

## Luna Y

Once there was a redwood tree—one of the world's largest and tallest trees, and one of the oldest. And once, born nearly a thousand years after the tree first took root, there was a girl named Julia, who was called Butterfly. When exploring her beloved forest, Butterfly wandered into a grove of ancient trees. One tree had broken branches and a big blue "X" on the side. It was going to be chopped down. Butterfly climbed up into the tree. A tree wouldn't be cut down if it had a person living in it. This is the story of Julia Butterfly Hill and Luna, the redwood tree she lived in for two years, never once coming down. That is, not until Luna's future was safe.

This is a work that should be read carefully by students of Spanish colonization. Seldom in recent years has a work of primary sources been as important as this been given to the public.

Este manojo de cuentos quiere ser también un homenaje a Poe y a Borges, ambos iniciadores de caminos. El miedo y el coraje, como otras oposiciones, forman parte, herméticamente hablando, de un mismo cotinuum, igual que el amor y el odio, la belleza y la fealdad, la oscuridad y la luz. Solamente las dos puntas son claramente discernibles. El horror no tiene contraparte, es único y solitario; ni la paz, la tranquilidad o la calma, constituyen sus antónimos. Ninguno alcanza a cubrir todas sus extrañas facetas desde una perspectiva contraria. Quizá sea absoluto, más que la muerte y el mal, que al menos contrastan con la vida y el bien. El horror literario, empero, es el más inofensivo de todos, comparado con las pesadillas, el temor real o el metafísico y religioso, porque sólo está hecho de palabras. Posee, empero, la facultad de inquietar, como a todos. A modo de compensación, he incluido algunos ramalazos de humor negro, el género que más puede convivir con el del horror, y que constituye, tal vez, su parte más piadosa. He preferido titular estos relatos de "horror", en lugar de "terror", por las nefastas connotaciones adicionales que este último vocablo tiene en la actualidad, y que no constituyen el tema de los mismos.

En una noche serena, un rayo de luna entra por la ventana. La niña despierta. Desde el balcón ve la luna llena. Es algo sorprendente. Desde entonces la luna llena la acompañará en el recorrido de la órbita de su vida. Con un instinto que la mueve, con un sexto sentido heredado de siglos atrás, se sentirá atraída por la luna. Sin embargo, la atracción es mutua: la niña y la luna. Este libro, en su mayor parte biográfico, fue escrito en noches de luna llena, ya que la autora asegura que desde chiquita no puede dormir en estas noches, y así nace "Noches de Luna Llena." It is a quiet night. A glint of light enters through the window. The little girl awakes. From the balcony she watches the full moon. It is something amazing for her. The moon will always accompany her as she lives her life. She will be attracted by the moon instinctually, a psychic gift that she inherit centuries ago. Most of this book is autobiographical. It was written during nights of the full moon. The author says that since she was a little girl, she couldn't sleep during these nights, and this is how Nights of the Full Moon was born.

### EL REGRESO A COATLICUE

The problem with secrets is that they're too easy to keep collecting. Luna Allen has done some things she would rather no one ever know about. She also knows that, if she could go back in time, she wouldn't change a single thing. With three sisters she loves, a job she (mostly) adores, and a family built up of friends she's made over the years, Luna figures everything has worked out the way it was supposed to. But when one of those secrets involves the man who signs her paycheck, she can't find it in her to regret

it. Despite the fact that he's not the friendliest man in the world. Or the most patient. Sometimes there are things you're better off keeping to yourself.-----#1 Overall Amazon Kindle Best Seller
