eventually, it does!

Not your typical letter book, this story uses the alphabet to express the hopes and desires we have for every young life. The words engage the reader and the rhythm entertains the young learner. The illustrations complement the story but also offer additional learning opportunities with the use of color, letters and animals. This story is more than just an alphabet book but a celebration of all the wonders of life.

A roaring, rollicking, foot-stomping farce. Ketchup Soup is an epic, and at times ribald, comedy about the lovable James Reichardt, a verbose junior copywriter who's just landed his first job at a sleepy advertising agency in New Orleans. Part genius, part naive miscreant, James suffers from illusions of grandeur, not the least of which are the beliefs that business is the key to happiness and that he is Caesar reincarnated. In his first 364 days in the Big Easy he'll join forces with the many colorful characters of the city to bring down the ad agency, swear allegiance to art and lead a revolt against capitalism at the height of Mardi Gras. A tale that is both hilarious and heartfelt, Ketchup Soup is the side-splitting story of one young man's journey through the nonconformists and dank back alleys of New Orleans.

Internationally renowned, award-winning theoretical physicist, New York Times bestselling author of *A Universe from Nothing*, and passionate advocate for reason, Lawrence Krauss tells the dramatic story of the discovery of the hidden world of reality—a grand poetic vision of nature—and how we find our place within it. In the beginning there was light. But more than this, there was gravity. After that, all hell broke loose... In *A Universe from Nothing*, Krauss revealed how our entire universe could arise from nothing. Now, he reveals what that something—reality—is. And, reality is not what we think or sense—it's weird, wild, and counterintuitive; it's hidden beneath everyday experience; and its inner workings seem even stranger than the idea that something can come from nothing. In a landmark, unprecedented work of scientific history, Krauss leads us to the furthest reaches of space and time, to scales so small they are invisible to microscopes, to the birth and rebirth of light, and into the natural forces that govern our existence. His unique blend of rigorous research and engaging storytelling invites us into the lives and minds of the remarkable, creative scientists who have helped to unravel the unexpected fabric of reality—with reason rather than superstition and dogma. Krauss has himself been an active participant in this effort, and he knows many of them well. *The Greatest Story* challenges us to re-envision ourselves and our place within the universe, as it appears that “God” does play dice with the universe. In the incisive style of his scintillating essays for *The New Yorker*, Krauss celebrates the greatest intellectual adventure ever undertaken—to understand why we are here in a universe where fact is stranger than fiction.

The Untold story of USAF fighter pilot, Mac Deverreaux, who flies on the wings of fate into a world rife with war and women.

In his own words, the heavyweight champion of the world pulls no punches as he chronicles the battles he faced in and out of the ring in this fascinating memoir edited by Nobel Prize-winning novelist, Toni Morrison. Growing up in the South, surrounded by racial bigotry and discrimination, Ali fought not just for a living, but also for respect and rewards far more precious than money or glory. He was named Sportsman of the Century by *Sports Illustrated* and the BBC. Ali redefined what it meant to be an athlete by giving hope to millions around the world and inspiring us all to fight for what is important to us. This is a multifaceted portrait of Muhammad Ali only he could render: sports legend; unapologetic anti-war advocate; outrageous showman and gracious goodwill ambassador; fighter, lover, poet, and provocateur; an irresistible force to be reckoned with. Who better to tell the tale than the man who went the distance living it? While doing genealogy research, a college professor runs across a true example of that most wayward of American existences—the hobo—in a story of a pair of runaways who hopped the rails, departing for times and places unknown, with only their adventurous spirits to guide them. Near his life's end, Percy B. Gates was a distinguished family man. He'd settled down and leveled out, but his past was full of adventure. At age thirteen, Percy and his best friend, Bill, ran off, whisked away from their homes on railroad tracks. They met a wide cast of characters while traveling the fifty states, from Wyatt Earp in the Old West to Teddy Roosevelt down in San Antonio. Bill fought a war, and Percy barely missed joining Roosevelt's Rough Riders. Eventually, they became boilermakers on that same railroad and found themselves in the middle of more than one outburst of union violence. Their rowdy journey through life ended up as more than

those young runaways could have imagined. This expansive adventure portrays a classic American story, based on the author's grandfather's own tales and letters. Leaving a disastrous past behind, the hobo sets off on his own American dream. This is a sceptical history of the internet/stock market boom. John Cassidy argues that what we have just witnessed wasn't simply a stock market bubble; it was a social and cultural phenomenon driven by broad historical forces. Cassidy explains how these forces combined to produce the buying hysteria that drove the prices of loss-making companies into the stratosphere. Much has been made of Alan Greenspan's phrase irrational exuberance, but Cassidy shows that there was nothing irrational about what happened. The people involved - fund managers, stock analysts, journalists and pundits - were simply acting in their own self-interest.

Features an audio read-along! With a simple, witty story and free-spirited illustrations, Peter H. Reynolds entices even the stubbornly uncreative among us to make a mark -- and follow where it takes us. Her teacher smiled. "Just make a mark and see where it takes you." Art class is over, but Vashti is sitting glued to her chair in front of a blank piece of paper. The words of her teacher are a gentle invitation to express herself. But Vashti can't draw - she's no artist. To prove her point, Vashti jabs at a blank sheet of paper to make an unremarkable and angry mark. "There!" she says. That one little dot marks the beginning of Vashti's journey of surprise and self-discovery. That special moment is the core of Peter H. Reynolds's delicate fable about the creative spirit in all of us.
