These transcendent, lyrical essays on the West announced Gretel Ehrlich as a major American writer—"Wyoming has found its Whitman" (Annie Dillard). Poet and filmmaker Gretel Ehrlich went to Wyoming in 1975 to make the first in a series of documentaries when her partner died. Ehrlich stayed on and found she couldn't leave. *The Solace of Open Spaces* is a chronicle of her first years on "the planet of Wyoming," a personal journey into a place, a feeling, and a way of life. Ehrlich captures both the otherworldly beauty and cruelty of the natural forces—the harsh wind, bitter cold, and swiftly changing seasons—in the remote reaches of the American West. She brings depth, tenderness, and humor to her portraits of the peculiar souls who also call it home: hermits and ranchers, rodeo cowboys and schoolteachers, dreamers and realists. Together, these essays form an evocative and vibrant tribute to the life Ehrlich chose and the geography she loves. Originally written as journal entries addressed to a friend, *The Solace of Open Spaces* is raw, meditative, electrifying, and uncommonly wise. In prose "as expansive as a Wyoming vista, as charged as a bolt of prairie lightning," Ehrlich explores the magical interplay between our interior lives and the world around us (Newsday).

bestselling author of *Wicked* turns his unconventional genius to Hans Christian Andersen's "The Wild Swans," transforming this classic tale into an Italian-American girl's poignant coming-of-age story, set amid the magic of Christmas in 1960s New York. Following her brother's death and her mother's emotional breakdown, Laura now lives on the Upper East Side of Manhattan, in a lonely townhouse she shares with her old-world, strict, often querulous grandparents. But the arrangement may be temporary. The quiet, awkward teenager has been getting into trouble at home and has been expelled from her high school for throwing a record album at a popular girl who bullied her. When Christmas is over and the new year begins, Laura may find herself at boarding school in Montreal. Nearly unmoored from reality through her panic and submerged grief, Laura is startled when a handsome swan boy with only one wing lands on her roof. Hiding him from her ever-bickering grandparents, Laura tries to build the swan boy a wing so he can fly home. But the task is too difficult to accomplish herself. Little does Laura know that her struggle to find help for her new friend parallels that of her grandparents, who are desperate for a distant relative's financial aid to save the family store. As he explores themes of class, isolation, family, and the dangerous yearning to be saved by a power greater than ourselves, Gregory Maguire conjures a haunting, beautiful tale of magical realism that illuminates one young woman's heartbreak and hope as she begins the inevitable journey to adulthood.

recount her life story before it is too late, and she wants Margaret to be the one to capture her history. The request takes Margaret by surprise—she doesn't know the author, nor has she read any of Miss Winter's dozens of novels. Late one night, while pondering whether to accept the task of recording Miss Winter's personal story, Margaret begins to read her father's rare copy of Miss Winter's *Thirteen Tales of Change and Desperation*. She is spellbound by the stories and confused when she realizes the book only contains twelve stories. Where is the thirteenth tale? Intrigued, Margaret agrees to meet Miss Winter and act as her biographer. As Vida Winter unfolds her story, she shares with Margaret the dark family secrets that she has long kept hidden as she remembers her days at Angelfield, the now burnt-out estate that was her childhood home. Margaret carefully records Miss Winter's account and finds herself more and more deeply immersed in the strange and troubling story. In the end, both women have to confront their pasts and the weight of family secrets. As well as the ghosts that haunt them still.
