

Your Money Play Book Your Total Money Makeover Guide For Managing Your Money When You Don T Have Any

A never-ending testament of how overpowering negative forces leads to living our greatest potential. Money in the Streets is more than one man's journey in hard-knocks New York. It's more than the recounting of risking it all to win. Told with heart and laced with the sentiment of tremendous gratitude, Barry Habib deftly weaves tales of his upbringing to take the reader back in time. From his childhood, where he'd pick up the discarded toys of other children because he had so few of his own to play with on into the sales world, where Habib got creative as a sort-of street vendor, Money in the Streets blends humor and hardship through the incredulous moments of Habib's life. He wrote this book to answer a compulsion to share what worked for him as he scaled the ladder—creating multiple successful companies, growing into an international speaker, and frequenting major media networks as well as producing various entertainment productions—most notably as the driving force and lead producer of one of the longest-running shows on Broadway (later made into a film): Rock of Ages. Habib offers his life as proof that you can keep going no matter what. He shares some of his most painful memories while also exulting in personal and business triumphs to encourage everyone to aim for the same. Of particular note are the mindset tactics in Money in the Streets that are road-tested and personal practices of Habib, who treats each day as a reason to be thankful. No matter the struggle, whether self-doubt, negativity, loss, stress, or being “stuck” in life, Money in the Streets is a resolution roadmap. An easy read that will play on the reader's every emotion, this standout work and Habib's voice are unforgettable. He writes as if you are the only person in the room...because to Habib, you are.

Eric and Kelsey were a few years out of college with a brand new house they could barely afford and nearly \$40,000 in debt. After overspending \$1,500 one month, the Williamses decided to clean up their act before starting a family and spent the next 23 months digging their way out of debt on a very average household income. This book will tell you how they did it and give you practical steps on how you can do it, too. You might be frustrated with all of the money advice you get. It can be very pointed and opinionated. But there is usually more than one way of doing things. While understanding financial principles is great, you'll ultimately have to discover what works for you and your money. It's Your Money is a book with two parts. The first part tells the Williamses' story, filled with money lessons they learned throughout their early adult life - how they ended up in debt due to financial mistakes and lessons they were never taught growing up. Part II is filled with practical action steps to help you get a handle on your own finances and start developing a plan to help you achieve your goals. You'll be motivated and inspired to win with your money.

Revised and Updated In an age of great economic uncertainty when everyone is concerned about money and how they spend what they have, this new edition of the bestselling Your Money or Your Life is an essential read. With updated resources, an easy-to-use index, and anecdotes and examples particularly relevant today, it tells you how to: get out of debt and develop savings, reorder material priorities and live well for less, resolve inner conflicts between values and lifestyle, save the planet while saving money, and much more. In Your Money or Your Life, Vicki Robin shows readers how to gain control of their money and finally begin to make a life, rather than just make a living.

Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In The Psychology of Money, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.

A fully revised edition of one of the most influential books ever written on personal finance with more than a million copies sold “The best book on money. Period.” –Grant Sabatier, founder of “Millennial Money,” on CNBC Make It “This is a wonderful book. It can really change your life.” -Oprah For more than twenty-five years, Your Money or Your Life has been considered the go-to book for taking back your life by changing your relationship with money. Hundreds of thousands of people have followed this nine-step program, learning to live more deliberately and meaningfully with Vicki Robin's guidance. This fully revised and updated edition with a foreword by “the Frugal Guru” (New Yorker) Mr. Money Mustache is the ultimate makeover of this bestselling classic, ensuring that its time-tested wisdom applies to people of all ages and covers modern topics like investing in index funds, managing revenue streams like side hustles and freelancing, tracking your finances online, and having difficult conversations about money. Whether you're just beginning your financial life or heading towards retirement, this book will show you how to: • Get out of debt and develop savings • Save money through mindfulness and good habits, rather than strict budgeting • Declutter your life and live well for less • Invest your savings and begin creating wealth • Save the planet while saving money • ...and so much more! “The seminal guide to the new morality of personal money management.” -Los Angeles Times

The Power Playbook is the empowering guide to forging professional success, establishing financial independence, and finding balance for a truly satisfying life. The author of the #1 New York Times bestseller The Love Playbook, La La Anthony is again opening up her playbook to share her no-nonsense advice. With her unparalleled drive and enterprising attitude, La La knows what it takes to follow a dream, forge goals, and work relentlessly to achieve them. In The Power Playbook, she will share her tried-and-true advice for reaching new levels of success in whatever you set out to do. Big dreams require hard work, resilience, and an undying belief in yourself. Illustrated by personal stories of her own professional triumphs and challenges, La La reveals her secrets to finding success on your own terms.

Are you having a hard time paying your bills and saving your money? Do you want to get out of the Paycheck to Paycheck cycle and have more money left in your account at the end of each month? Do you want to learn how to manage your money better? Ready to finally take control your finances but don't know where to begin? Then this book is for you. Many Americans today struggle with saving money and addressing increasing debt. Now more than ever, it is important for people of all ages to understand the importance of frugality and how their actions today will affect their futures. In this book, you will be introduced to a

wealth of tips, tricks, and strategies for better financial management, no matter your current age, financial situations, past, or future goals. In this simple personal budgeting book, you will learn how to make a realistic budget that actually works and you can stick to, to reach your financial goals faster and to take control of your finances. This book is different in that, instead of just throwing you some tips, you will begin at a starting point that many people try to skip. And that is, to assess Where you are Right now. The road to wealth is paved with goals, without financial goals, you have no direction, so it's easy to spend money on things you'll regret later. But if you're saving for a house, your son's college education, or a new car, your goal will keep you focused. Financial success is more about mastering the mental game of money than about understanding numbers. The math is simple: it's controlling your habits and emotions that's hard. In "How to Budget and Manage your Money", you'll discover: What budgeting is and its benefits to your financial success A step-by-step guide on how to make a realistic budget that actually works How to have better spending habits & learn personal budget planning How to budget for groceries and many ways to save money How to pay off Debt fast and manage your money better How to budget for retirement whether you've started saving in your 20s or have yet to start in middle age. And much, much more! You will also get a Free bonus gift of special PDF report, "The Best Side Hustles You can Do Anywhere at Any Time" to make extra money to help you grow your wealth. This is a financial planning book for beginners. You will learn how to make a budget that works for beginners. But it's for anyone who struggles with saving money and managing money. It is easy to understand and follow. As the saying goes, you get what you put into it, and your new life of stability and overall peace and happiness is waiting for you to get started. There is no magic wand to transport you to a land of milk and honey, but with a little effort, patience, and consistency, you can realize your goals on a timeline that works for you. Don't continue stressing over your finances as you work and work and feel like you're getting nowhere. That is a reality that too many people today are stuck in, but this doesn't have to be you. So... Scroll up to the top and hit that BUY BUTTON to kick debt to the curb, save for the future, and pursue your financial

When you have attention-deficit disorder (ADD), you don't spend money like most other people. Past-due bills and impulsive spending can throw your finances into turmoil, and because these financial pitfalls are directly related to your ADD symptoms, they can seem impossible to overcome. The good news is that it is possible to get ADD-related financial disorganization under control and begin to enjoy a more stable relationship to your money. ADD and Your Money will show you how. This friendly guide, written with your ADD in mind, includes information on everything you need to know about managing your finances and staying in control. With this book as your guide, you will learn to:

- Keep track of your bills
- Create a budget that works
- Get debt under control
- Find ADD-friendly bank services
- Plan around your splurges
- Make time-management a priority

If you're ready to start focusing on your future financial success, this book can help you start making lasting changes today.

Do you have big dreams and plans but lack the resources to pursue them? Do you find yourself saying "If only I had the money..."? Are you too embarrassed to ask others for help? This Playbook (so called, because hopefully it won't feel like work) is designed to be read in tandem with Money & Mindfulness: Living in Abundance by Lisa Messenger - an insightful, authentic account of her own money journey and how this serial entrepreneur learned to embrace it for freedom, choice and a platform for good. With exercises, tasks, prompts and plenty of room to unleash your wildest money dreams and ideas, this playbook should be a spring board to help you appreciate your true value, remove blockages, correct wrong mindsets and explore how you can find money the impossible. It will help you crystallise your dreams, map out a life where money is no object, step out of your comfort zone with purpose and help you adopt fresh thinking and creative ideas so you can start living as you want to... in abundance. It's not rude to talk about money any longer, but essential to be open, honest and raw with yourself to live the life you want. Whether you're an entrepreneur, a creative, a parent, a friend, or all of the above, this playbook is a canvas to help you to design a life you love.

As you might have guessed from the title, this isn't your mama's money book. Does it feel like you work really hard and should have more money than you do? Do you feel like you're frugal, but at the same time money seems to slip through your fingers? Have you thought more than once you should get on a budget, but then decide you'll just commit to spending less only to have that plan not work either? Do you feel like you must be missing something other people know when it comes to handling money? This is the book for you! This smart engaging, unique book goes beyond the cookie-cutter "how to" of personal money management and leads you through the process of defining your idea of success with money and creating your own money strategy. This gives you a personalized playbook for your financial decisions. Going beyond how to manage your money, this book teaches you how your money beliefs are impacting your current financial reality and how to change that.

Are you tired of watching your bank account drain and credit card balances rise? ...All while wondering where the heck your money is going? You see, living without money worries isn't a fantasy... but if you know the feeling of staring at tens of thousands of dollars' worth of debt - it sure feels like it. The fact is, the average American now has \$38,000 worth of debt... So if breaking from the shackles of debt seems overwhelming, don't worry - it needn't be. The good news is, the path to financial freedom is 20% knowledge, 80% behavior... In fact, you only need to follow a few key principles to turn your financial life around. Here's just a fraction of what you'll learn inside: How to master budgeting without limiting your lifestyle (no, it's not just skipping coffees every day) The guilt free way to spend (yes, spend) money Why the popular envelope method doesn't actually work. And what to do instead. 5 simple hacks for increasing your credit score (even if it's in the 400s right now) How one couple paid off \$78,000 in less than 2 years? And how you can replicate their methods. What the millionaire next door types know, that you don't A house is the best investment, right? Think again after reading this. 7 dangerous money myths which have been masquerading as truths for far too long Investing for absolute beginners - why the stock market, mutual funds or Roth IRAs are not terms you should fear 3 overlooked ways to turn every credit card you have from an expense into a goldmine The #1 type of investment to avoid as a new investor The win-win strategy for ensuring your employer invests in your future But that's not all, you'll also discover how to make your first \$1,000 a month online. Even if you have no experience, or are a complete technophobe. Including: The real "secret" to making money online. This is the opposite to what every "guru" has been telling you. How one desperate housewife made \$1,500 profit her first month, with just a small investment of \$200 (and less than 10 hours of work). The

unique business model you can use to make \$500 a week from your smartphone. The 4 best ecommerce niches for 2019 (you won't find these on any mainstream websites, and sellers in them are quietly making a killing) How to leverage one of the fastest growing markets on the planet by writing about your favorite subjects. This is one of the most fun and profitable ways to make money online right now An "unsexy" yet reliable way to generate \$1,000 in the next week. All it takes is a few emails sent to the right people and 2 hours of computer work and you're good to go. The little known business model (only taught in a \$2,500 program) which is making people 4 and 5 figures a month with less than 60 minutes work a week How to make your first \$1,000, with zero investment, even if you don't have a college degree (or barely finished high school). This method is so simple, we've yet to see anyone fail with it. This isn't one of those "frugal living" books which tells you to live off rice and beans while never leaving the house for 10 years. So if you want to break the chains of financial slavery... scroll up and click "add to cart"

Examines how cost is determined in goods, what happens to money once it is used to buy something, and the basics of credit.

Many financial books that are available today can be overwhelming by being too technical in nature. Your Financial Playbook is an easy to read guide to navigating the complex world of personal finance. This book looks at all aspects of personal finance including investing, debt elimination, credit management, money saving tips, retirement planning, and teaching your kids about money. Your Financial Playbook uses practical real life examples to explain the importance of making the right financial decisions. You will get a great deal of information that will help you get your financial house in order and develop a plan for long term wealth building. This book will show you: The 10 things to look for when buying a stock How to start investing with just \$50 25 tips for saving money How to teach your kids about managing money The best ways to maximize your savings dollars How to pick an investment (Active investing vs. passive investing) The biggest money traps that are robbing you of your money Strategies for managing and rebuilding your credit The differences between a Roth IRA and a traditional IRA This book will benefit both the finance newbie and the seasoned investor. By applying these principles to your everyday life, you will be on the fast track to financial success!

No quarterback would go into a championship game without studying his playbook, assessing his strengths and weaknesses and making sure he and his team are on the same page. Similarly, no man should jump into the money game unprepared, but far too many do. And because of misguided and outdated gender roles, by the time men acknowledge needing help, the game is unfortunately just seconds away from being over. . . And they are not in the lead. Fortunately, when a quarterback sees that a play isn't going to work, he can call an audible and change the plan midway through. Like football, Real Money Answers for Men is your financial audible. It's a practical, no fluff guide designed to awaken a shift in how you make, manage and relate to money so that you can actually win the money game and leave a legacy you can be proud of.

From the founder and superstar CEO of DailyWorth.com, the go-to financial site for women with more than one million subscribers, comes a fresh book that shows women how to view money as a source of personal power and freedom—and live life on their own terms. Millions of women want to create financial stability and abundance in their lives, but they don't know how. They are stuck in overwhelming confusion and guilt, driven by internalized "money stories" that have nothing to do with what is really possible. As the founder of DailyWorth.com, a financial media and education platform, Amanda Steinberg encounters these smart, ambitious women every day. With this book, she helps them face their financial situations head on and wake up to the prosperity that awaits them. Worth It outlines the essential financial information women need—and everything the institutions and advisors don't spell out. Steinberg gets to the bottom of why women are stressed and anxious when it comes to their finances and teaches them to stay away from strict budgeting and other harsh austerity practices. Instead, she makes money relatable, while sharing strategies she uses herself to build confidence and ease in her own financial life. Through her first-hand experiences and the stories from other women who've woken up, Steinberg's powerful and encouraging advice can help women of any age and income view money as a source of freedom and independence—and create bright financial futures.

From money recognition to real estate investing, Andrea and Linsey, help parents and educators introduce kids to a variety of money topics in a fun, understandable, and engaging manner. Use the 110+ games/activities, tips, and resources to teach kids financial literacy at an early age.

Play Money explores a remarkable new phenomenon that's just beginning to enter public consciousness: MMORPGs, or Massively MultiPlayer Online Role-Playing Games, in which hundreds of thousands of players operate fantasy characters in virtual environments the size of continents. With city-sized populations of nearly full-time players, these games generate their own cultures, governments, and social systems and, inevitably, their own economies, which spill over into the real world. The desire for virtual goods -- magic swords, enchanted breastplates, and special, hard-to-get elixirs -- has spawned a cottage industry of "virtual loot farmers": People who play the games just to obtain fantasy goods that they can sell in the real world. The best loot farmers can make between six figures a year and six figures a month. Play Money is an extended walk on the weird side: a vivid snapshot of a subculture whose denizens were once the stuff of mere sociological spectacle but now -- with computer gaming poised to eclipse all other entertainments in dollar volume, and with the lines between play and work, virtual and real increasingly blurred -- look more and more like the future.

Shares strategies for accumulating real-world wealth while staying independently employed, distilling lessons from a variety of sources effectively used by the authors during the recent financial crisis.

How to build a financial plan that really blends into your life The latest volume in the bestselling Ultimate series, Jim Stovall and Tim Maurer's The Ultimate Financial Plan: Balancing Your Money and Life is a one-stop, comprehensive, personal financial planning book exploring the intersection of money and life. The Ultimate Financial Plan examines the connection between actions, thoughts, and feelings when it comes to all things financial. The key to getting the most out of your wealth, the authors argue, is certainly found in the wise utilization of tools, like budgets, bank accounts, 401(k)s, IRAs, Roth IRAs, education savings plans, and real estate, as well as home, auto, business, health, disability, and long term care insurance, but even more so in the contentment found in balancing money's influence in our lives with personal values and goals. An insider's look into the recently humbled "Big 3"—the banks, brokerage firms, and insurance companies—and the inner

workings that often set their proprietary goals and objectives above all A critical examination of the role of various financial sales people, advisors, planners, and consultants A guide to navigating Economic Bias—a conflict of interest involving money—and how it affects every financial decision we make The Ultimate Financial Plan is the application of the resources at your disposal for the purpose of living your life to the fullest, and this book will show you the quickest route to getting started on the path to ultimate success.

Personal money management advice that make sense In *The True Cost of Happiness*, financial journalist Stacey Tisdale and expert financial planner Paula Boyer Kennedy combine their extensive financial experience with a powerful series of interviews and real-world stories to help you make personal money management decisions that make more sense. They begin by discussing how the factors that drive our financial choices and behavior not only run deep, but also represent the way we define ourselves. From there, they reveal how this truth will determine if you can create the kind of financial harmony that not only supports the life you want, but also makes an honest statement of who you really are. The questions they pose are challenging, but essential, because if your financial choices and behavior are not aligned with your true values, you'll always feel like "something" is missing. And it is this disconnect that is at the root of most anxiety and unhappiness over money. Reveals how the first lessons we learn about money as children play out in our adult behavior Discusses how the messages that society sends us about the ways in which we should behave with money affect our financial choices Explores factors that can blind us to our true values, and prevent us from making the best decisions possible on issues such as debt, saving, and investing Illustrates how to create a financial plan that supports a truly happy life Filled with in-depth insights and practical advice, *The True Cost of Happiness* will put you in a better position to enjoy a life that doesn't compromise who you are.

Guides readers with practical advice for getting -- and keeping -- their finances in order, covering all the money-management bases, from saving and spending to getting out of debt to investing, and planning for retirement.

Max and his friends use their coins for the things they like, such as gumballs and magic tricks.

Learn how to live the life you want, not just the life you can afford! Managing your money is like going to the dentist or standing in line at the DMV. Nobody wants to do it, but at some point, it's inevitable: you need to clean your teeth, renew your license, and manage your personal finances like a grown-up. Whether you're struggling to pay off student loan debt, ready to stop living paycheck to paycheck, or have finally accepted that your Beanie Baby collection will never pay off, tackling your finances may seem immensely intimidating. But it doesn't have to be. By approaching personal finance as a game--something that requires you to set clear goals, as well as face challenges you must "beat"--personal finance can not only be easy to understand, but it can also be fun! In *Get Money*, personal finance expert Kristin Wong shows you the exact steps to getting more money in your pocket without letting it rule your life. Through a series of challenges designed to boost your personal finance I.Q., interviews with other leading financial experts, and exercises tailored to help you achieve even your biggest goals, you'll learn valuable skills such as: Building a budget that (gasp) actually works Super-charging a debt payoff plan How to strategically hack your credit score Negotiating like a shark (or at least a piranha) Side-hustling to speed up your money goals Starting a lazy investment portfolio...and many more! Simply put, with this gamified guide to personal finance, you'll no longer stress about understanding how your finances work--you'll finally "get" money.

Discusses the human factor in big business and offers behavioral studies of the professionals and amateurs of Wall Street

"As so many Americans feel powerless to confront a financial system designed to serve the few, Shuman offers us real choices: tools that align our lives with our values. That's power. I love this highly readable, timely, surprising book." —Frances Moore Lappé, author of *Daring Democracy* and *Diet for a Small Planet* Americans agree on very little these days, but red state conservatives and blue state progressives can agree on one critical point: Wall Street can no longer be trusted. Yet most of us continue to invest our money in the stocks and bonds of Fortune 500 companies, transferring our capital far from where we live and work. Local investing expert Michael Shuman offers another alternative. He shows how we can use two well-established—but rarely used—investment tools to keep our money close and get a return as good as or better than what we'd get investing in distant, indifferent corporations. Shuman explains the nuts and bolts of self-directed IRAs and solo 401(k)s and how they can be combined with other recently legalized local investing tools. He details how to set these accounts up, identify and evaluate a whole range of local investment opportunities, and make sure account holders stay on the right side of the law. While the book is written for people without a lot of investment experience—Shuman explains concepts like "liquidity" and "diversification" in simple terms—even if you're as experienced as Warren Buffett, this book will make you rethink everything you know about investing. With Shuman's expert advice, you can strengthen your investment portfolio and your community, neighborhoods, and schools at the same time!

An advisor to many of today's most successful wealth creators explains how to align your values with your wealth, including the ways in which it is earned, managed, and spent, to maximize both wealth and personal fulfillment. • Answers the call from the new crop of millionaires who are concerned not only with financial wealth but also with having a personally meaningful life • Speaks directly to the needs of a new breed of wealth creators in one integrated volume • Addresses the unique challenges that come with rapidly building assets from the dual perspectives of practical financial management and personal fulfillment • Provides the services of a life coach to wealthy readers, allowing them to reap some of the same benefits as the author's many successful and happy clients

For the first time, financial guru and TODAY Show regular Jean Chatzky brings her expertise to a young audience. Chatzky provides her unique, savvy perspective on money with advice and insight on managing finances, even on a small scale. This book will reach kids before bad spending habits can get out of control. With answers and ideas from real kids, this grounded approach to spending and saving will be a welcome change for kids who are inundated by a consumer driven culture. This book talks about money through the ages, how money is actually made and spent, and the best ways for tweens to earn and save money.

Short, thick-bodied, mulishly stubborn, and indifferent to pain, Dashiell Hammett's *Continental Op* was the prototype for generations of tough-guy detectives. In these stories the Op unravels a murder with too many clues, looks for a girl with eyes the color of shadows on polished silver, and tangles with a crooked-eared gunman called the Whosis Kid.

Tony Robbins turns to the topic that vexes us all: How to secure financial freedom for ourselves and for our families. "If there were a Pulitzer Prize for investment books, this one would win, hands down" (*Forbes*). Tony Robbins is one of the most revered writers and thinkers of our time. People from all over the world—from the disadvantaged to the well-heeled, from twenty-somethings to retirees—credit him for giving them the inspiration and the tools for transforming their lives. From diet and fitness, to business and leadership, to relationships and self-respect, Tony Robbins's books have changed people in profound and lasting ways. Now, for the first time, he has assembled an invaluable "distillation of just about every good personal finance idea of the last forty years" (*The New York Times*). Based on extensive research and interviews with some of the most legendary investors at work today (John Bogle, Warren Buffett, Paul Tudor Jones, Ray Dalio, Carl Icahn, and many others), Tony Robbins has created a 7-step blueprint for securing financial freedom. With advice about taking control of your financial decisions, to setting up a savings and investing plan, to destroying myths about what it takes to save and invest, to setting up a "lifetime income plan," the book brims with advice and practices for making the financial game not only winnable—but providing financial freedom for the rest of your life. "Put MONEY on your short list of new books to read...It's that good" (*Marketwatch.com*).

Addresses personal finance issues that are of relevance to today's world of high debt and disproportionate lifestyles, addressing such topics as credit cards, student loans, credit scores, insurance, and mortgages.

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

Turning smart girls golden; the women's guide to personal finance Rebranding finance with a feminine spin, *It's Your Money, Honey* is designed to encourage women of all ages to take a greater interest—and play a greater role—in the financial issues that affect their everyday lives and financial futures. Conversational, irreverent, and intelligent, this guide to wealth creation, wealth management, and financial protection as it relates to women and their families provides exactly the kind of advice that smart women today need to know in order to take charge of their finances. Organized by decade and the events—from childrearing to retirement—that need to be planned for, presently enjoyed, or recovered from, *It's Your Money, Honey* is packed with expert information in the no-nonsense style of a girlfriend who knows her stuff. Finances aren't that hard, you just have to deal with them yourself. Finally, a book that understands that every woman needs to make time for a personal finance education. Highly accessible, the book is designed to be read whenever you find yourself with a spare second, providing important information in bite-sized chunks. Helps women prepare for major life events with the help of real life stories, helpful checklists, and easy-to-apply Golden Rules. Born out of the notion that too many smart women let their financial situations be ignored, swept under the rug, or dictated by others, *It's Your Money, Honey* is everything you need to know about money but were too busy to ask.

Take command today! 10% of all net revenue is donated directly to World Vision - feeding the needy around the globe.

"Oral history from players and coaches detailing the NFL from the late 1930s through the 1970s"--

Know thyself One of the biggest and most glaring pitfalls new investors face is not knowing their own money mentality, especially when it comes to risk. They don't have enough experience to know their comfort level, and so they make mistakes like buying aggressively at the top, selling in desperation at the bottom, and—the cardinal sin—leveraging funds that should be set aside for long-term peace of mind. Things don't have to play out this way. Investors can do better. One of the biggest steps in the right direction is taking time to make an honest assessment of your risk tolerance. Chances are, it's a more complicated issue than it seems on the face of things. In *Your Money Mentality*, Ted Oakley explores common investor profiles, types of risk, considerations in your self-assessment, and what steps you can take to ensure the guidance you're receiving matches your priorities. Risk tolerance is at the heart of most money decisions, and learning to know yourself will make you a better investor and a better partner for the people you trust to give you financial guidance.
